CITY APPROVES MOVE TO OCFA

At Tuesday night's regular Garden Grove City Council meeting, the City Council approved entering into an agreement with the Orange County Fire Authority (OCFA) to provide fire and emergency medical services to the City of Garden Grove. The agreement provides for the delivery of services to begin on August 16, 2019 with an option to withdraw every ten years.

"Public safety is a top priority for our City Council, especially when it comes to providing the highest level of services that meet the growing needs of our city. I'm confident that the OCFA will not only meet, but will surpass our expectations to protect Garden Grove from destructive fires, and render emergency aid when it's vitally needed," said Garden Grove Mayor Steve Jones.

The decision comes after several months of study and deliberation that began in March 2018 when the City received a proposal from the OCFA to provide the City with fire and emergency services.

"We welcome the Garden Grove firefighters to our department," said OCFA Board Chair Joseph Muller. "Working together, I know these professionals will provide exceptional emergency services to the entire region including the city of Garden Grove."

2-2-2

Under the provisions of the contract, the OCFA will provide for all personnel and administration, emergency response units and equipment, including vehicle depreciation and replacement, routine station maintenance, fire prevention (plan check reviews, fire inspections, and permits), and community fire education.

“Transitioning a city fire department is complex and time consuming,” said OCFA Fire Chief Brian Fennessy. “We have a team in place to ensure a smooth transition, and that the citizens are well-served. I look forward to working with a new group of skilled firefighters.”

Currently, the Garden Grove Fire Department employs 77 uniformed personnel that will continue to serve under the OCFA. In addition, paramedics will now have the benefit of a medical director and on-staff nurses to help with education and oversight.

“My goal is to make our transition over to the OCFA as seamless as possible for everyone. It’s an exciting new chapter in our city, that in the end, will raise the level of safety and services we currently have, and that’s something positive to look forward to,” said Garden Grove City Manager Scott Stiles.

INTER-DEPARTMENT MEMORANDUM

To: Scott C. Stiles
Dept: City Manager
Subject: ANNUAL COMPOST GIVEAWAY

From: William E. Murray
Dept: Public Works
Date: April 4, 2019

OBJECTIVE

To provide information regarding the City's annual Compost Giveaway.

BACKGROUND/DISCUSSION

On Saturday, April 13, 2019, the annual Compost Giveaway Event (event) will be held at the Municipal Service Center. This drive thru event, which is hosted by the City's waste hauler, Republic Services, will provide up to 60 gallons of free compost to Garden Grove residents. The event begins at 8:00 am and will continue until supplies run out. The purpose of the event is to close the loop on this material that has been diverted from the landfill and is ready to be used for gardening. The event has historically received a large turnout every year, serving approximately 150 households. Information is currently available on the City's website.

If you need additional information, please contact Raquel Manson at extension 5554.

Subject: OC LAFCO Proposed Budget

City Manager,

This morning, the Commission approved the proposed budget as recommended by staff, and directed that the documents be distributed to the funding agencies for additional review and comment. The public hearing for consideration of the final budget is scheduled for May 8, 2019 at 8:15 am, at the Planning Commission Hearing Room in the County Hall of Administration at 10 Civic Center Plaza, Santa Ana, CA . Comments on the proposed budget may be submitted in writing to 2677 North Main Street, Suite 1050, Santa Ana, CA 92705 or by email to me at dkurita@oclafco.org. Written comments received by OC LAFCO through April 29 will be included with the staff report for the meeting on May 8. Additionally, comments may be submitted during the public hearing. Please contact me if you have any questions or need any additional information.

Thank you,

SUBJECT: Proposed Fiscal Year 2019-20 OC LAFCO Budget and Fee Schedule

BACKGROUND

The State Government Code Section 56381(a) requires the Commission to hold a public hearing to adopt a proposed annual budget. The proposed FY 2019-20 budget is presented in a line-item format for the Commission's review and consideration (*Attachment 1*).

