Honorable Mayor and City Council  
City of Garden Grove, California

Transmitted through the City Manager

Honorable Mayor and Council:

The Finance Department is pleased to present the Comprehensive Annual Financial Report (CAFR) of the City of Garden Grove, California, (the "City"), for the fiscal year ended June 30, 2015. Responsibility for both the accuracy of the presented data, and the completeness and fairness of the presentation, including all disclosures, rests with the City. To accomplish this, City Management designed and established internal controls which provide reasonable, but not absolute, assurance as to the effectiveness and efficiency of its operations, reliability of its financial reporting, and its compliance with applicable laws and regulations. Cost benefit considerations are weighed in meeting reasonable assurance objectives.

We believe the data, as presented, is accurate in all material respects and is presented in a manner which fairly represents the financial position, and changes in financial position of the City as measured by the financial activity of its governmental activities, business type activities, each major fund, the remaining aggregate fund information, and the Private Purpose Trust Fund. We also believe that all disclosures necessary to enable the reader to fully understand the City's financial activities have been presented. The financial statements are prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America as promulgated by the Governmental Accounting Standards Board (GASB) and include the unqualified opinion of Macias Gini & O'Connell LLP, independent auditors for the City of Garden Grove. The Independent Auditor's Report is presented as the first component of the financial section of this report.

The City of Garden Grove's independent audit is an element of a more comprehensive, federally mandated "Single Audit", which has been established to meet the specific needs and requirements of federal grantor agencies. Governmental Auditing Standards require the independent auditor to report on the audited government's internal controls over financial reporting and

compliance with legal requirements in addition to compliance with federal grant awards. Reporting these requirements, as well as the fair presentation of the financial statements, are duties required of the independent auditor. The Single Audit report is available, as a separately issued report, upon request to the City Clerk's Office.

GAAP requires a narrative introduction, overview, and analysis to accompany basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City of Garden Grove's MD&A can be found immediately following the report of the independent auditors.

### **Profile of the City of Garden Grove**

The City of Garden Grove is located in central Orange County approximately twenty-five miles southeast of downtown Los Angeles with a population of approximately 175,000. It is the fifth largest city in Orange County and the twenty-fifth largest in the State of California. Despite the City's comparatively large size, it is a relatively young community, incorporated on June 18, 1956. During the late 1950's and the 1960's, Garden Grove experienced rapid growth as a significant segment of the population and suburban development moved from Los Angeles County to Orange County. In the 1970's the initial construction boom was completed and redevelopment was actively pursued with efforts continuing through the 1980's and 1990's, and into the 2000's. There has been significant benefit from quality construction projects and an improved economic base as a result of these activities.

The City spans an area of 17.8 square miles and is a general law city in the State of California. It has the Council-Manager form of government, with the Mayor elected at large for a two-year term, and four council members elected at large for four-year staggered terms. The City Council engages the City Manager and City Attorney. The City Manager has the responsibility for hiring the department heads and for administering the City's programs in accordance with the policies adopted by the Council.

Garden Grove is a full service city. The services provided by the City include police, fire, paramedic, street maintenance, park maintenance, water, sewer, refuse, recreation, traffic/transportation, public improvements, planning, zoning, and general administrative services. Also included in the City's overall operations are the Garden Grove Housing Authority, the Garden Grove Sanitary District, and the Garden Grove Public Financing Authority. Additional information is available on these blended component units in note A.1.a - d, in the notes to basic financial statements.

A key element of the City's financial management process is the development and approval of the annual budget. Section 2.08.150 of the Garden Grove Municipal Code requires the City Manager to prepare and submit the proposed annual budget and salary plan to the City Council for approval. The City Council conducts various public budget review sessions, as necessary, and adopts the budget at a noticed public hearing. The adopted budget is prepared pursuant to generally accepted accounting procedures (GAAP) and is balanced by fund. The City Council adopts a fund level budget annually. The City Council thus controls appropriations at the fund level. The City Manager is authorized to transfer appropriations within a fund between the various programs and/or departments. Budgetary control is maintained by a monthly financial reporting system. Unspent appropriations lapse at year-end unless specifically approved for carry-over to the subsequent year by resolution of the City Council.

### **Local Economy and Economic Outlook**

Orange County's economy made significant headway this year in terms of economic growth, job creation, and lower unemployment rate. Along with job growth and higher incomes, improvements in the housing market all point to stronger consumer spending in 2015 and 2016. Due to increasing numbers of international visitors and tourists, as well as higher consumer confidence, sales tax revenue is expected to increase. In addition, both occupancy rates and average daily room rates have surpassed pre-recession rates and continue to improve. Local commercial real estate has also improved and vacancy rates are expected to decline. The residential real estate market continues to improve, but it will be some time before it can be considered fully recovered. The median home price has increased and the number of permits issued for new home construction is expected to increase due to stronger economic growth.

However, as revenues are expected to increase, so are expenses. Hence, the continuing structural budget deficit (gap between ongoing revenues and expenditures) challenges for the City. The City remains committed to addressing this structural deficit. The recent opening of Walmart in July 2014, the anticipated opening of the Great Wolf Lodge Water Park Hotel in February 2016, as well as the construction of Brookhurst Triangle residential mixed-use project in December 2015, will provide much needed additional revenue to the City. Furthermore, the City has approached the dissolution of the Redevelopment Agency as an opportunity to reinvent economic development in Garden Grove. The City will be implementing a new Economic Development Strategic Plan designed to increase the City's tax base, increase revenue sources, create and retain jobs within the City, and build local and regional mutually beneficial economic relationships. The continual pursuit of economic development in the City will help to ensure the City's current and future financial health.

The Honorable Mayor and Council  
Transmittal Letter Fiscal-Year 2014-2015 CAFR  
December 22, 2015

Garden Grove, much like other Orange County, California cities, continues to actively manage its budget and finances in the face of the slow and uncertain economic recovery. The City Council adopted the third and final year of the Three-Year Fiscal Plan, which was put in place starting fiscal year 2012-13 to help the city weather the impacts of the tepid economic recovery. The plan contemplates annual budgets that are balanced as legally required and includes all critical front-line services to the public. The plan also utilizes cost reduction initiatives, economic development and revenue generating priorities, and the use of reserves to close budget shortfalls over the short term. The City will continue to closely monitor its revenues and expenditures in order to make appropriate adjustments to maintain the City's financial health.

### **Long-Term Financial Planning**

For Financial Planning purposes, the City maintains a comprehensive citywide Five-Year Financial Forecast and Plan, and a focused General Fund Three-Year Budget Plan.

#### *Five-Year Operating Plan*

In accordance with the provisions of the City of Garden Grove Municipal Code, a five-year forecast covering operating revenue and expenditures, labor usage, sources and uses of funds is prepared annually based on national and local economic assumptions.

#### *Five-Year Capital Plan*

The City of Garden Grove is responsible for the planning and operation of capital improvements that lie within the public right-of-way. These improvements include streets, traffic signals and control devices, storm drains, streetlights, parks, sewer, and water systems. In addition, the City must develop and maintain its own buildings and infrastructure. The five-year capital plan outlines the city's capital improvement requirements along with projected funding sources. The plan is updated annually.

#### *Five-Year Financial Plan*

The City has successfully utilized the Three-Year Budget Plan to maintain a balanced budget and weather the impacts of the 2008 economic recession. As the Three-Year Budget Plan comes to an end in fiscal year 2014-15, a new effort is underway to develop a comprehensive and realistic five-year forecast/budget plan for the City, covering fiscal years 2015-16 through 2019-20. The plan will set forth a framework for Council and staff to examine the City's fiscal outlook, outline budget priorities, forecast expenditures and revenues, and assist in the development of annual strategies to address the City's structural deficit.

## Major Initiatives

(1) Employee Development

The City continues to invest in developing its managers and staff by providing employee training and development opportunities that enhance employee skills, knowledge, and organizational effectiveness. These programs include: Supervisory and Leadership workshops; ethics, writing, public speaking, and computer trainings; as well as a variety of job specific trainings and educational seminars. These training programs have allowed the City to foster an environment in which it provides efficient, quality services, and improved performance while maintaining a smaller staff.

(2) Preparing Today for a Better Future

The City continues its efforts to improve the quality of life of its citizens via capital improvements, economic development, societal assistance, and cultural programs.

The City continued the implementation of the Water Master Plan as evidenced by the completion of the Water Improvement Project from West Street and Daniel Avenue, West Garden Grove Booster Pump Station, and the replacement of Well Pump 29 Engine at Haster Street. Further improvements were performed via the Citywide Water Services Replacement Project Phase I which replaced 377 old and outdated water service lines and meters.

Additional sewer main improvements construction work consistent with the Sewer System Management Plan were completed during the fiscal year including the Sewer Improvement Project from Joyzelle Drive and Hill Road, Cerritos Avenue from Brookhurst Street to Gilbert Street. The construction of the Tiffany Belgrave Lift Station Replacement Project was also completed. Further improvements were performed via the manhole inspection program, and continued replacement of sewer main defects throughout the city.

Various arterial rehabilitation projects, funded through federal grants and local revenues, were completed during the fiscal year. They include the following segments: Harbor Boulevard Landscaping Improvements from Palm Steet to Twintree Lane, Brookhurst Street Reconstruction Project from Chapman Avenue to Katella Avenue, and the Three Arterial Street Rehabilitation Project along the following street segments: Chapman Avenue, from Euclid Street to Nelson Street, Garden Grove Boulevard, from Gilbert Street to Magnolia Street, and Westminster Avenue, from Brookhurst Street to Bowen Street.

The construction of The Great Wolf Lodge of Southern California is now well underway and projected to be completed in February 2016. This development project consists of a 600-room hotel with a 100,000 square foot indoor water park and a 20,000 square foot conference center. The project is estimated to generate new jobs and about \$8 million of annual revenue for the City. In addition, the Brookhurst Triangle development project is planned to consist of about 700 residential units with up to 200,000 square feet of retail/dining/entertainment uses. The developer has started construction on phase one, comprised of a 200-unit apartment and ancillary clubhouse with swimming pool, in December 2015.

## **Financial Policies**

The City maintains financial policies over various programs and activities:

### *Enterprise Fund Business Principles*

The City of Garden Grove maintains a set of business principles and policies for managing its enterprise fund operations. They include the following: (1) to break even and operate efficiently; and (2) to maintain two months cash flow as well as \$500,000 in reserves for contingencies. Additionally, replacement sinking funds should approach 5% of system value, and system and facilities are maintained up to industry standards by adequately funding new Capital Improvement Programs.

### *Investment Policy*

The City of Garden Grove maintains an investment policy that is updated annually and reviewed and approved by the City Council. The City's investment objectives as outlined in the policy are in the following order: safety of principal, liquidity, and yield. To meet these objectives, the City of Garden Grove attempts to obtain the highest yield on its investments consistent with the preservation of principal and liquidity. The yield benchmark for the City is the 6-month Treasury Bill as listed in the Money Rates section of the Wall Street Journal.

### *Purchasing Policy*

The City's centralized purchasing policy is to procure needed supplies, services, and equipment at the correct quality, within the required time, and at the best price for the City of Garden Grove in a manner consistent with legal requirements, good business practice, and proper fiscal control. The goal is to serve the public with integrity while maximizing the value for the tax dollar.

## **Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Garden Grove for its Comprehensive Annual Financial Report for the fiscal year ended June 30, 2014. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

## **Acknowledgments**

Preparation of the City's Comprehensive Annual Financial Report, in a timely manner, is an undertaking that requires the dedicated efforts of many of the staff in the Finance Department and other City departments. I would like to express my appreciation to all City and Finance department staff who assisted in, and contributed to, its preparation. I particularly would like to commend the Finance Department - Accounting Division team that led this effort. Finally, I would also like to thank the Mayor, the City Council, Board members, the City Manager, and the Central Management team of the City for their continued interest and support in planning and conducting the financial operations of the City in a professional and progressive manner.

## Independent Auditor's Report

To the City Council  
City of Garden Grove, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Garden Grove, California (the City), as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Opinions*

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Emphasis of Matter***

As discussed in Notes 10, 15 and 18 to the basic financial statements, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions – an Amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an Amendment of GASB Statement No. 68*, effective July 1, 2014. Our opinions are not modified with respect to this matter.