In March, staff and the Commission's Executive Committee, comprised of Chair Cheryl Brothers, Vice Chair Douglass Davert and Immediate Past Chair Derek McGregor, met and reviewed the proposed budget. In accordance with the Commission's Bylaws, the Executive Committee reviews the preliminary agency budget and serves in an advisory role on this matter to the full Commission. If the proposed budget is approved by the Commission, it will be distributed for review and comment to the Board of Supervisors, the cities, and the independent special districts. Subsequently, the final budget, together with any submitted comments, will be considered by the Commission at a second public hearing during the May 8, 2019 regular meeting.

Fee Schedule Resolution

In 2017, the Commission approved changes to the fee structure and deposits required for processing project applications. These changes included an annual update of the Fee Schedule to reflect the current rates for direct charges for staff and legal counsel costs, as well as increases by the State for CEQA related fees. As State law requires public agencies to conduct a public hearing for the approval of amendments to fees, the recommended actions include adopting the updated Fee Schedule Resolution. (*Attachment 2*)

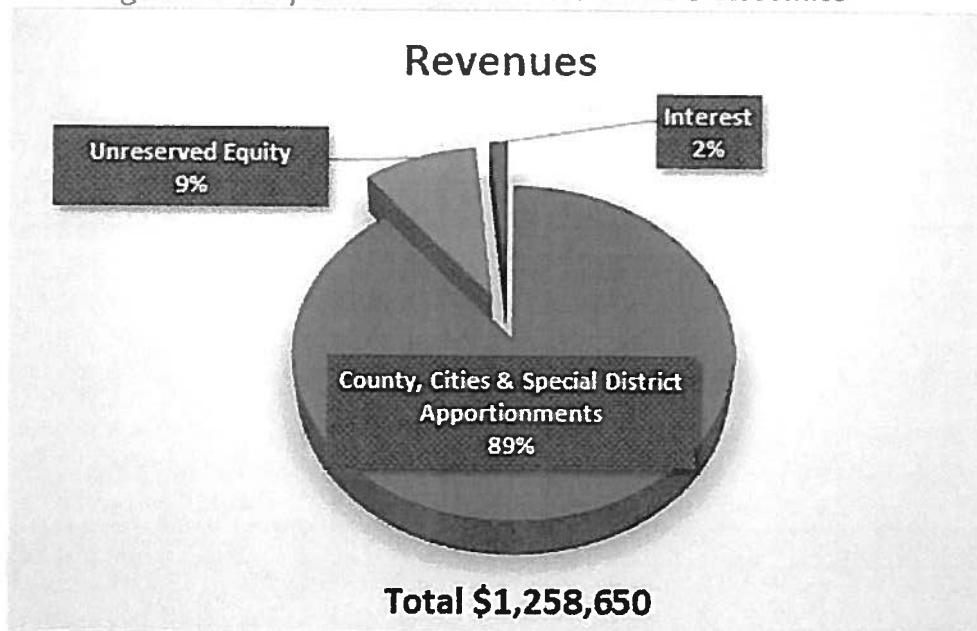

FY 2019-20 OC LAFCO Proposed Budget

The proposed FY 2019-20 budget is balanced; the expected expenditures are funded by the projected ongoing revenues together with a drawdown of unreserved equity. The proposed budget totals \$1,258,650, which represents an increase of 10.4 percent from the approved FY 2018-19 budget. The following provides a description and analysis of the revenues, expenditures and reserves contained in the FY 2019-20 proposed budget.

REVENUES

The revenues in the proposed budget for FY 2019-20 total \$1,258,650. The agency revenues are grouped into four categories: (1) County, Cities, and Special Districts Apportionments, (2) Interest, (3) Unreserved equity, and (4) Miscellaneous Revenue. As depicted in Figure 1, the apportionments to the funding agencies constitute 89 percent of the revenues with the balance being contributed by unreserved equity and interest revenue.

Figure 1 - Proposed FY 2019-20 OC LAFCO Revenues

(1) County, Cities, and Special Districts Apportionments

The apportionments from the funding agencies provide the largest revenue source for OC LAFCO. The total apportionment for FY 2019-20 of \$1,124,500 to be collected from the County, cities and special districts constitutes an overall increase of three percent from the FY 2018-19 budget. The apportionment is equally divided amongst the County, cities and independent special districts. The apportionments for the individual cities and independent special districts are calculated by the County Auditor-Controller using the formulas adopted by the City Selection Committee and the Independent Special District Selection Committee respectively. The individual apportionments for FY 2019-20 are delineated in *Attachments 1B and 1C*.

(2) Interest

This revenue category includes interest earned from the agency's savings account, payroll account and two investment accounts - the Local Agency Investment Fund and the Orange County Fund. Since the Commission receives an influx of revenues in the beginning of each fiscal year from the funding agencies, the apportionments are deposited into the highest interest earning accounts. Throughout the fiscal year, designated OC LAFCO staff members, in consultation with the agency's independent accountant, withdraw funds from the accounts to cover the agency's operational expenses. Given the current trends in rates, the proposed FY 2019-20 budget assumes that the interest accrued on the agency's investment accounts will generate \$18,000 or approximately two percent of the annual revenue.

(3) Unreserved Equity

In its reserve policy, the Commission specifies minimum balances of \$100,000 for contingency reserves, \$75,000 for litigation reserves, and \$30,000 for unfunded liability reserves. Additionally, the Commission's policy mandates that three months of operational expenses be maintained in the reserve account which, for FY 2019-20, amounts to \$314,663. Unreserved equity is any balance available above those minimums. The proposed FY 2019-20 budget revenue assumptions include \$116,150 from the unreserved equity which represents approximately nine percent of the total revenues. Over the past several years, the use of unreserved equity as part of the revenue assumptions has helped to avoid large fluctuations in the annual apportionments to the funding agencies.

(4) Miscellaneous Revenue

The miscellaneous revenue account encompasses the "nonoperational" revenues. This includes revenue received from credit card rebates and other miscellaneous items. Since the miscellaneous revenues are nonoperational and are not guaranteed to materialize, the proposed budget does not include any projected revenues for this category and, therefore, is not included in the chart.

EXPENDITURES

The proposed budget expenditures reflect the resources necessary to support the agency's operations and to effectively manage the mandated projects that are not supported by applicant fees, such as the efforts required for the fourth round of the updates of the Spheres of Influence and Municipal Service Reviews and the Unincorporated Islands Program.

Traditionally, the national CPI is used as the basis for adjustments to the expenditure categories. However, the proposed budget includes adjustments to specific budget categories based on past trending, actual expenditures or the budget instructions from the County regarding the benefit cost projections. For discussion purposes, Commission expenses are described in three categories: (1) Salaries and Benefits, (2) Office Operations and Supplies, and (3) Professional Services. The percentage of each category is depicted in *Figure 2* and described briefly in the following sections.

Figure 2 - Proposed FY 2019-20 OC LAFCO Expenditures

(1) Salaries & Benefits

The proposed FY 2019-20 budget for salaries and benefits for the five full-time professional staff and any temporary or seasonal staff total \$822,750, which is an increase of 17.5 percent from the budgeted amount in FY 2018-19. The budget salary assumptions reflect the implementation of the second year of the Comprehensive Organizational Assessment's recommendation regarding the agency's compensation structure. The two-year implementation plan approved by the Commission provides equity and cost-of-living adjustments for the OC LAFCO positions.

The assumptions for a number of the employee benefits are based on information from the County of Orange which, by contract, currently provides those benefits to the OC LAFCO employees. Additionally, the projection for the deferred compensation contributions reflects the benefit that provides matching contributions of up to two percent of salary for eligible OC LAFCO employees and a five percent of salary contribution for the Executive Officer. The deferred contribution benefit for OC LAFCO employees mirrors the benefits provided by the County to its employees and Executive Managers.

The assumptions for retirement costs are based on the figures provided by the Orange County Employees Retirement System (OCERS). Over the past year, the agency's accountant worked with staff and representatives from OCERS and the County to better understand the agency's retirement costs. As a result of those discussions, the FY 2019-20 budget estimates for retirement costs were calculated using a corrected and refined formula.

In accordance with best budgeting practices, the proposed budget provides for fully funding all staff positions. However, when personnel or other costs are associated with a project application, those costs are tracked in a special fund and reimbursed through the fees collected from the applicant. The fees are updated annually through the Fee Schedule (*Attachment 2*) to ensure that the applicants are compensating the agency for the actual staff costs associated with the project. An accounting of the fees collected, personnel or other costs applied, and balance remaining in these special funds associated with specific mandated projects are provided quarterly and annually to the Commission in the comprehensive report and the audited financial statements. Any savings in staff costs to the General Fund generated by the application of costs to a project special fund will effectively result in a reduction in the amount that will be drawn down from the unreserved equity at the end of the fiscal year.