***Other Matters***

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management’s discussion and analysis, pension schedule of changes in net pension liability and related ratios during the measurement period, pension schedule of plan contributions, other post-employment benefits schedules of funding progress and budgetary comparison information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements. The accompanying introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the budgetary comparison schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the budgetary comparison schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2015, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Garden Grove (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

### FINANCIAL HIGHLIGHTS

The assets and deferred outflow of resources of the City, including all component units, exceeded its liabilities and deferred inflow of resources at June 30, 2015, by \$718.4 million (net position). Of the \$718.4 million of net position, \$754.7 million represents net investment in capital assets and \$17.8 million is restricted for specific purposes. The unrestricted negative balance of \$(54.1) million are resource requirements over the long term to meet city's obligations including unfunded position liabilities.

### OVERVIEW OF THE FINANCIAL STATEMENTS

These discussions and analyses are intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of four components: 1) government-wide financial statements, 2) fund financial statements, 3) trust fund financial statements, and 4) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* presents information on all of the City's assets, deferred outflow of resources, liabilities, and deferred inflow of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The focus of the *Statement of Activities* is to present the City's major program costs and their corresponding major resources. To the extent a program's cost is not recovered by grants and/or direct charges, it is paid from general taxes and other resources. This statement summarizes and simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include Fire, Police, Traffic Safety, Public Right of Way, Drainage, Community Buildings, Community Services, Economic Development, Parks and Greenbelts, Community Planning and Development, and Municipal Support. The business-type activities of the City include Water Utility, Sewage Collection, Solid Waste Disposal, and Housing Authority operations.

The government-wide financial statements can be found immediately following this discussion and analysis on pages 11-13 of this report.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to the government-wide financial statements to facilitate the comparison between governmental funds and governmental activities.

The City maintains various individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the general fund and the HOME grant special revenue fund, both of which are considered to be major funds. Data from the other fifteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

Generally, the City adopts an annual appropriated budget for all of its funds. Budgetary comparison statements have been provided for the general fund and HOME grant special revenue fund as required supplementary information, and for all other governmental funds in other supplementary information, to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 14-17 of this report.

**Proprietary funds.** The City maintains four different types of proprietary (enterprise) funds. These enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its Water Utility, Sewage Collection, Solid Waste Disposal, and Housing Authority operations. All are considered to be major funds of the City.

The City also uses internal service funds to account for its Workers' Compensation, Fleet Management, Employee Benefits, Information Systems, Warehouse Operations, Telephone System, and Risk Management. All of the internal service funds provide services that predominantly benefit governmental rather than business-type functions. Therefore, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 18-25 of this report.

**Fiduciary funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The City maintains one type of fiduciary fund; a private-purpose trust fund to account for the Successor Agency activities. The City elected to become the Successor Agency to the Garden Grove Agency for Community Development (Successor Agency). The fund is used to report resources held in trust until they are distributed to other units of the state and local government or used to pay enforceable obligations in existence at the date of dissolution of the Garden Grove Redevelopment Agency (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments). The Successor Agency will cease to exist when all enforceable obligations of the prior Redevelopment Agency have been paid in full and all assets have been liquidated.

The fiduciary fund financial statements can be found on pages 26-27 of this report.

**Notes to basic financial statements.** The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to basic financial statements can be found on pages 29-72 of this report.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents required supplementary information concerning the City's progress in funding its obligation to provide pension and OPEB benefits to its employees. Required supplementary information can be found on pages 73-79 of this report.

The combining statements referred to earlier, in connection with nonmajor governmental funds and internal service funds, are presented immediately following the budgetary comparison reports. Combining and individual fund statements and schedules can be found on pages 82-111 of this report.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Garden Grove, assets and deferred outflow of resources exceeded liabilities and deferred inflow of resources by \$718.4 million at the close of the current fiscal year.

### City of Garden Grove, Net Position (in millions)

	Governmental activities		Business-type activities		Total	
	2015	2014	2015	2014	2015	2014
Current and other assets	\$ 184.7	\$ 190.0	\$ 55.3	\$ 55.7	\$ 240.0	\$ 245.7

At the end of the current fiscal year, the City of Garden Grove is able to report positive total net position balance for the government as a whole. The largest portion of the City's net position is the net investment in capital assets (e.g. land, street, water, sewer and storm drain systems, buildings and park assets, machinery, and equipment), less any related debt, still outstanding, used to acquire those assets. The City uses these capital assets to provide services to citizens. Consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the City's net position, \$17.8 million, represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position, if any, are resources that may be used to meet the government's ongoing obligations to citizens and creditors. For FY 14-15, the City has a negative unrestricted net position of \$54.1 million.

\* The City of Garden Grove implemented GASB 68, Accounting and Financial Reporting for Pensions - An Amendment of GASB 27 for the year ended June 30, 2015.

**Governmental activities.** The City's governmental activities net position decreased by \$207.2 million from the prior fiscal year to an ending balance of \$576.8 million. The decrease is largely due to implementing GASB 68 which required retroactive recognition of the City's employee pension liability on the City's financial statements.

**Business-type activities.** Business-type activities excess of revenues over expenditures in the current fiscal year is \$7.8 million, which is \$6.7 million lower than the prior fiscal year increase of \$14.5 million. The reported operating expenses increased by \$4.5 million primarily due to auditor recommended adjustments to the water utility fund. Adjustments were comprised of increased recognition of depreciation expense and a reclassification of previously capitalized expenditures to operating expenses.

#### FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of the City’s governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City’s financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government’s net resources available for discretionary use. The City’s governmental funds can be found on pages 14 and 16.

At the end of the current fiscal year, the City’s governmental funds reported combined fund balances of \$50.6 million, a decrease of \$1.7 million in comparison with the prior year. Non-spendable fund balance is \$13.4 million (26.5%), restricted fund balance is \$18.3 million (36.2%), and assigned fund balance is \$3.3 million (6.5%). The remainder of the fund balance of \$15.6 million (30.8%) represents unassigned governmental fund balance of the City.

- **General fund.** The general fund is the chief operating fund of the City. At the end of the fiscal year, the fund balance had a net increase of \$0.2 million resulting in a \$33.0 million ending fund balance. The general fund continues to experience a structural deficit with expenses exceeding revenue by about \$7.3 million.
- **Proprietary funds.** The City proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail (see pages 18-25).

**GENERAL FUND BUDGETARY HIGHLIGHTS**

**Original budget compared to final budget.** There was no significant budget amendment during the year (see page 76).

**Final budget compared to actual results.** The \$1.1 million net increase in actual revenues over estimated revenues was primarily a result of \$0.8 million increase in revenue from other agencies. The reimbursement from the state for the state mandated cost of SB90 accounted for \$0.8 million in revenue from other agencies.

The final budget appropriations were \$101.1 million and actual expenditures were \$98.1 million, resulting in cost savings of \$3.0 million due to concerted staff effort to contain costs.

**CAPITAL ASSET AND LONG-TERM DEBT**

**Capital assets.** The City’s investment in capital assets for its governmental and business-type activities as of June 30, 2015, amounts to \$816.4 million (net of accumulated depreciation). This investment in capital assets includes land, street, sewer, water and storm drain systems, buildings and structures, machinery and equipment, and construction in progress. The total decrease in capital assets for the current fiscal year was approximately \$0.7 million. The value of the City’s capital assets as of June 30, 2015 is as follows:

	Government activities		Business-type activities		Total	
	2015	2014	2015	2014	2015	2014
Land	\$ 419.8	\$ 419.8	\$ 2.6	\$ 2.6	\$ 422.4	\$ 422.4
Construction in progress	6.4	5.0	6.4	31.9	12.8	36.9
Depreciable Capital Assets	238.7	243.3	142.5	114.5	381.2	357.8
Total capital assets	<u>\$ 664.9</u>	<u>\$ 668.1</u>	<u>\$ 151.5</u>	<u>\$ 149.0</u>	<u>\$ 816.4</u>	<u>\$ 817.1</u>

Major capital asset improvements and additions during the current fiscal year included the following:

- Improvements to the City’s water utility system of \$22.9 million
- Improvements to the City’s sewer system of \$10.9 million

Additional information on the City’s capital assets can be found in the financial statements Note D.6 of this report.

**Long-term debt.** The City’s long-term debt was \$65.2 million at the end of the fiscal year. Debt decreased by \$3.9 million from the prior year as a result of principal reduction payments.

California statutes limit the amount of general obligation debt a governmental entity may issue to 3.75 percent of its total assessed valuation. The City's assessed valuation as of June 30, 2015 is \$10.9 billion. The current debt limitation for the City is \$364.1 billion. There are no outstanding general obligation bonds of the City for the fiscal year ended June 30, 2015.

Additional information on the City's long-term debt can be found in the financial statements Note D.7 of this report.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGET**

Orange County's economy made significant headway this year in terms of economic growth, job creation, and lower unemployment rate. Along with job growth and higher incomes, improvements in the housing market all point to stronger consumer spending in 2015 and 2016. Due to increasing numbers of international visitors and tourists, as well as higher consumer confidence, sales tax revenue is expected to increase. In addition, both occupancy rates and average daily room rates have surpassed pre-recession rates and continue to improve. Local commercial real estate has also improved and vacancy rates are expected to decline. The residential real estate market continues to improve, but it will be some time before it can be considered fully recovered. The median home price has increased and the number of permits issued for new home construction is expected to increase due to stronger economic growth.

Likewise, the City has seen some positive signs of recovery and growth. However, expenses are expected to increase and the continuing structural budget deficit remains for the City. The City remains committed to addressing this structural deficit. The City's transient occupancy tax revenue continues to be a significant source of revenue. The opening of Walmart in July 2014, the anticipated opening of the Great Wolf Lodge Water Park Hotel in February 2016, the construction of Brookhurst Triangle residential mixed-use project in December 2015, and other properties along Harbor Boulevard will provide much needed additional revenue to the City. Furthermore, the City will be implementing a new Economic Development Strategic Plan designed to expand the City's tax base, increase revenue sources, create and retain jobs within the City, and build local and regional relationships. The Strategic Plan will be especially important as the City adjusts to the anticipated increases in retirement contributions and the loss of OfficeMax, Inc. in FY 2014-15, which generated over \$1 million in annual sales tax revenue to the City. The continued pursuit of economic development in the City will help to ensure the City's current and future financial health.

The City remains cautiously optimistic for FY 2015-16. Revenues and expenditures will be closely monitored to maintain the City's financial health. The FY 2015-16 budget is balanced and includes a basic operating budget of \$105.2 million and capital budget of \$4.4 million. The basic operation budget was balanced using \$4.5 million in reserves and transfers.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the City of Garden Grove's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report, or requests for additional financial information, should be addressed to the City of Garden Grove, Office of the Finance Director, 11222 Acacia Parkway, Garden Grove, CA, 92840.

**CITY OF GARDEN GROVE**  
**RECONCILIATION OF BALANCE SHEET TO THE STATEMENT OF NET POSITION**  
**GOVERNMENTAL FUNDS**  
**JUNE 30, 2015**

---

**Amounts reported for governmental activities in the statement of net position are different because:**

Fund balances - total governmental funds (page 14)	\$ 50,577,905
Capital assets used in governmental activities are not current financial resources, and therefore are not reported in the governmental funds balance sheet.	657,834,056
Certain notes, grants, and accounts receivables are not available to pay for current period expenditures, and therefore are offset by deferred inflows of resources in the governmental funds.	23,805,126
Internal service funds are used by management to charge the costs of various city activities to individual governmental and business-like funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.	65,448,583
The issuance of long term debt (e.g. bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long term debt and related items.	(26,569,620)
The net pension liability is not due and payable in the current period and, therefore, is not reported in the balance sheet of the governmental funds. Also, deferred inflows and outflows of resources related to pension costs are deferred and amortized in the statement of activities. This amount is the net effect of the treatment of net pension liability, deferred outflows of resources from pension contributions and deferred inflows of resources for the net difference between projected and actual earnings on pension plan investments:	<u>(194,318,860)</u>
Net position of governmental activities	<u><u>\$ 576,777,190</u></u>

*The notes to basic financial statements are an integral part of this statement.*

**CITY OF GARDEN GROVE**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES**  
**IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

---

**Amounts reported for governmental activities in the statement of activities are different because:**

Net change in fund balances - total governmental funds (page 16)	\$ (1,653,476)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expenses exceeded capital outlays in the current period.	(4,639,841)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	1,294,362
Some revenues in statement of activities that do not provide current financial resources are not reported as revenues in the funds.	261,996
Internal service funds are used by management to charge the costs of certain activities, such as workers compensation, fleet management, employee benefits, telephones, information systems, risk management and warehouse operations to individual funds. The net expenses of these internal service funds are reported with governmental activities.	(4,979,576)
Pension costs do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.	<u>440,577</u>
Change in net position of governmental activities	<u><u>\$ (9,275,958)</u></u>

*The notes to basic financial statements are an integral part of this statement.*

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS  
FISCAL YEAR ENDED JUNE 30, 2015**

---

**A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Garden Grove (the "City") was incorporated June 18, 1956 as a general law full service city. The City operates under a council-manager form of government and provides the following services: public safety (police, fire, and paramedics), highways and streets, social services, culture and recreation, parks, planning, zoning, housing, water, solid waste collection and disposal, sewage services and general administration.

**1. Reporting entity**

Accounting principles, generally accepted in the United States of America, require that these financial statements present the City (the primary government) and its component units. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting both of the following criteria: the primary government is accountable for the potential component unit (e.g. the primary government appoints the voting majority of its board) and the primary government is able to impose its will upon the potential component unit, or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government. The component units discussed in this note are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

Blended component units:

- a. The Successor Agency to the Garden Grove Agency for Community Development (Successor Agency) was created on February 1, 2012 to serve as a custodian for the assets and to wind down the affairs of the former Agency. The Successor Agency is a separate public entity from the City, subject to the direction of an Oversight Board and is a blended component unit of the City. The Oversight Board is comprised of seven-member representatives from local government bodies.

In general, the Successor Agency's assets can only be used to pay enforceable obligations in existence at the date of dissolution (including the completion of any unfinished projects that were subject to legally enforceable contractual commitments). In future fiscal years, the Successor Agency will only be allocated revenue in the amount that is necessary to pay the estimated annual installment payments on enforceable obligations of the former Agency until all enforceable obligations of the former Agency have been paid in full and all assets have been liquidated. Based upon the nature of the Successor Agency's custodial role, the Successor Agency is reported in a fiduciary fund (private-purpose trust fund).

- b. The Garden Grove Housing Authority (the "Housing Authority") was established in October 1975, pursuant to the provisions of the Housing and Community Development Act of 1974 and is reported as an enterprise fund as if it were part of the primary government because the City Council, although acting in a different capacity, is the governing board. Council members approve the Housing Authority budget, and the City provides staffing.
- c. The Garden Grove Sanitary District (the "Sanitary District") began its operations in 1924 as a special district operating under the authority of the State of California. The Health and Safety Code of California (the Sanitary District Act of 1923) is the governing law. The Sanitary District provides portions of the cities of Garden Grove, Fountain Valley, Westminster and County of Orange unincorporated areas with sewage collection services, maintenance and cleaning of sewage collection lines, inspection of sewage lines built within the district by developers and the provision for trash and solid waste collection and disposal for residents and commercial establishments. The district became a subsidiary district and component unit of the City of Garden Grove on May 30, 1997. The Sanitary District is reported as two enterprise funds, the Sewage Collection enterprise fund and Solid Waste Disposal enterprise fund as if it were part of the primary government because the City Council, although acting in a different capacity, is the governing board. Council members approve the Sanitary District budget and the City provides staffing.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

- d. The Garden Grove Public Financing Authority (the "Authority") was established on June 22, 1993 as a joint powers agency organized under the laws of the State of California. The Authority was formed to assist in the financing of public and capital improvements. The Authority's financial data and transactions are included within enterprise funds. The Authority is administered by the Board who are the members of the City Council and the Mayor. Council members approve the Authority budget and the City provides staffing.

Separate reports are not issued for the Garden Grove Housing Authority, Garden Grove Sanitary District, Garden Grove Public Financing Authority and Successor Agency to the Garden Grove Agency for Community Development.

All components of the reporting entity are reported on a July 1 through June 30 fiscal year.

**2. Government-wide and fund financial statements**

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, 2) operating grants and contributions that are restricted to meeting the operational requirement of a particular function or segment and 3) capital grants and contributions that are restricted to meeting the capital requirement of a particular function or segment and other miscellaneous revenues that directly benefit a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary fund. Major governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**3. Measurement focus, basis of accounting, and financial statement presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Under the economic resources measurement focus, all (both current and long-term) economic resources and obligations of the reporting government are reported in the government-wide financial statements. Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Under the accrual basis of accounting, revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Expenditure driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met. Grant funds received before the revenue recognition criteria have been met are reported as unearned revenues.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

generally are recorded when a liability is incurred, as in accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, franchise taxes, licenses, revenues from other agencies and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following major governmental funds:

***General fund***

The general fund is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in other funds.

***HOME Grant special revenue fund***

The HOME Grant special revenue fund is used to account for the revenues received and expenditures made for the housing assistance program, which is funded by the U.S. Department of Housing and Urban Development.

***Other Grants and Contributions special revenue fund***

The City is the recipient of numerous other federal, state and county grants, plus contributions from other sources. These grants and contributions are accounted for in this fund.

The City reports the following major enterprise funds:

***Water Utility fund***

The purpose of this fund is to account for the City's water system. Resources of the fund are applied to construction, operation, maintenance and debt service obligations of the water system. Financing is provided by revenue of the water utility.

***Sewage Collection fund***

The Garden Grove Sanitary District comprises two funds, the Sewage Collection fund and the Solid Waste Disposal fund. Resources of the Sewage Collection fund are applied to the operation and maintenance of the City's sewer system.

***Solid Waste Disposal fund***

The Garden Grove Sanitary District comprises two funds, the Sewage Collection fund and the Solid Waste Disposal fund. The Solid Waste Disposal fund accounts for the operation of the trash and solid waste collections and disposal services.

***Housing Authority fund***

The Housing Authority fund accounts for the revenues and expenses pertaining to the Federal Section 8 Housing Program.

Additionally, the City reports the following fund types:

***Internal Service funds***

The internal service funds account for workers' compensation, fleet management, employee benefits, information systems, warehouse operations, telephone system, and risk management services provided to City departments on a cost reimbursement basis.

***Private-Purpose Trust fund***

The Private-Purpose Trust Fund accounts for the custodial responsibilities that are assigned to the Successor Agency pursuant to the Dissolution Act.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes and other charges between the government's enterprise funds and various other governmental funds. Elimination of these charges would distort the direct costs and program revenues reported for the function concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) fines, forfeits and penalties, 3) grants and contributions that are restricted to meeting the operational or capital requirement of a particular function, and 4) other miscellaneous revenues that directly benefit a particular function and do not fit into any other category. General revenues include all taxes, investment income, and gain on sale of assets.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

**4. Assets, liabilities, and net position or fund balance**

***a. Deposits and investments***

The City pools idle cash from all funds in order to maximize income from investment activities. Investments are recorded on the City's books at fair value (quoted market price or best available estimate thereof) in accordance with GASB Statement No. 31. Interest income on investments is allocated to individual funds on the basis of monthly cash and investment balances except for the Fleet Management, Employee Benefits, Warehouse Operations, and Telephone System Internal Service Funds by management decision.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

***b. Receivables and payables***

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter fund loans) or "intercity loan receivable/payable" (i.e., the non-current portion of inter fund loans). All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances".

Intercity loans receivable, as reported in the fund financial statements, are offset by a nonspendable fund balance in applicable governmental funds to indicate that they are not in spendable form.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

Utility accounts are billed on a bi-monthly cyclical basis. Receivables are recorded at the time consumption is determined. Sanitary refuse collection accounts are billed quarterly, with the last quarterly billing completed in June covering June, July, and August services. Unbilled receivables are recorded at year end to adjust for the billing cycle and are included as accounts receivable in the Water Utility and Sanitary District funds.

**c. Taxes receivable**

Property taxes in California are levied in accordance with Article 13A of the State Constitution at one percent of county-wide assessed valuations. This one percent is allocated pursuant to state law to appropriate units of local government. In addition, a voter-approved property tax of two and one-half cents per hundred dollars actual value is levied against all property in the City for the purpose of providing emergency medical services.

In the governmental fund statements, property tax revenue is recognized in the fiscal year for which taxes have been levied, provided that the revenue is collected in the current period or will be collected within 60 days thereafter.

The property tax calendar is as follows:

Lien date:	January 1
Levy date:	July 1
Due date:	First installment - November 1 Second installment - February 1
Delinquent date:	First installment - After December 10 Second installment - After April 10

Taxes are collected by Orange County, and are remitted to the City periodically as follows (dates and percentages may vary slightly from year to year):

November 14, 2014	7% - 10%
December 4, 2014	5% - 10%
December 18, 2014	30% - 35%
January 15, 2015	1% - 5%
March 12, 2015	5% - 7%
April 23, 2015	30% - 35%
May 21, 2015	1% - 5%
July 16, 2015	1% - 2% (Collections through June 30)

**d. Inventory, prepaid items and land held for resale**

Inventory is valued at cost using the first in, first out (FIFO) method. Inventory in the proprietary funds consists of expendable supplies held for future consumption. The cost is recorded as an expense as inventory items are consumed.

Land held for resale is valued at lower of cost or estimated net realizable value, determined upon execution of a disposition and development agreement, at June 30, 2015 and is located in the Housing Successor Agency Capital Projects Fund.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

**e. Capital assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., streets, sidewalks, medians, traffic signals, storm drains), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the proprietary fund and fiduciary fund financial statements. The government defines capital assets as assets with an initial, individual cost of more than

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

\$5,000 and an estimated useful life in excess of two years. Such assets are capitalized at cost. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The net interest cost incurred in the financing of projects during the construction period is not capitalized, except for enterprise funds. Interest incurred during the construction phase of capital assets of business-type activities is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds of tax-exempt debt over the same period. The interest capitalized by the City during the current fiscal year was \$1,056,518.

Plant, infrastructure, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	30
Building improvements	20
Street infrastructure	
Pavement	30
Curbs & gutters	50
Sidewalks	50
Medians	50
Traffic signals	20

Water meters	25
Water pumps & meters	20
Wells	40
Sewer infrastructure	60
Vehicles	2-10
Furniture and equipment	10

**f. *Deferred outflows/inflows of resources***

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two types of items that qualify for reporting in this category. One is the deferred charge from pension contributions and the other is the deferred charge on refunding reported in the government-wide statement of net position and proprietary funds' statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

In addition to liabilities, the statement of net position or balance sheet of governmental funds will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has two types of items which qualify for reporting in this category, the net difference between projected and actual earnings on pension investments at the government-wide statement of net position and proprietary funds' statement of net position. The item, *unavailable revenue*, is reported only in the governmental funds balance sheet and the item, *The governmental funds report unavailable revenues from notes, accounts, and grant receivables*. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

***g. Accrued compensated absences***

The City accounts for compensated absences (unpaid vacation, annual leave, comp time and sick leave) in an internal service (Employee Benefits) fund. A calculated fringe benefit rate, which includes accrued compensated absences, is applied to all labor charges. The resulting funds are deposited into the Employee Benefits internal service fund and are set aside for corresponding liabilities.

***h. Long term obligations***

In the government-wide financial statements, proprietary fund and fiduciary fund types in the fund financial statements, long term debt and other long term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund and fiduciary fund type statement of net position. Bond premiums and discounts, as well as prepaid insurance costs related to bond issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Prepaid insurance costs related to bond issuance costs are reported as prepaid insurance costs and amortized over the term of the related debt.

***i. Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**B. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

**1. Explanation of certain differences between the governmental funds balance sheet and the government-wide statement of net position**

The governmental fund balance sheet includes a reconciliation between fund balance total governmental funds and net position-governmental activities as reported in the government-wide statement of net position.

Capital assets used in governmental activities are not financial resources, and therefore are not reported in the governmental funds balance sheet. The capital assets reported in the *Statement of Net Position* excluding internal service fund capital assets are as follows:

Capital assets	\$ 948,064,500
Accumulated depreciation	(290,230,444)
	<u>\$ 657,834,056</u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

Certain notes and grants receivables are not available to pay for current period expenditures, and therefore are offset by deferred inflows of resources in the governmental funds.

Note receivables not available to pay for current period expenditures	\$ 19,724,041
Grant and accounts receivables not available to pay for current period expenditures	4,081,085
	<u>\$ 23,805,126</u>

Internal service funds are used by management to charge the costs of certain activities, such as workers' compensation, fleet management, employee benefits, information systems, warehouse operations, telephone system, and risk management to individual funds. The internal service funds are allocated primarily to governmental activities.