(2) Office Operations & Supplies

Overall, the Commission operations demonstrate prudent management of agency expenses. The changes in the budget line items for FY 2019-20 include increases in

membership fees, professional development, and the OC LAFCO office lease. Additionally, a number of budget line items reflect decreases in appropriations, including office equipment and supplies, registration and travel, other professional services, and Commissioner and staff expenses. The following provides a brief discussion of the key areas that incorporate the proposed changes in appropriations for office operations and supplies:

➤ *Internet and Telephone (line item 5151)*

The proposed appropriation for this line item, which accounts for the leasing of telephone equipment, telephone technical support, website hosting, and the telephone and cell phone charges, represents an increase of \$1,100 based on actual costs and trends.

➤ *Insurance (line item 5250)*

The agency contracts with the County to provide insurance through a third party for general liability, crime and property insurance, which is reflected in this line item. The figure for insurance is provided to the agency through the County's budget instructions and represents an increase of \$400 for the 2019-20 fiscal year. Currently, staff is performing an analysis to ensure these costs are competitive in the market.

➤ *County Charges (line item 5200)*

In this category, the charges the County assesses for processing payroll, archiving services, storing files and records, and processing the billing and collection of apportionments from the County, cities and special districts are recorded. The proposed budget projects an increase of \$1,500 in this line item to accommodate the County Auditor Controller's newly added function of calculating the annual apportionments for the cities and special districts, as well as an anticipated increase in the storage costs for the agency's archived documents.

➤ *Memberships (line item 5350)*

This line item contains the proposed appropriation for the membership fees paid to professional organizations. A significant element of the allocation is dedicated to the Center for Demographic Research (CDR) which develops Orange County population, employment, housing and other demographic projections that are used by OC LAFCO in preparing the Municipal Service Reviews and Sphere of Influence Updates. Additionally, CDR assists OC LAFCO with special projects and reports, including an annual annexation report that provides an updated boundary map and related demographic information. The 2019-20 fiscal year is the third year of a three-year agreement with CDR at the rate of \$16,000 per year.

This budget line item also contains an increase in the membership for CALAFCO dues that was approved by the CALAFCO Board in February. The proposed allocation reflects a one-time 16.25 percent increase that was applied to all member LAFCOs for FY 2019-20 to cover the CALAFCO's current operational deficit. As a result, the proposed budget dues amount for CALAFCO was raised by \$1,450 for a total annual membership of \$10,376.

➤ *Office Equipment/Supplies (line item 5450)*

The appropriations for Office Equipment and Supplies fluctuates from year to year as the expenditures for computers and related technology are incorporated into this line item. Based on the equipment purchases scheduled for the 2019-20 fiscal year, this budget line item reflects a decrease of \$5,000.

➤ *Public Noticing/Communications (line item 5600)*

This budget category covers expenditures for legal notices required for Commission public hearings. Additionally, communications related to Commission-initiated projects, such as municipal service reviews, that are not reimbursable through applications fees are charged to this line item. The proposed budgeted amount for this line item totals \$2,000 for FY 2019-20.

➤ *Unincorporated Areas Program (line item 5610)*

Annually, the Commission provides a focus for the efforts related to the Unincorporated Areas Program by identifying a specific number of small unincorporated areas (less than 150 acres) that have a high potential for annexation. In accordance with a long-standing policy, the Commission does not collect project fees for processing the annexation of small unincorporated areas. This line item has been added to the annual budget to segregate the communication, public noticing, and other costs associated with the program. For FY 2019-20, the proposed budget allocates \$6,000 for this line item. This amount represents a \$2,200 increase over last year's budgeted amount for this program, which in prior years was included in the Public Noticing/Communications line item. As outreach and other activities may vary for each unincorporated area, this line item may be adjusted annually based on the areas explored for the year.