Internal service funds net position-beginning of year, as restated	\$ 72,549,552
Change in net position	<u>(4,841,416)</u>
Internal service funds net position - end of year	67,708,136
Less allocation to enterprise funds	<u>(2,259,553)</u>
Adjustment to statement of net position - Governmental	<u>\$ 65,448,583</u>

One element of that reconciliation explains that long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the governmental funds. The details of this \$26,569,620 adjustment are as follows:

Certificates of participation	\$ 17,210,000
Agreements payable	4,128,913
Capital lease	415,916
Interest payable	21,064
Postemployment benefit obligation	4,956,339
Prepaid issuance costs	<u>(162,612)</u>
	<u>\$ 26,569,620</u>

The net pension liability is not due and payable in the current period and, therefore, is not reported in the balance sheet of the governmental funds. Also, deferred inflows and outflows of resources related to pension costs are deferred and amortized in the statement of activities. This amount is the net effect of the treatment of net pension liability, deferred outflows of resources from pension contributions and deferred inflows of resources for the net difference between projected and actual earnings on pension plan investments:

Pension contributions after measurement date	\$ (14,895,026)
Net Pension Liability	177,685,621
Net difference between projected and actual earnings on plan investments	31,528,265
	<u>\$ 194,318,860</u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

**2. Explanation of certain differences between the governmental funds statement of revenues, expenditures and changes in fund balances and the government-wide statement of activities**

The governmental funds statement of revenues, expenditures and changes in fund balances includes a reconciliation between net changes in fund balances - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives as depreciation expense". The details of this difference are as follows:

Capital outlay expenditures capitalized, net of gain on disposal of capital assets	\$ 9,013,544
Public right of way expenditures capitalized	5,453
Current year governmental depreciation	<u>(13,658,838)</u>
	<u>\$ (4,639,841)</u>

The issuance of long term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. The details of this adjustment are as follows:

Debt principal repayments:	
Certificates of participation	\$ 620,000
Agreements payable	1,147,967
Capital lease payable	169,189
Amortization of issuance costs	(9,565)
Change in interest payable	356,904
Change in postemployment benefit obligation	(990,133)
Total long term debt adjustment	<u>\$ 1,294,362</u>

Some revenues in statement of activities that do not provide current financial resources are not reported as revenues in the fund financial statements.

Revenue from other agencies	\$ 261,996
	<u>\$ 261,996</u>

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net expenses of these internal service funds are reported as governmental activities.

Internal service funds change in net position	\$ (4,841,416)
Less change in net position allocated to enterprise funds	(138,160)
Adjustment to statement of activities - Governmental	<u>\$ (4,979,576)</u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

Pension costs do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Fire	\$	(46,232)
Police		(120,323)
Traffic safety		14,688
Public right of way		107,498
Community buildings		44,863
Community services		97,937
Parks and greenbelts		23,251
Community planning and development		160,265
Municipal support		158,630
	<u>\$</u>	<u>440,577</u>

**C. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**1. Budgetary information**

Under Article XIIIB of the California Constitution (the GANN Spending Limitation initiative), the City is restricted as to the amount of annual appropriations, and if certain proceeds of taxes exceed allowed appropriations, the excess must be refunded to the taxpayers either through revised tax rates or revised fee schedules.

The City budget report is prepared under the direction of the City Manager in accordance with generally accepted accounting principles (GAAP) and the requirements of Municipal Code Section 2.08.150. Annual budgets are legally adopted for the general fund, special revenue funds, and capital projects funds. These funds are budgeted based on the modified accrual basis of accounting and include proposed expenditures and the means of financing them. The City Council approves the total budgeted appropriations and any amendments to total appropriations which may be required during the year. Revenues are budgeted by source, and expenditures are budgeted by program.

The legal level of budgetary control is considered to be at the fund level since management can reassign resources within a fund without special approval from City Council. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions which alter the total appropriations of any fund must be approved by City Council.

**2. Deficit fund equity**

The following fund had a deficit at June 30, 2015:

Fund	Type of Fund	Deficit Fund Equity
Other Grants and Contributions	Special Revenue	\$ 133,823

The deficit in the Other Grants and Contributions special revenue fund is expected to be eliminated with future revenues and transfers.

 FISCAL YEAR ENDED JUNE 30, 2015**

---

**D. DETAILED NOTES ON ALL FUNDS**

**1. Cash and investments**

Cash and investments as of June 30, 2015 are classified in the accompanying financial statements as follows:

Statement of net position:

City of Garden Grove:

Cash and investments	\$ 191,446,069
Cash and investments with fiscal agent	3,540,230
	<u>194,986,299</u>

Successor Agency (Private Purpose Trust Fund):

Cash and investments	12,204,950
Cash and investments with fiscal agent	5,974,496
	<u>18,179,446</u>

Total cash and investments	<u><u>\$ 213,165,745</u></u>
----------------------------	------------------------------

Cash and investments as of June 30, 2015 consist of the following:

Cash on hand	\$ 43,730
Deposits with financial institutions	25,685
Investments	213,096,330
Total cash and investments	<u><u>\$ 213,165,745</u></u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**Investments Authorized by the City's Investment Policy**

The following table identifies the investment types that are authorized by the California Government Code and the City's investment policy. The table also identifies certain provisions of the City's investment policy that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustee that are governed by the provisions of debt agreements of the City, rather than the general provision of the Government Code and City's investment policy.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Of Portfolio*	Maximum Investment in One Issuer
Securities of the U.S. Government or its Agencies	5 years	None	None
Federal Home Loan Bank (FHLB)	5 years	None	None
Federal National Mortgage Association (FNMA)	5 years	None	None
Federal Farm Credit Bank (FFCB)	5 years	None	None
Local Agency Investment Fund (LAIF)	N/A	None	None
Certificates of Deposits (CD)	N/A	30%	5%
Bankers Acceptances	180 days	30%	10%
Negotiated Certificates of Deposit	N/A	30%	5%
Commercial Paper	10 days **	15% **	None
Medium Term Notes	5 years	30%	None
Mutual Funds	N/A	20%	10%
Mortgage-backed Securities	5 years	20%	None
Repurchase Agreement (Overnight)	30 days **	None	None
Passbook Savings Account	N/A	None	None

\*Excluding amounts held by bond trustee that are not subject to City's investment policy

\*\* Represents where the City's investment policy is more restrictive than the California Government Code

**Investments Authorized by Debt Agreements**

Provisions of the debt agreements, rather than the City's investment policy govern investment of debt proceeds held by bond trustee. The table below identifies the investment types that are authorized for investments held by bond trustee. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Percentage of Portfolio	Investment in One Issuer
U.S. Treasury	None	None	None
Money Market Funds	N/A	None	None
Investment Contracts	30 Years	None	None

**Disclosures Relating to Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the City manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the

**CITY OF GARDEN GROVE**  
**NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)**  
**FISCAL YEAR ENDED JUNE 30, 2015**

cash flow and liquidity needed for operations. The City monitors the interest rate risk inherent in its portfolio by measuring the weighted average maturity of its portfolio. The City has no specific limitations with respect to this metric.

Authorized Investment Type	Amount	Weighted Average Maturity (in years)
U.S. Treasury	\$ 42,362,370	1.76
U.S. Agency Securities		
FHLB	39,793,183	2.28
FFCB	33,620,710	1.45
FNMA	43,240,570	2.74
Local Agency Investment Fund (LAIF)	44,564,770	0.50
Held by fiscal agent:		
Investments Contracts	2,843,946	0.50
Money Market Funds	<u>6,670,781</u>	0.50
Total	<u>\$ 213,096,330</u>	

**Disclosures Relating to Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by (where applicable) the California Government Code, the City's investment policy, or debt agreements, and the actual rating as of year-end for each investment type. The column marked "Exempt From Disclosure" identifies those investment types for which GASB No. 40 does not require disclosure as to credit risk:

Investment Type	Amount	Minimum Legal Rating	Exempt From Disclosure	Rating as of Year End	
				AAA	Not Rated
U.S. Treasury	\$ 42,362,370	N/A	\$ 42,362,370	-	-
U.S. Agency Securities					
FHLB	39,793,183	N/A	-	39,793,183	-
FFCB	33,620,710	N/A	-	33,620,710	-
FNMA	43,240,570	N/A	-	43,240,570	-
Local Agency Investment Fund	44,564,770	N/A	-	-	44,564,770
Held by fiscal agent:					
Investment Contracts	2,843,946	N/A	-	-	2,843,946
Money Market Funds	6,670,781	AAA	-	6,670,781	-
Total	<u>\$ 213,096,330</u>		<u>\$ 42,362,370</u>	<u>\$ 123,325,244</u>	<u>\$ 47,408,716</u>

**Concentration of Credit Risk**

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. Investments in any one issuer (other than U.S. Treasury securities, mutual funds, and external investment pools) that represent 5% or more of total City investments are as follows:

Issuer	Investment Type	Investment Type
FHLB	U.S. Agency Securities	\$ 39,793,183
FFCB	U.S. Agency Securities	33,620,710
FNMA	U.S. Agency Securities	43,240,570

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

**Custodial Credit Risk**

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment of collateral securities that are in the possession of another party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institution to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

**Investment in State Investment Pool**

The City is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the City's investment in this pool is reported in the accompanying financial statements at amounts based upon the City's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The total amount invested by all public agencies in LAIF as of June 30, 2015 was \$20.3 billion. LAIF is part of the California Pooled Money Investment Account (PMIA), which at June 30, 2015 had a balance of \$69.6 billion, of that amount, 2.08% was invested in medium-term and short-term structured notes and asset-backed securities.

**2. Intercity loans receivable/payable at June 30, 2015 consisted of the following:**

***a. Loan from General fund to Water Utility fund:***

On July 1, 1998, the City established an intercity loan between the General fund and Water Utility fund in the amount of \$14,145,092 for the repayment from the Water Utility fund to the General fund for street damage repairs throughout the City that have been a benefit to the Water Utility. The loan accrues interest at 6.5% per annum. The balance will be repaid at amounts to be determined through the annual budget process.

\$13,374,979

***b. Loan from General fund to the former redevelopment agency:***

The General fund has loaned to the former redevelopment agency a total of \$2,863,113 to assist in funding the Agency's operating budget since 2004. The loans accrue interest at a rate of 6.5% per annum. On March 8, 2011, City Council authorized a loan amortization schedule. Principal payments ranging from \$699,984 to \$900,505 are due annually. In accordance with Assembly Bill X1 26, existing agreements between the City and the former redevelopment agency have been invalidated. Therefore, the City has set up 100% allowance for this loan on February 1, 2012.

2,539,990

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

***c. Loan from the General fund to former redevelopment agency:***

On May 21, 1984 the City Council approved an agreement between the City and the Agency for Community Development Community Project capital projects fund wherein the Agency agreed to reimburse the City \$2,405,511, plus any accruing unpaid interest at the annual rate of 10%, for capital improvements within the Agency's redevelopment area which were initially paid for by the General fund. On March 8, 2011, the City Council authorized a loan amortization schedule. Principal payments ranging from \$761,037 to \$1,114,235 are due annually. In accordance with Assembly Bill X1 26, existing agreements between the City and the former redevelopment agency have been invalidated. Therefore, the City has set up 100% allowance for this loan on February 1, 2012.

3,048,030

***d. Loan from the General fund to the former redevelopment agency:***

On February 26, 2002 the City Council approved an agreement between the City and the Agency for Community Development Community Project capital projects fund wherein the City has agreed to advance funds to the Agency for the acquisition and development of certain property within the project areas. The advance is subject to repayment on demand and bears interest at a rate of 6.5%. The Agency is responsible for making payments on the City's \$22,735,000 Certificates of Participation Series A of 2002, (the Certificates), the proceeds of which were used to fund the advances from the City to the Agency. The Agency also reimbursed the City for the \$683,739 issuance costs related to the Certificates of Participation. In accordance with Assembly Bill X1 26, existing agreements between the City and the former redevelopment agency have been invalidated. Therefore, the City has set up 100% allowance for this loan on February 1, 2012.

18,970,000

***e. Loan from Water Utility fund to the former redevelopment agency:***

The former redevelopment agency has a loan from the Water Utility fund in the amount of \$750,000. Interest is paid monthly at an annual rate of 10% and has no fixed amortization date. In accordance with Assembly Bill X1 26, existing agreements between the City and the former redevelopment agency have been invalidated. Therefore, the City has set up 100% allowance for this loan on February 1, 2012.