➤ *Rents/Maintenance (line item 5650)*

This budget line item includes the leasing, maintenance and parking costs for the OC LAFCO offices. On January 4, 2015, the Commission commenced a 64-month lease with Mullrock Lincoln Town Center, LLC. The rent appropriation of \$79,800

for FY 2019-20 represents a 7.8 percent increase, or \$5,800, from the FY 2018-19 budgeted amount. The lease term ends in April 2020 and staff is currently exploring the options for the Commission to consider prior to expiration of the current lease agreement. The budget assumption for this line item incorporates the increases contained in the current lease plus a five percent increase for the months beyond the lease expiration.

➤ ***Equipment Leases and Maintenance (line item 5675)***

This category includes the costs for the lease and maintenance of the copiers and printers for OC LAFCO office use. During the 2018-19 fiscal year, the equipment was upgraded to improve performance and enhance the quality of the documents generated by using the copiers. As a result, the projection for this line item increased by \$2,100 for the year.

➤ ***Professional Development (line item 5750)***

This category includes costs related to staff professional development activities (e.g., conferences, workshops, university courses, or other training classes). The proposed allocation reflects an increase of \$2,000 for the 2019-20 fiscal year.

➤ ***Registration and Travel (line item 5800)***

This line item allocates the funding for the participation by Commissioners and staff in the CALAFCO annual conference, board meetings, staff workshop and other conferences. The proposed budget amounts vary from year to year based on the location the anticipated participation in the events. The estimated costs for the annual staff workshop are maintained at the same level as the FY 2018-19 budget, as the location for FY 2019-20 has not yet been determined. As the next annual conference will take place in Sacramento, the budget amount for FY 2019-20 reflects a decrease of \$1,050 from FY 2018-19.

(3) Professional Services (line items 5510-5540)

The Commission's staff performs the majority of the administrative and project related work; however, the agency continues to utilize professional services for certain ongoing and project-related support. Ongoing administrative support expenses include the Commission's accountant, legal counsel, auditor and human resources support. The FY 2019-20 proposed budget allocations for this category includes the following: legal services (\$60,000); audit and accounting services (\$43,100) and human resources (\$9,000).

Project-related professional services include facilitation for complex and/or contentious projects, preparation of fiscal analyses and models, and other studies or reports. Projects that may require additional professional services in FY 2019-20 include Municipal

Services Reviews, South Orange County Governance and the Outreach and Communications Plan. The proposed allocation for that line item is \$60,000 for the 2019-20 fiscal year.

RECOMMENDATIONS

Staff recommends that the Commission:

1. Adopt the Proposed FY 2019-20 Budget (*Attachment 1*) and direct the Executive Officer to distribute the document for review and comment to the Board of Supervisors, cities, and special districts.
2. Direct staff to schedule a public hearing, per Government Code Section 56381, for consideration and adoption of the Final FY 2019-20 OC LAFCO Budget at the May 8, 2019 regular meeting.
3. Adopt the form of resolution (*Attachment 2*) approving the updated OC LAFCO Fee Schedule.

OC LAFCO FY 2019-20 BUDGET CATEGORIES

REVENUES

The following summarizes what is included in each of the revenue categories used in the proposed FY 2019-20 OC LAFCO Budget:

4000 OC LAFCO Apportionment

These funds are provided by the County, independent special districts and cities. The County pays 1/3 of the total apportionment cost. The cost allocation formulas for the cities and special districts are in accordance with the alternative formulas adopted by the City Selection Committee and the Independent Special Districts Selection Committee respectively.

4050 Filing Fees

These funds are provided by incoming project applications, including but not limited to annexations, reorganizations, incorporations, dissolutions, and consolidations. Filing fees vary with each project received and are not budgeted as revenue due to the uncertainty of when applications are filed. Filing fees are collected to offset OC LAFCO salaries, benefits and other expenditures associated with applications.

4200 Interest

These funds are the interest earned from the agency's bank and County payroll accounts and investment portfolio, including the Local Agency Investment Fund (LAIF) and the Orange County Fund.

4150 Miscellaneous Revenue

These funds are incurred by nonoperational income including but not limited to reimbursements.

EXPENDITURES

The following summarizes what is included in each of the expenditure categories used in the proposed FY 2019-20 OC LAFCO Budget:

5000-5125 Salaries and Benefits

These categories include costs incurred for OC LAFCO employee (full-time and hourly) salaries and benefits, including retirement, unemployment insurance, health and dental insurance, workers' compensation, and Medicare. OC LAFCO contracts with the County of Orange for payroll and benefit services.