750,000

***f. Loan from Low Income Housing Assets capital project fund to the former redevelopment agency:***

The former redevelopment agency has five loans from the Low Income Housing Assets capital project fund, that were used to make the fiscal year 2003-04 (\$999,032), 2004-05 (\$1,680,565), and 2005-06 (\$1,517,267) mandated Educational Revenue Augmentation Fund payments and "Supplemental" Education Revenue Augmentation Fund payments for the fiscal year 2009-10 (\$7,906,610) and 2010-11 (\$1,626,274). Interest is accrued annually for the respective loans based upon the City's investment rate of return of the prior year. The rate accrued on the loans for fiscal year 2003-04 was 2.30%, 2004-05 was 1.60%, and 2005-06 was 2.28%. No interest was accrued on the 2009-10 and 2010-11. The loans are due in 10 years from the loan

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

establishment except for 2009-10 and 2010-11 loans which are due on May 10, 2015 and June 30, 2016, respectively. The former redevelopment agency has one additional loan of \$100,000 from the Low Income Housing Assets capital project fund that was used to acquire a property held for resale. This loan is interest free and due in the fiscal year 2011-12. In accordance with Assembly Bill X1 26, existing agreements between the City and the former redevelopment agency have been invalidated. Therefore, the City has set up 100% allowance for this loan on February 1, 2012.

13,729,748

**TOTAL INTERCITY LOANS RECEIVABLE** 52,412,747

Less: Allowance (39,037,768)

**TOTAL INTERCITY LOANS RECEIVABLE, NET** \$13,374,979

**3. Interfund receivables , payables, and transfers**

**a. The composition of interfund receivable/payable balances as of June 30, 2015 is as follows:**

	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
Other Grants and Contributions special revenue fund	\$ -	\$ 2,610,960
Nonmajor governmental funds	-	84,524
Internal service funds	<u>2,695,484</u>	<u>-</u>
Total	<u>\$ 2,695,484</u>	<u>\$ 2,695,484</u>

The interfund payable balances represent routine and temporary cash flow assistance from the Workers' Compensation internal service fund until the amounts receivable are collected to reimburse eligible expenditures.

**b. The composition of interfund transfer balances for the year ended June 30, 2015 is as follows:**

	<u>Transfers In</u>			
	<u>General Fund</u>	<u>Nonmajor governmental funds</u>	<u>Housing Authority Fund</u>	<u>Total</u>
<b>Transfers out:</b>				
General Fund	\$ -	\$ 164,209	\$ 6,715	\$ 170,924
Nonmajor governmental funds	3,387,009	-	-	3,387,009
Internal service funds	<u>4,210,000</u>	<u>-</u>	<u>-</u>	<u>4,210,000</u>
Total	<u>\$ 7,597,009</u>	<u>\$ 164,209</u>	<u>\$ 6,715</u>	<u>\$ 7,767,933</u>

Nonmajor governmental fund transfers to the General Fund of \$3,387,009 included a \$600,000 transfer from the Golf Course special revenue fund in accordance with budgetary policy and a \$2,000,000 transfer from the Developer Fees special revenue fund.

Internal service fund transfers to the General fund of \$4,210,000 were generated by short-term budgetary policy changes and cost cutting measures that resulted in temporary expense reductions in the indicated internal service funds. The transfers included a \$1,500,000 transfer from the Workers Compensation internal service fund, a \$1,110,000 transfer from the Employee Benefits internal service fund, and a \$1,600,000 transfer from the Risk Management fund.

CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015

---

4. Notes receivable at June 30, 2015, consisted of the following:

*a. Neighborhood Stabilization Program (NSP) Loan - Other nonmajor governmental funds:*

The City has entered into twenty-six NSP Agreements utilizing NSP funds; at June 30, 2015 only twenty-three NSP Agreements remain, which are reflected in nonmajor governmental funds. These loans provide up to \$40,000 in down payment assistance in the form of silent loan that requires no payment for 30 years. The loans carry 0% interest charges. Since the note repayments are not available for current expenditures, these notes receivable are offset by unavailable revenue in other governmental funds. Revenue will be recognized when received.

\$ 908,637

*b. Rental rehabilitation - Other nonmajor governmental funds:*

The Low and Moderate Income Housing Asset capital projects fund holds six notes related to property rehabilitation loans, which have been used to assist developers in the rehabilitation of multifamily residential buildings located within the City for the purpose of providing adequate low income housing opportunities for City residents. Since these note repayments are not available for current expenditures, the notes receivable are offset by unavailable revenue in the governmental funds. Revenue will be recognized when received.

2,801,957

*c. Rental rehabilitation – HOME Grant Special Revenue fund and Other nonmajor governmental funds:*

The City has entered into sixteen Housing Rehabilitation Agreements utilizing CDBG funds, which are reflected in other governmental funds and the HOME fund. These loans were for the purpose of assisting developers in the rehabilitation and operation of multifamily apartment buildings for the purpose of providing adequate low-income housing to City residents. Many of these buildings had suffered from serious structural deterioration, overcrowding and high crime. Since the note repayments are not available for current expenditures, these notes receivable are offset by unavailable revenue in other governmental funds. Revenue will be recognized when received.

13,547,984

*d. Affordable housing agreement – General fund:*

The City has entered into three Affordable Housing Agreements with developers wherein the developers have agreed to comply to certain affordability covenants including the reimbursement to the City of forgone property taxes which would have been payable for the property, increasing at the rate of approximately 2 percent annually. Since the note repayments are not available for current expenditures, the note receivable is offset by unavailable revenue in the General fund. Revenue will be recognized when received.

2,170,463

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

***e. Rental construction – HOME Grant Special Revenue fund:***

The City has entered into a rental construction loan agreement utilizing HOME funds. The note was for the purpose of assisting the developer with the construction of new low-income housing for City residents. The note bears a simple annual interest rate of 3%. Loan repayment is based on residual receipts and is contingent upon the release of construction covenants for the project. In addition, the note commenced upon the initial disbursement of funds in June 2015, and its maturity will be the fifty-fifth anniversary of the date the Release of Construction Covenants. Due to the length of note term and uncertainty of note repayment, the City has reserved full allowance for the note.

582,948

***f. Second Trustee Loan – General fund:***

The City has entered into a financed sale agreement with the Caritas Corporation for the sale of the City’s two mobile home parks, 13741 Clinton Street and 13096 Blackbird Street, in fiscal year 2010-2011. The initial loan amounts were \$172,500 and \$327,500, respectively. These two loans are subordinate loans that are not interest bearing and are due and payable in seven years in September 2017.

500,000

***g. Private Sewer Lateral Loan Agreement – Sewer fund:***

The Garden Grove Sanitary District has entered into a Private Sewer Lateral Loan Agreement with The Helen Brooks Montgomery Revocable Trust on October 1, 2012. The loan is due and payable at the simple annual interest rate of 2.24%. Monthly payments in the amount of \$65.47 are required. Loan principal is amortized over the 15-year life and the principal portion of monthly payment reduces the loan payable.

FISCAL YEAR ENDED JUNE 30, 2015**

---

**b. Governmental long-term debt at June 30, 2015 consisted of the following:**

**Certificates of participation:**

\$22,735,000 City of Garden Grove Certificates of Participation, Series A of 2002, were executed to provide funds for the acquisition of land to assist certain redevelopment activity of the Garden Grove Agency for Community development and for other improvement projects of the Agency or the City. The Certificates represent fractional interests of the owners in the lease payments, for certain real property and improvements thereon, to be made by the City, as lessee, to the Garden Grove Public Financing Authority, as lessor, under a Lease/Purchase Agreement. The leased properties consist of Garden Grove Park, Willowick Golf Course, a municipal amphitheater, a community meeting center, fire station, and related land. Lease payments are structured to be sufficient to pay, when due, the principal and interest on the Certificates. Principal payments ranging from \$410,000 to \$1,480,000 are due annually on March 1, beginning March 1, 2005, and continuing until March 1, 2032. Interest is payable semiannually, beginning on September 1, 2002, with an interest rate ranging from 3.500% to 5.125% over the life of the bond. Such bonds are subject to Federal arbitrage regulations, however, no liability is reported at June 30, 2015.

\$17,210,000

**Agreements payable:**

\$7,660,000 Federal Housing and Community Development Section 108 Loan was issued for the purpose of refinancing the \$13,380,000 Section 108 Loan that was issued for the purpose of acquisition and development of property located in the section of the City identified as the Harbor Corridor. The City has pledged future Community Development Block Grant funds including program income to satisfy the City's obligations under this loan agreement until fiscal year 2016. The remaining principal and interest requirements on the loan is \$2,424,888. Pledged revenue recognized during the year was \$1.2 million against the total debt service payment of \$1.2 million. Principal payments ranging from \$750,000 to \$1,200,000 are due annually on August 1 through the year 2016. Interest is due semi-annually on February 1 and August 1.

2,320,000

\$505,575 capital improvement loan. On July 27, 2004 the City received an energy efficiency loan from the California Energy Commission to assist in the funding of the second energy retrofit project. The loan has an annual interest rate of 3.95% with payments due semi-annually, in the amount of \$24,201, through June 22, 2018.

156,763

On December 13, 2011, the City entered into an agreement with Verde Investment, Inc. in the loan amount of \$1,837,500, in accordance with a purchase and sale agreement secured by deed of trust for the purchase of real property located on 13650 South Harbor Boulevard in Garden Grove. The loan has annual interest rate of 6.00%. Monthly installments of \$13,164 are payable until November 1, 2016. On or before the fifth anniversary of the loan issuance date, the entire remaining unpaid principal balance is due in full.

1,652,149

***Total agreements payable***

\$4,128,912

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**Capital leases payable:**

In September 2004, the City entered into a lease purchase arrangement in the amount of \$1,156,741 for the retrofit of certain heating and air conditioning system of City government buildings. The interest rate is 4.51% with a quarterly payment of \$26,634 through August 2019. 409,942

In February 2011, the City entered into a capital lease arrangement in the amount of \$15,529 for copy machines. The interest rate is 13.83% with a monthly payment of \$360 through May 2016. 2,736

In September 2011, the City entered into a capital lease arrangement in the amount of \$18,627 for mail machines. The interest rate is 6.41% with a monthly payment of \$349 through December 2016. 5,974

In June 2012, the City entered into a capital lease arrangement in the amount of \$398,332 for office equipment. The interest rate is 3.69% with a quarterly payment of \$21,701 through March 2017. 146,456

In March 2015, the City entered into a capital lease arrangement in the amount of \$269,145 for police motorcycles. The interest rate is 3.59% with a monthly payment of \$7,877 through March 2018. 247,069

**Total capital leases payable** \$812,177

**TOTAL GOVERNMENTAL LONG TERM DEBT** \$22,151,089

**c. Proprietary long-term debt at June 30, 2015 consisted of the following items:**

**2004 Revenue certificates of participation - Water Utility enterprise fund:**

\$16,845,000 Refunding Revenue Certificates of Participation, Series 2004, were issued on April 20, 2004, for a current refunding of \$20,495,000 of the Water Revenue Bonds, Series 1993. The refunding was undertaken to reduce total future debt service payments by \$2,354,695. Deferred refunding cost of \$719,034 was incurred during the refunding, which is being reported as deferred outflows of resources and amortized over the new debt's life, which is shorter than the refunded debt.

The City's previously issued \$20,495,000 Water Revenue Bonds, Series 1993, was originally issued to finance the construction of water storage and transmission facilities, and certain other city water systems. Principal payments for the Series 2004 certificates of participation range from \$435,000 to \$1,165,000 are due annually on December 15, 2004 through 2023. Interest is due semi-annually on June 15 and December 15, at rates ranging from 2.0% to 5.0% over the life of the certificate. Such certificates are subject to Federal arbitrage regulations, however, no liability is reported at June 30, 2015. \$9,240,000

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**2004 Revenue certificates of participation – Water Utility enterprise fund - debt service coverage:**

The Refunding Revenue Certificates of Participation were issued on April 20, 2004 for current refunding of the Water Revenue Bonds, Series 1993. These certificates of participation are to be secured and to be serviced from revenues derived by the ownership and operations of the water system including all connection charges and fees collected by the City through the fiscal year 2024. At June 30, 2015 total interest and principal remaining on the certificates is \$11,384,894. Revenue recognized during the year was \$33.57 million against debt service payments of \$1,279,788. The Utility covenants that rates and charges for the water service will be sufficient to yield net revenues equal to 125% of the debt service coming due and payable during the next succeeding bond year. The following analysis shows the test result for compliance with this covenant:

Operating revenues	\$ 33,145,421
Non-operating revenues	428,154
Gross revenue	<u>33,573,575</u>
Less: Expenses (excluding depreciation, amortization, interest and fiscal charges)	<u>(25,146,241)</u>
Net revenues	<u>\$ 8,427,334</u>
Debt service requirement for next year: \$1,278,813 x 125%	<u>\$ 1,598,516</u>

**2010 Revenue Bonds – Water Utility enterprise fund:**

\$16,625,000 Revenue Bonds, Series 2010, were issued on April 30, 2010 to finance the acquisition, expansion, construction and improvement of certain additional water facilities of the water system of the City. The bonds are secured and to be serviced from net revenues derived from the ownership or operation of the water system excluding proceeds from customers' deposits and any proceeds assessments restricted by law to be used by the City to pay parity obligations or other obligations. Revenue recognized during the year was \$33.57 million against debt service payments of \$1,375,890. The remaining principal and interest requirements on the debt is \$21,376,198. The Bonds are due in annual principal installments of \$320,000 to \$1,165,000 beginning December 15, 2010 and is payable semiannually on June 15 and December 15 through December 2030.

Unamortized bond premium	<u>524,076</u>

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**Subordinate Note:**

On June 1, 2008, the former redevelopment agency for Community Development entered into a note purchase agreement in the amount of \$2,015,000, to refund a note issued to Katella Cottages LLC under a Disposition and Development Agreement dated May 11, 2004. The Note has an annual interest rate of 6% with principal payments due annually on October 1 through October 1, 2027. Principal payments range from \$60,000 to \$170,000. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the bonds was transferred to the Successor Agency.

\$1,600,000

**Agreements payable:**

\$829,159 real property purchase. On March 13, 2002 the former redevelopment agency for Community Development entered into a real property purchase and sale agreement wherein the Agency assumed the balance on an existing promissory note bearing interest at an annual rate of 8.5%. Equal monthly payments in the amount of \$7,355 will continue until February 13, 2016 when all unpaid principal and interest will be due and payable. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the loan was transferred to the Successor Agency.

\$395,805

On June 2, 2008, the former redevelopment agency for Community Development entered into an agreement with Union Bank of California for a term loan in the amount of \$32,000,000 for the purpose of acquiring certain parcels of real property. The terms of the loan comprise of refunded capitalized interest rate of 4.22% for year 1 through 3, interest rate of Libor plus 0.75 basis points for year 4 and fully amortized loan with principal and interest payments of Libor plus 0.75 basis points for years 5 through 12. Upon the dissolution of the former redevelopment agency at February 1, 2012, the outstanding balance of the loan was transferred to the Successor Agency.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**8. Compensated absences**

The City accounts for compensated absences (unpaid vacation, annual leave, administrative leave, compensated time off, and sick leave) in the Employee Benefit internal service fund. The balance for accrued compensated absences at June 30, 2015 is \$9,578,571.

Vacation accrues for all employee groups other than Fire at 10 hours per month after 1 year of service, 12 hours per month after 9 years, 14 hours per month after 14 years, 17.25 hours per month after 19 years, and 20.50 hours per month after 24 years. The maximum an employee may accumulate is an amount equivalent to 2 full calendar years of service. The maximum management may accumulate is an amount equivalent to 2 full calendar years of service plus 40 hours.

Annual leave accrues for all fireman at 18 hours per month from date of hire through 1 year, 22 hours per month after 1 year, 24 hours per month after 4 years, 26 hours per month after 9 years, 28 hours per month after 14 years, 30 hours per month after 19 years, and 33 hours per month after 24 years. The maximum a fireman may accumulate is an amount equivalent to 2 full calendar years of service plus 72 hours. Accumulated vacation, annual leave benefits and comp time, payable in future years when used by City employees, totaled \$5,620,117 at June 30, 2015.

Sick leave is accumulated on the basis of 8 hours for each month of service beginning from the date of hire for all employee groups other than police and fire. Police employees accumulate on the basis of 10 hours for each month of service beginning from the date of hire. Fire employees do not accumulate sick leave benefits since converting to the annual leave benefit. The City has adopted a policy for payment of unused sick leave benefits at time of retirement. Employees can be paid 50% for all unused hours up to 1000, police employees 100% of up to 750 unused hours, and management employees 50% of all unused hours. Studies have indicated that only 34 percent of all accumulated sick leave is actually used by employees, therefore, the sick leave liability is estimated at 34 percent of the total accumulated benefit, or \$3,958,454 at June 30, 2015.

A calculated fringe benefit rate, which includes accrued compensated absences, workers' compensation, retirement and medical benefits, is applied to all labor charges. The resulting funds are deposited into internal service funds and are set aside for corresponding liabilities, which are fully funded by sufficient cash and investment in that fund. Compensated absences are liquidated using the employee benefits internal service fund's available net position.

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Vacation, annual leave, benefits, and comp time	\$ 4,902,146	\$ 5,701,664	\$ (4,983,693)	\$ 5,620,117	\$ 4,496,094
Sick leave	3,448,255	2,802,067	(2,291,868)	3,958,454	3,166,763
	<u>\$ 8,350,401</u>	<u>\$ 8,503,731</u>	<u>\$ (7,275,561)</u>	<u>\$ 9,578,571</u>	<u>\$ 7,662,857</u>

**9. Risk management**

The City utilizes a program to self-insure for workers' compensation liability for the first \$1 million, per occurrence, for injury or occupational illness to City employees pursuant to Workers' Compensation Laws of the State of California. The City contracts with a third party who administers the program and acts as the representative of the City in claim hearings and litigation. Excess coverage is placed with a joint powers authority for losses from \$1 million up to the statutory limit per occurrence. This self-insurance program is accounted for in the Workers' Compensation internal service fund. There is an estimated liability of \$21,858,000 for claims outstanding including claims incurred but not reported on June 30, 2015, which has been included as liabilities in the Workers' Compensation internal service fund.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

The City also has a self-insured program for its tort and civil liabilities. The City is self-insured for the first \$2 million of each occurrence. Excess liability insurance is carried thereafter to \$30 million per occurrence with commercial insurers. Claims administration and adjusting services are provided by contract with a third party administrator specializing in public entity liability. Representation in matters of litigation is performed through the retaining of outside law firms and is supervised by the city attorney. This self-insurance program is accounted for in the Risk Management internal service fund.

The City estimates a liability for claims outstanding, including claims incurred but not reported, on June 30, 2015, in the amount of \$5,378,000 which has been included as liabilities in the Risk Management internal service fund.

The City is a defendant in various lawsuits. Attempts are made to settle these cases or proceed to trial as recommended by the attorney. The City believes that it has meritorious defenses to the allegations contained in the cases. However, the City has accrued and reserved reasonable amounts based on the actuarial analysis and attorney recommendations to cover the potential losses to the extent the exposures are deemed probable and estimable.

Settled claims have not exceeded any of the City's coverage amounts in any of the last three fiscal years and there were no reductions in the City's insurance coverage during the year ended June 30, 2015. Nonincremental claims adjustment expenses have been included as part of the liability for claims and judgments. Changes in the aggregate liability for claims for fiscal year ended June 30, 2015 and June 30, 2014 are as follows:

	<u>2015</u>	<u>2014</u>
<u>Workers' Compensation</u>		
Liability, July 1	\$ 20,626,000	\$ 15,908,000
Costs and claims incurred	5,848,240	8,339,519
Claim payments	(4,616,240)	(3,621,519)
Liability, June 30	<u>\$ 21,858,000</u>	<u>\$ 20,626,000</u>
Due within one year	\$ 3,845,023	\$ 3,014,132

Liability, June 30	<u>\$ 5,378,000</u>	<u>\$ 5,076,000</u>
Due within one year	\$ 601,097	\$ 248,503
Due in more than one year	4,776,903	4,827,497
	<u>\$ 5,378,000</u>	<u>\$ 5,076,000</u>

**10. Public Employees Retirement System**

***a. General information about the pension plans***

**Plan Description** - The City of Garden Grove's defined benefit pension plans, the Miscellaneous Plan of the City of Garden Grove and the Safety Plan of the City of Garden Grove, provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. The Miscellaneous Plan of the City of Garden Grove and the Safety Plan of the City of Garden Grove are part of the Public Agency portion of the California Public Employees Retirement System (CalPERS), an agent multiple-employer plan administered by CalPERS, which acts as a common investment and administrative agent for participating public employers within the State of California. A

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

menu of benefit provisions as well as other requirements are established by State statutes within the Public Employees' Retirement Law. The City selects optional benefit provisions from the benefit menu by contract with CalPERS and adopts those benefits through local ordinance. CalPERS issues a separate comprehensive annual financial report. Copies of CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

On September 12, 2012, the California Governor signed the California Public Employees' Pension Reform Act of 2013 (PEPRA) into law. PEPRA took effect January 1, 2013. Key components of the legislation are as follows:

- Establishes PEPRA which applies to all public employers and public pension plans on and after January 1, 2013 (except specific exemptions);
- Establishes new retirement tiers/benefits for new public employees;
- Prohibits certain cash payment from being counted as compensation; and
- Increases retirement age for all new public employees.

Active plan members in the Miscellaneous Plan of the City are required to contribute 6.75% of reportable earnings for a 2.0% at 62 retirement plan under PEPRA. Active plan members in the Safety Plan of the City are required to contribute 12.25% of reportable earnings for a 2.7% at 57 retirement plan under PEPRA. The member rates will be reviewed once a year when the actuarial valuation of the plans are performed.

The required employer contribution rates for fiscal year ended June 30, 2015 under PEPRA are the same as the employer contribution rates for existing miscellaneous employees and public safety employees.

***Benefits provided*** - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

The Plans' provisions and benefits in effect at June 30, 2015, are summarized as follows:

	<u>Miscellaneous</u>	
	Prior to January 1, 2013	On or after January 1, 2013
Hire date	1, 2013	January 1, 2013
Benefit formula	2.5% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50-55	52 - 67
Monthly benefits, as a % of eligible compensation	2.0% to 2.5%	1.0% to 2.5%
Required employee contribution rates	8.00%	6.75%
Required employer contribution rates	21.637%	21.637%

	<u>Safety</u>	
	Prior to January 1, 2013	On or after January 1, 2013
Hire date	1, 2013	January 1, 2013
Benefit formula	3.0% @ 50	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service
Benefit payments	monthly for life	monthly for life
Retirement age	50	50 - 57
Monthly benefits, as a % of eligible compensation	3.00%	2.0% to 2.7%
Required employee contribution rates	9.00%	9.00%
Required employer contribution rates	38.111%	38.111%

**Employees covered** - At June 30, 2015, the following employees were covered by the benefit terms for each Plan:

	<u>Misc</u>	<u>Safety</u>
Inactive employees or beneficiaries currently receiving benefits	546	415
Inactive employees entitled to but not yet receiving benefits	437	109
Active employees	387	240
Total	<u>1,370</u>	<u>764</u>

**Contributions** - Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. Funding contributions for both Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Local Government is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**b. Net pension liability**

The City's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2014, using an annual actuarial valuation as of June 30, 2013 rolled forward to June 30, 2014 using standard update procedures. A summary of principal assumptions and methods used to determine the net pension liability is shown below. The City's net pension liability is liquidated using employee benefits internal service fund's unrestricted net position.

**Actuarial Assumptions** - The total pension liabilities in the June 30, 2013 actuarial valuations were determined using the following actuarial assumptions:

	<u>Misc</u>	<u>Safety</u>
Valuation Date	6/30/2013	6/30/2013
Measurement Date	6/30/2014	6/30/2014
Actuarial Cost Method	Entry-Age Normal Cost Method	
Actuarial Assumptions:		
Discount Rate	7.50%	7.50%
Inflation	2.75%	2.75%
Payroll Growth	3.00%	3.00%
Projected Salary Increase <sup>(1)</sup>	3.3% - 14.2%	3.3% - 14.2%
Investment Rate of Return <sup>(2)</sup>	7.50%	7.50%

<sup>(1)</sup> Depending on age, service and type of employment

<sup>(2)</sup> Net of pension plan investment expenses, including inflation

The probabilities of mortality are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007. Pre-retirement and Post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries.

All other actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website.