5150 Information Technology

This category includes costs incurred for the technical support for regular maintenance and upgrades to the OC LAFCO computer systems and website. OC LAFCO contracts with an independent contractor for these IT services.

5151 Internet and Telephone Expense

This category includes telephone and mobile phone costs, leasing telephone equipment, telephone technical support, website hosting, and internet service.

OC LAFCO FY 2019-20 BUDGET CATEGORIES

5200 County Charges

This category includes costs incurred for payroll processing, archiving services, warehouse storage for OC LAFCO files and records, and billing and collection of County, city and special district allocations provided by the County of Orange.

5250 Insurance

This category includes costs incurred for insurance coverage. OC LAFCO contracts with the County of Orange Risk Management Division for the following coverages for instances that occur during the general operation of the agency.

- General Liability (SLIP) – Includes coverage for personal injury (including bodily injury and property damage), non-owned auto liability, public officials' errors and omissions and employment practices liability.
- Workers' Compensation - State mandated coverage for OC LAFCO employees for work related injuries.
- Crime – Includes coverage for employee or non-employee theft, burglary, forgery or alteration, computer fraud, funds transfer fraud.
- Property (SPIP) - Includes per occurrence, all perils coverage for damage to property including personal property and business interruption coverage.

5350 Membership/Subscriptions

This category includes memberships and subscriptions fees to CALAFCO, CSDA, OCBC, CDR and other applicable memberships.

5450 Office Equipment/Supplies

This category includes costs incurred for the purchase of computer and office supplies/equipment, postage, and software that support the efficient operations of the agency.

5500 Professional Services

This category includes costs incurred for professional services provided to OC LAFCO. The following are subcategories for professional services:

- ✓ **5510 Legal** – OC LAFCO legal counsel expenditures.
- ✓ **5520 Auditing/Accounting** – Bookkeeping and accounting services. This category also includes costs incurred for a certified public accounting firm to conduct mandated audits of OC LAFCO's financial statements and consultant assistance.
- ✓ **5530 Human Resources** – Personnel costs that may include recruitment, professional development and human resource publications.
- ✓ **5535 Mapping** – OC LAFCO's Geographic Information System (GIS) and other mapping programs.
- ✓ **5540 Other Professional Services** – Outside consulting and professional services used for complex and/or contentious projects that may include meeting facilitation, peer reviews, and preparation of Municipal Service Reviews, fiscal studies and other reports.

OC LAFCO FY 2019-20 BUDGET CATEGORIES

5550 Investment Admin Fees

This category includes costs incurred for administrative fees charged by the County of Orange for financial services related to the OC Fund investment portfolio.

5560 Banking Fees

This category includes costs incurred for administrative fees charged by Wells Fargo for management of the OC LAFCO checking and savings accounts.

5600 Public Noticing/Communications

This category includes costs incurred for required legal notices and other communications for Commission-initiated and other projects (e.g., spheres of influence reviews and updates, municipal service reviews, and annual budget adoption) that are not reimbursable through application fees.

5610 Unincorporated Areas Program

This category includes costs incurred for the processing of applications under the Commission's Unincorporated Areas Program.

5650 Rents/Maintenance

This category includes costs for leasing of OC LAFCO office space.

5675 Equipment Leases/Maintenance

This category includes costs for leasing and maintenance of the copier and printers, for OC LAFCO office use.

5700 Commissioner/Staff Expenses

This category includes costs incurred for Commissioner parking, mileage reimbursement, and staff meeting and educational reimbursement expenses.

5710 Commissioner Stipends & Taxes/Fees

This category includes Commissioner meeting stipends and related employment taxes and fees.

5750 Professional Development

This category includes costs related to professional development (e.g., conferences, workshops, university courses, or other training classes).

5800 Transportation/Travel/Registration

This category includes costs incurred for registration and travel expenses for commissioners and staff to attend the CALAFCO annual conference and board meetings, staff workshop and other conferences.

5850 Commission Meeting Expenses

This category includes costs incurred for room rental, parking and miscellaneous supplies used for Commission meetings.

OC LAFCO FY 2019-20 BUDGET CATEGORIES

Contingency Reserve

Restricted funds used to cover any unforeseen future agency loss and/or urgency (i.e., property or equipment damage, loss or theft).

Reserve for Litigation

Restricted funds used for costs related to agency legal challenges.

Unfunded Liability Reserve

Restricted funds used to offset anticipated agency liabilities (i.e., employee vacation payouts).

RESOLUTION OF THE LOCAL AGENCY FORMATION COMMISSION
OF ORANGE COUNTY, CALIFORNIA
UPDATING THE OC LAFCO FEE SCHEDULE

April 10, 2019

On motion of _____ duly seconded and carried, the following resolution was adopted:

WHEREAS, California Government Code Section 56383 allows for a Local Agency Formation Commission to establish a schedule of fees for the costs of proceedings; and

WHEREAS, it is the Commission's policy that fees should be based on actual processing costs plus the costs of necessary indirect and administrative functions; and

WHEREAS, the Executive Officer gave notice of this matter in the manner required by law; and

WHEREAS, the Commission complied with the requirements of Government Code Section 66016, and

WHEREAS, the Commission discussed and considered all oral and written testimony for and against this matter including, but not limited to, the staff report and recommendations from the Executive Officer;

NOW, THEREFORE, the Local Agency Formation Commission of Orange County based on the findings, discussion, and conclusions set forth in the staff report, which is incorporated herein by this reference, DOES HEREBY RESOLVE, DETERMINE and ORDER as follows:

1. The fee schedule set forth in Exhibit A attached hereto is hereby adopted, to become effective on July 1, 2019.
2. The fees set forth in Exhibit A attached hereto do not exceed the estimated reasonable costs of providing the services for which the fees are charged and are necessary to pay the costs of operations related to filing and processing applications to the Orange Local Agency Formation Commission.

AYES:

NOES:

EXHIBIT A

**ORANGE COUNTY LOCAL AGENCY FORMATION
COMMISSION SCHEDULE OF FILING AND PROCESSING FEES****Effective 7/1/2019****FEE SCHEDULE OVERVIEW**

In accordance with Government Code Section 56383, the Commission may establish a schedule of fees and a schedule of service charges for Local Agency Formation Commission (LAFCO) proceedings. The submission of an application to the Orange County (LAFCO) is not officially accepted for processing until the filing fee deposits have been received by the agency. The fees associated with an application or petition are calculated on a time and materials schedule as detailed in the Fee Schedule.

PROVISIONS**1. Additional Deposits:**

- a. The Executive Officer may require an additional deposit from applicants to cover actual costs for review and processing of any application if the Executive Officer determines the project is extraordinary in scope. For example, the Executive Officer may determine that the processing of the proposal will require advice and counsel from LAFCO's General Counsel beyond routine review of the Executive Officer's report, Commission resolutions, and agenda materials. Further, LAFCO reserves the right to require reimbursement for additional expenses not listed in the fee schedule but incurred as a result of processing an application.
- b. If the actual charges exceed the amount of the deposit, the applicant or petitioner shall be notified and shall pay the excess within 15 days of receipt of a statement from LAFCO. Failure to pay may be cause for delay and/or denial of the application/petition, and no proceeding or application shall be completed until all fees due have been paid in full.

2. Indemnification Agreement Requirement

As a condition of approval of any change of organization or reorganization, out-of-agency service agreement, sphere of influence or municipal service review by LAFCO, the applicant(s) and real party(ies) in interest are required to defend, indemnify, hold harmless, and release LAFCO and its agents, officers, attorneys, and employees from any claim, action, or proceeding against LAFCO, and its agents, officers, attorneys, and employees to attack, set aside, void, or annul the approval

of LAFCO concerning the proposal or any action relating to, or arising out of, such approval. In accordance with the Commission's Policy for Indemnification of LAFCO by Applicants (adopted March 8, 2000), the applicant(s) and real party (ies) in interest are required to submit a signed indemnification agreement as part of the application.

The #GGUSDPRIDE E-newsletter features many of the great things happening in GGUSD.
Send your photos to pio_department@ggusd.us to highlight your school or students in the e-newsletter.