**Discount Rate** - The discount rate used to measure the total pension liability was 7.50% for each Plan. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.50 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long term expected discount rate of 7.50 percent will be applied to all plans in the Public Employees Retirement Fund (PERF). The stress test results are presented in a detailed report that can be obtained from the CalPERS website.

According to Paragraph 30 of GASB Statement 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 7.50 percent investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. An investment return excluding administrative expenses would have been 7.65 percent. Using this lower discount rate has resulted in a slightly higher Total Pension Liability and Net Pension Liability. The difference is not material the City's financial statements.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB 67 and 68 calculations through at least the 2017-18 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time as the methodology have changed.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

<u>Asset Class</u>	<u>New Strategic Allocation</u>	<u>Real Return Years 1-10 (a)</u>	<u>Real Return Years 11+ (b)</u>
Global Equity	47.00%	5.25%	5.71%
Global Fixed Income	19.00%	0.99%	2.43%
Inflation Sensitive	6.00%	0.45%	3.36%
Private Equity	12.00%	6.83%	6.95%
Real Estate	11.00%	4.50%	5.13%
Infrastructure and Forestland	3.00%	4.50%	5.09%
Liquidity	2.00%	-0.55%	-1.05%

(a) An expected inflation of 2.5% used for this period.

NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

***d. Pension expenses and deferred outflows/inflows of resources related to pensions***

For the year ended June 30, 2015, the City recognized pension expenses of \$5,287,962 and \$10,625,031 for Miscellaneous Plan and Safety Plan, respectively. At June 30, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Miscellaneous Plan</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 6,126,339	\$ -
Net difference between projected and actual earnings on pension plan investments	-	(13,509,462)
Total	<u>\$ 6,126,339</u>	<u>\$ (13,509,462)</u>

	<u>Safety Plan</u>	
	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Pension contributions subsequent to measurement date	\$ 10,458,476	\$ -
Net difference between projected and actual earnings on pension plan investments	-	(21,745,031)
Total	<u>\$ 10,458,476</u>	<u>\$ (21,745,031)</u>

\$6,126,339 and \$10,458,476 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

	<u>Miscellaneous Plan</u>	<u>Safety Plan</u>
<u>Year Ended June 30</u>	<u>Deferred Outflows/ (Inflows) of Resources</u>	<u>Deferred Outflows/ (Inflows) of Resources</u>
2016	\$ (3,377,366)	\$ (5,436,258)
2017	(3,377,366)	(5,436,258)
2018	(3,377,366)	(5,436,258)
2019	(3,377,364)	(5,436,257)
Total	<u>\$ (13,509,462)</u>	<u>\$ (21,745,031)</u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

**11. Postemployment benefits**

**a. Plan Description**

The City provides retiree medical benefits under the CalPERS health plan, an agent multiple-employer public employee defined postemployment benefit plan, which provides medical insurance benefits to eligible retirees and their spouses in accordance with various labor agreements. Copies of the CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 P Street, Sacramento, CA 95814.

**b. Eligibility**

Employees are eligible for retiree health benefits if they retire from the City on or after age 50 (unless disabled) and are eligible for a PERS pension. The benefits are available only to employees who retire from the City. Membership of the plan consisted of 566 eligible active employees and 248 enrolled eligible retirees at June 30, 2015. These amounts do not reflect current retirees not enrolled in the CalPERS health plan who are eligible to enroll in the plan at a later date.

**c. Funding Policy**

The contribution requirements of plan members and the City are established and may be amended by the City Council. The City must agree to make a defined monthly payment towards the cost of each retiree's coverage. The required contribution is based on projected pay-as-you-go financing requirements effective January 1, 2007. The City's contribution rates were \$122 and \$119 per month for each retiree for the calendar years ended 2015 and 2014, respectively. For the fiscal year ended June 30, 2015, the City contributed \$355,998 to the plan. Plan members receiving benefits contributed \$1,881,193 (approximately 84% of total premiums) through their required contribution.

*Annual OPEB Cost and Net OPEB Obligation.* The City's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) not to exceed thirty years. The City's OPEB liability is liquidated using employee benefits internal service fund's unrestricted net position.

The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation:

	<u>June 30, 2015</u>
Annual required contribution	\$ 1,299,589
Interest on net OPEB obligation	178,479
Adjustment to annual required contribution	<u>(132,207)</u>
Annual OPEB cost (expense)	1,345,861
Contributions made	<u>(355,728)</u>
Increase in net OPEB obligation	990,133
Net OPEB Obligation, Beginning of Year	<u>3,966,206</u>
Net OPEB Obligation, End of Year	<u>\$ 4,956,339</u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2015 and the two preceding years were as follows:

<u>Fiscal Year Ended</u>	<u>Annual OPEB Cost</u>	<u>Percentage of Annual OPEB Cost Contributed</u>	<u>Net OPEB Obligation</u>
6/30/13	\$ 941,164	34.8%	\$ 3,330,851
6/30/14	981,172	35.2%	3,966,206
6/30/15	1,345,861	26.4%	4,956,339

**d. Funding Status and Progress**

<u>Valuation Date</u>	<u>Actuarial Accrued Liability</u>	<u>Actuarial Value of Assets</u>	<u>Unfunded Liability (Excess Assets)</u>	<u>Funded Ratio</u>	<u>Annual Covered Payroll</u>	<u>Unfunded Actuarial Liability % of Payroll</u>
3/1/2015	\$ 14,267,570	-	\$ 14,267,570	0.0%	\$ 6,768,141	210.8%

The actuarial valuation as of 3/1/2015 is the most recent actuarial valuation available.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for the benefits.

**e. Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial assets, consistent with the long-term perspective of the calculations.

The actuarial cost method used for determining the benefit obligations is the entry age normal cost method. The actuarial assumptions included a 4.5 percent investment rate of return, which is based on assumed long-term investment returns on plan assets and on the City's assets, as appropriate, and an annual healthcare cost trend rate of 4 percent annual. Both rates included a 2.75 percent inflation assumption. The UAAL is being amortized as a level percentage of projected payroll over 30 years using a closed amortization period. It is assumed the City's payroll will increase 2.75 percent per year. The assumptions used for determining the contribution requirements are the same as the assumptions used in the calculation of the funded status.

**12. Non-committal debt**

- a. Garden Grove Industrial Development Authority Certificate of Deposit Revenue Bonds, Issue of 1982 for \$4,555,000, were issued as an obligation of the Authority. These bonds are not reflected in the City's financial statements since the use and disposition of the bond proceeds are controlled by an outside trustee, rather than the City, and since neither the Authority, nor the City, is, in any event, liable for the payment of the principal or interest on the bonds. The bond issue was publicly offered with a letter of credit issued by the trustee as security pledged for repayment of the bond issue. The bonds were issued for the acquisition, expansion and rehabilitation of commercial property.
- b. Garden Grove Housing Authority Variable Rate Demand Multifamily Housing Revenue Bonds, Series A of 1990, for \$12,000,000 were issued as an obligation of the Housing Authority. These bonds are not reflected in the City's financial statements since the use and disposition of the bond proceeds are controlled by an outside trustee, rather than the City, and since neither the Housing Authority, nor the City, is, in any event, liable for the payment of the principal or interest on the bonds. The bonds were issued to provide funds for the cost of developing the Valley View Senior Village, a multifamily rental housing project in the City.

**13. Commitments and contingencies**

**a. Grants**

Under the terms of federal, county and state grants, periodic audits are required and certain costs may be questioned as not appropriate expenditures under the terms of the grants. Such audits could lead to reimbursements to the grantor agencies. If some expenditures were disallowed, the City believes such disallowances, if any, would be immaterial.

**b. Claims**

There are certain claims against the City, which have been denied and referred to the City's insurance carrier. The City believes that none of these claims will exceed insurance coverage.

**14. Classification of Net Position and Fund Balances**

**a. Government-wide Financial Statements**

In the government-wide financial statements, net position is classified in the following categories:

- Net Investment in Capital Assets – This category groups all capital assets into one component of net position. Accumulated depreciation on these assets and the outstanding principal of related debt reduce this category.
- Restricted Net Position – This category consists of restricted assets reduced by liabilities related to those assets.
- Unrestricted Net Position – This category represents the net position of the City that are not externally restricted for any project or other purpose.

Restricted resources are used first to fund appropriations.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

**b. Fund Balances**

As prescribed by GASB Statement No. 54, governmental funds report fund balance in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the funds can be spent. As of June 30, 2015, fund balance for governmental funds are made up of the followings:

- Nonspendable Fund Balance – includes amounts that are (a) not in spendable form, or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example: inventories, prepaid amounts, and long-term notes receivable.
- Restricted Fund Balance – includes amounts that can be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- Committed Fund Balance – includes amounts that can only be used for the specific purposes determined by a formal action of the City’s highest level of decision-making authority, the City Council. Commitments may be changed or lifted only by the City taking the same formal action via an ordinance that imposed the constraint originally.
- Assigned Fund Balance – comprises amounts intended to be used by the City for specific purposes that are neither restricted nor committed. Intent is expressed by the City Council to which the City Council has delegated the authority to assign amounts to be used for specific purposes.
- Unassigned Fund Balance – is the residual classification for the General Fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose.

In circumstances when an expenditure is made for a purpose for which amounts are available in multiple fund balance classifications, fund balance is depleted in the order of restricted, committed, assigned, and unassigned.

**15. New Accounting Standards**

Effective July 1, 2014, the accompanying financial statements reflect the implementation of GASB Statement No. 68, *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27* (GASB 68), which provides requirements for how pension costs and obligations are measured and reported in the basic financial statements. When an organization’s pension liability exceeds the pension plan’s net position available for paying benefits, there is a net pension liability which must be reported in the basic financial statements. In addition, GASB 68 requires that projected benefit payments be discounted to their actuarial present value using a single rate that reflects (1) a long-term expected rate of return on pension plan investments to the extent that the pension plan’s fiduciary net position is projected to be sufficient to pay benefits and pension plan assets are expected to achieve that rate and (2) a tax-exempt, high-quality municipal bond rate to the extent that the conditions under (1) are not met.

GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68* (GASB 71) requires that, at transition to the new accounting standards in accordance with GASB 68, a government should recognize a beginning deferred outflow of resources for its pension contributions made after the measurement date of the beginning net pension liability. However, it continues to require that the beginning balances for other deferred outflows and deferred inflows be reported at transition only if it is practical to determine such amounts.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

As a result of the implementation of GASB 68 and GASB 71, the City restated beginning net position as of July 1, 2014 as discussed in note 18 – Prior Period Adjustment.

In February 2015, GASB issued Statement No. 72, Fair Value Measurement and Application (GASB 72). GASB 72 is intended to improve accounting and financial reporting for state and local governments' investments by enhancing the comparability of financial statements among governments by requiring measurement of certain assets and liabilities at fair value using a consistent and more detailed definition of fair value and accepted valuation techniques. The City chose to implement GASB 72 during FY 2015 resulting in the following disclosures:

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of June 30, 2015:

- U.S. Treasury securities of \$42.4 million are valued using quoted market prices (Level 1 inputs).
- U.S. Agency Securities of \$116.7 million are valued using quoted market prices (Level 1 inputs).
- Local Agency Investment Fund of \$44.6 million are valued using quoted market prices (Level 1 inputs).
- Reserve Funds Held by Fiscal Agent of \$9.5 million are valued using quoted market prices (Level 1 inputs).

As of June 30, 2015, the City has no nonrecurring fair value measurement on its assets.

**16. Low Income Housing Loan Programs**

The former Garden Grove Agency for Community Development, CDBG and HOME, and other governmental funds provide down payment assistance to first time low or moderate income homebuyers and rental and home rehabilitation assistance to eligible low and moderate income persons. This financial assistance is provided in the form of deferred second mortgages, secured by promissory notes and deeds of trust on the property. These second mortgage loans become due upon the sale of the property or if the property no longer qualifies as the applicant's principal residence. These loans are interest-free for up to thirty years. There is an equity participation interest on some of the loans. The balance of these loans at June 30, 2015 totaled \$38 in HOME Grant special revenue fund, \$523,839 in the Housing Successor Agency capital projects fund and \$2,212,743 in the Other Grants and Contributions special revenue fund. Since the loans do not bear interest for at least thirty years, the present value of the loans is significantly less than the principal amounts. For this reason and because collection may be dependent on equity in the home when sold, the loans are not included as an asset. These loans are expensed when made and repayments are recorded as revenues in the year received.

**17. Joint Venture**

The City participates in the Anaheim-Garden Grove-Orange Fire Training Facility Authority (the "Authority"), a joint powers authority created to finance fire training and dispatching facilities. The City Council of each city appoints one representative to the three-member Board of Directors. The City's proportionate share in the authority is 26.67 %. Because the City is not financially accountable, the Authority is not considered part of the City's reporting entity. Separate financial statements are not issued.

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

**18. Prior Period Adjustments**

A prior period adjustment of \$110,994 was made to decrease the beginning fund balance of the Air Quality Improvement fund (AQMD), a nonmajor special revenue fund, for an overstatement of revenue at June 30, 2014. The adjustment includes \$55,890 in revenues received after the availability period and \$55,104 of excess revenue accruals.

Prior period adjustments of \$197,907,327 and \$17,796,970 were made to decrease the beginning net position of the respective governmental activities and business-type activities, respectively, to reflect the prior period costs related to the implementation of the net pension liability in accordance with GASB 68.

The restatement of beginning net position of the major business-type activities, as a result of the implementation of the net pension liability, is summarized as follows:

<u>Water Utility Fund</u>	
Net position at July 1, 2014, as previously stated	\$ 70,604,290
Net pension liability adjustments	<u>(11,225,129)</u>
Net position at July 1, 2014, as restated	<u><u>\$ 59,379,161</u></u>

<u>Sewage Collection Fund</u>	
Net position at July 1, 2014, as previously stated	\$ 74,640,314
Net pension liability adjustments	<u>(5,472,909)</u>
Net position at July 1, 2014, as restated	<u><u>\$ 69,167,405</u></u>

<u>Solid Waste Disposal Fund</u>	
Net position at July 1, 2014, as previously stated	\$ 3,994,970
Net pension liability adjustments	<u>(1,098,932)</u>
Net position at July 1, 2014, as restated	<u><u>\$ 2,896,038</u></u>

The aforementioned adjustments result in the following restatement to net position at July 1, 2014 in the Government-Wide Statement of Net Position:

	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Net position at July 1, 2014, as previously stated	\$ 784,015,579	\$ 151,590,267
Prior period adjustments:		
Net pension liability adjustment	(197,907,327)	(17,796,970)
AQMD revenue adjustment	<u>(55,104)</u>	<u>-</u>
Total prior period adjustment	<u>(197,962,431)</u>	<u>(17,796,970)</u>
Net position at July 1, 2014, as restated	<u><u>\$ 586,053,148</u></u>	<u><u>\$ 133,793,297</u></u>

**CITY OF GARDEN GROVE  
NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED)  
FISCAL YEAR ENDED JUNE 30, 2015**

---

**19. Subsequent Events**

In October 2015, the City issued 2015 Water Revenue Refunding Bonds, Series 2015 (2015 Bonds) totaling \$8,500,000 for the purpose of refunding outstanding Certificates of Participation (Water Services Capital Improvement Program) Series 2004. The 2015 Bonds are secured by and payable from water system revenues which are deposited with the City's Trustee.

In November 2015, the Garden Grove Public Financing Authority issued Lease Revenue Bonds, Series 2015A (2015A Bonds) totaling \$24,790,000 for the purpose of refinancing the City of Garden Grove Certificates of Participation Series A of 2002 (2002 COPs) and to finance the acquisition and/or construction of a fire station, police building renovations, and other public capital improvements. The 2015A Bonds are secured by a first pledge of and lien on a ground lease base rental payments.

Contribution deficiency (excess)	<u>\$ 1,246,325</u>	<u>\$ 1,308,802</u>
Covered-employee payroll	\$ 27,827,481	\$ 26,349,761
Contributions as a percentage of covered-employee payroll	18.33%	35.78%

<sup>(1)</sup> Historical information is required only for measurement periods for which GASB 68 is applicable

**Notes to Schedule:**

Valuation date: 6/30/2012

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal
Amortization method	Level percent of payroll
Remaining amortization period	20 years as of valuation date
Asset valuation method	15 year smoothed market
Inflation	2.75%
Salary Increases	3.30% to 14.20% depending of age, service, and type of employment
Payroll growth	3.00%
Investment rate of return	7.50%, net of administrative expenses
Retirement age	The probabilities of retirement are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007.
Mortality	The probabilities of mortality are based on the 2010 CalPERS Experience Study for the period from 1997 to 2007. Pre-retirement and Post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries.

**CITY OF GARDEN GROVE**  
**NOTE TO REQUIRED SUPPLEMENTARY INFORMATION**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

Under Article XIII B of the California Constitution (the GANN Spending Limitation Initiative), the City is restricted as to the amount of annual appropriations, and if certain proceeds of taxes exceed allowed appropriations, the excess must be refunded to the taxpayers either through revised tax rates or revised fee schedules.

The City budget report is prepared under the direction of the City Manager in accordance with generally accepted accounting principles (GAAP) and the requirements of Municipal Code Section 2.08.150. Annual budgets are legally adopted for the general fund, special revenue funds, and capital projects funds. These funds are budgeted based on the modified accrual basis of accounting and include proposed expenditures and the means of financing them. The City Council approves the total budgeted appropriations and any amendments to total appropriations which may be required during the year. Revenues are budgeted by source, and expenditures are budgeted by program.

The legal level of budgetary control is considered to be at the fund level since management can reassign resources within a fund without special approval from City Council. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions which alter the total appropriations of any fund must be approved by City Council.

# **Other Supplemental Information**

*This page is intentionally blank.*

## **CITY OF GARDEN GROVE SPECIAL REVENUE FUNDS**

### ***Public Safety Fund***

Revenues received from the City's share of drug forfeit and seizure money, revenues received from the state under SB172, and various police grants are accounted for in this fund. These funds are used to help support the City's public safety operations.

### ***State Gas Tax Fund***

State gasoline taxes received by the City are accounted for in this fund. Revenue received is used for street maintenance, construction, and/or right of way acquisition.

### ***Golf Course Fund***

This fund was established to account for rental payments received from the lease of the Willowick Golf Course.

### ***Self Supporting Revenue Fund***

Recreation programs that are self supporting are accounted for in this fund.

### ***Developer Fees Fund***

Traffic mitigation and developer fees used to alleviate traffic and sewer problems caused by new development, cultural art fees to be used for City cultural arts projects and programs, part fees which are to be used for park development, drainage fees which are to be used to alleviate City drainage problems, are some of the fees that are accounted for in the fund.

### ***Garden Grove Cable Fund***

This fund represents a grant from a private cable corporation of 2% and its cable usage revenue. Expenditures are for public, educational, and governmental access.

### ***Street Lighting Fund***

The purpose of this fund is to provide an accounting for the installation, operation, and maintenance of street lighting within the City. Revenues for this fund are received from property taxes collected by the County of Orange.

### ***Park Maintenance***

The purpose of this fund is to provide an accounting for the maintenance of parks within the City. Revenues for this fund are received from property taxes collected by the County of Orange.

### ***Main Street District Fund***

This fund is used to account for the maintenance of improvements on Main Street in downtown Garden Grove. Revenue for this fund are received from a property tax levy on the main street area.

### ***Air Quality Improvement Fund***

This fund is used to account for revenue received from the State of California Air Quality Management District for the primary purpose of establishing a ride share program for City employees.

### ***Garden Grove Tourism Improvement District***

This fund is used to account for the tourism marketing efforts through the Anaheim/Orange County Visitors and Convention Bureau and other activities and improvements that promote tourism in the Garden Grove Tourism Improvement District area.

**CITY OF GARDEN GROVE  
SPECIAL REVENUE FUNDS (CONTINUED)**

***Street Rehabilitation Fund***

This fund is used to account for revenues received and expenditures made for the housing assistance program, which is funded by the U.S. Department of Housing and Urban Development.

**CAPITAL PROJECTS FUNDS**

***Housing Successor Agency Fund***

Capital projects for low and moderate income housing are accounted for in this fund.

***Housing Authority Assets Fund***

Capital projects with the Civic Center area are accounted for in this fund.

**CITY OF GARDEN GROVE  
INTERNAL SERVICE FUNDS**

***Workers' Compensation Fund***

The City's self-funded workers' compensation program, which is accounted for in this fund, is financed by charges to all City departments based on number and classification of employees. Expenses include operating costs and all payments relating to injured employees.

***Fleet Management Fund***

The costs of operating and maintaining City owned vehicles and other gasoline-powered equipment are accounted for in this fund. The fund is financed by charges to the various City departments for actual cost plus a contributory sum for vehicles/equipment replacement. Actual costs include depreciation, maintenance and other factors necessary for the provision of the service.

***Employee Benefits Fund***

This fund encompasses all other employee benefits such as retirement contributions, health, dental, disability, life insurance, and sick leave, vacation, and other paid leaves. Revenues for this fund are derived from periodic charges to all departments based on the number of employees, length of service and insurance coverage. Funds are used to pay actual expenses and to accrue existing liabilities.

***Information Systems Fund***

This fund encompasses the cost of operating and maintaining the City's computer system. The fund is financed by charges to the various City departments based on computer usage.

***Warehouse Operations Fund***

This fund is used to account for the provision of materials and supplies to the various City departments. Financing is provided by the user City departments by payment of costs of material and supplies plus an overhead charge.

***Telephone System Fund***

This fund accounts for the operation of the City's telephone system. The financing comes from charges to the various City departments based on actual toll charges and the lease cost prorated on the number of instruments.

***Risk Management Fund***

This fund is used to account for the City's self-insured liability program and for the purchase of various types of property and casualty insurance protection as required by the City. The funds are used to pay any liability losses, program operating costs, insurance premiums and insurance deductibles. Revenues for this fund are generated from assessments made to all City departments for their pro-rata share of the total costs of the insurance administration program.

*The City of Garden Grove implemented GASB 34 for the fiscal year ended June 30, 2002 and implemented GASB 63 and GASB 65 for the fiscal year ended June 30, 2013.*

*1 FY11-12: The \$18.9 million loss in governmental activities represents a one-time loss as a result of the dissolution of Redevelopment Agency in 2012.*

*2 FY11-12: The \$2.9 million loss in business-type activities represents a one-time loss due to the transfer of the remaining net assets of RV Park enterprise fund to the Successor Agency Trust fund.*

*3 FY11-12: The \$20.4 million was primarily related to the \$19.6 million transfer from the Mobile Home Park enterprise fund to the General fund as a result of the discontinuance of operations of the Mobile Home Park fund.*

*4 FY12-13: The \$2.3 million capital contribution was related to the transfer of land from the Successor Agency Trust fund to the General fund.*

*5 FY13-14: The \$1.0 million loss in governmental activities represents a one-time loss due to the disposal of land.*

**NOTE:**

*In 1978 the voters of the State of California passed Proposition 13 which limited property taxes to a total maximum rate of 1% based upon the assessed value of the property being taxed. Each year, the assessed value of property may be increased by an "inflation factor" (limited to a maximum increase of 2%). With few exceptions, property is only re-assessed at the time that it is sold to a new owner. At that point, the new assessed value is reassessed at the purchase price of the property sold. The assessed valuation data shown above represents the only data currently available with respect to the actual market value of taxable property and is subject to the limitations described above.*

- (1) *The Redevelopment Agency was dissolved in February 2012.  
The Successor Agency was created to close out the Redevelopment Agency.*
- (2) *Prior year figures amended.*

<sup>1</sup> The City refunded the \$52,325,000 tax allocation bonds in 2003.

<sup>2</sup> The City borrowed \$32,000,000 from Union Bank for the Redevelopment Agency in 2008.

<sup>3</sup> The City refunded the \$9,010,000 HUD Section 108 loan, of which \$7,660,000 was borrowed from HUD in 2008.

<sup>4</sup> The City financed new copiers with a \$376,774 capital lease.

<sup>5</sup> The City issued \$21,845,000 Sewer COP in 2006.

<sup>6</sup> These ratios are calculated using personal income and population for the prior calendar year.

<sup>7</sup> The City issued \$16,625,000 Water Revenue Bond in 2010.

*The Government Code of the State of California provides for a legal debt limit of 15% of gross assessed valuation. However, this provision was enacted when assessed valuation was based upon 25% of market value. Effective with the 1981-82 fiscal year, each parcel is now assessed at 100% of market value (as of the most recent change in ownership for that parcel). The computations shown above reflect a conversion of assessed valuation data for each fiscal year from the current full valuation perspective to the 25% level that was in effect at the time that the legal debt margin was enacted by the State of California for local governments located within the state.*