GGUSD Named among Nation's Best for Music Education

GGUSD has received the 2019 Best Communities for Music Education Award, a distinction presented to districts that demonstrate outstanding achievement in providing music access and education to all students. GGUSD is one of only four districts in Orange County and one of 18 districts across California to receive this national recognition. Our top-notch Visual and Performing Arts (VAPA) program is well deserving of this honor. [Click here](#) to read more about this awesome accolade.

Peters K-3 Receives Generous Donation

Peters K-3 was presented with a \$1,500 grant by the Denny family courtesy of the Pacific Life Foundation to purchase a new green screen and Dot & Dash Robots for the school's STEAM LAB. This is the second time this year that Pacific Life Foundation has displayed their generosity to the Peters community. Last July, over 120 Pacific Life Foundation volunteers came out and beautified the campus with a splash of color on the blacktop, a new school mural, and new flexible seating in the library.

Special Soccer Tournament

GGUSD's Special Education soccer games were chock-full of intensity and excitement! Students from across the district came together to have some fun and flex their skills on the soccer field. The day was full of ESPN-worthy highlights and an exciting penalty kick shoot out. In the end, it was all about having fun and focusing on students' wonderful abilities.

Crosby Alum Brings Inspiring Story to Elementary Students

Former Crosby Elementary School student Maria visited with Crosby kindergarten students recently to share about her journey and provide an update from college. Maria graduated last year from Garden Grove High School and is currently attending Cal Poly Pomona. Kindergarten students were inspired by her story of academic and personal success. We are grateful she returned for a visit and had to take her photo by the graduation banner that hangs at Crosby to celebrate the success of Crosby Elementary School products and GGUSD grads.

Eisenhower Elementary School kindergarten teachers, Mrs. Velazquez, Mrs. Halter, Mrs. Howell, and Mrs. Gerstner, and the school's resident "Garden Expert" Mr. Keeney spent their first day of spring Break building a new kindergarten garden. The staff can't wait to plant seeds of knowledge with kindergarten students and watch them blossom!

Pre-Enrollment for Transitional Kindergarten and Full-Day Kindergarten Is Now Open!

Pre-enrollment for Fall 2019/20 full-day transitional kindergarten and full-day kindergarten classes in the Garden Grove Unified School District is now open! Parents should pre-enroll online as early as possible at <https://enroll.ggusd.us> and contact their child's home school for further assistance. Please note that all GGUSD elementary school offices will be closed for the summer and will resume enrollment when the offices reopen for the school year.

California is known for its colorful citrus trees, and taking proper care is important to ensure these trees stay healthy and fruitful for years to come. In addition to watering, pruning and fertilizing your citrus tree this spring, be sure to inspect your trees for signs of a dangerous pest and tree disease called Huanglongbing.

California is known for colorful #citrus trees, and proper care is important to ensure these trees stay healthy. In addition to watering, pruning and fertilizing, be sure to inspect citrus trees for signs of a dangerous tree disease called #Huanglongbing. @CitrusThreat #GG1956 pic.twitter.com/yil7Q8uGga

SPRING GARDENING TIPS FOR YOUR BACKYARD CITRUS TREE

The Asian citrus psyllid and the disease it can carry, Huanglongbing (HLB), have been found in California, but by following these best practices below you can keep your tree healthy while limiting the spread of HLB.

- As the weather warms, apply water at the tree's trunk. As the tree grows, water a larger area around the tree.
- Newly planted trees should be watered every 3-7 days. Older trees can be watered every week or two.
- Apply fertilizer and keep pests of boy. Ask your local nursery or garden center about which products are best.
- When harvesting fruit, clip the fruit off at the stem with sharp dispoos, removing all leaves.
- Be sure to dry out citrus tree clippings or double bag them before removing the plant material from the property.

City unveils bronze

**Atlantis Play Center graced

designed the popular site**

By Loreen Berlin

The City of Garden Grove honored one of its own Tuesday, March 26, as the Bronze Bust of Jack Wallin was unveiled at the Atlantis Play Center.

Wallin not only designed and constructed Atlantis Play Center, he did the same with Garden Grove's Kiwanisland for the Kiwanis Club, of which he was a member, maintaining Kiwanisland until his passing last year.

Wallin was co-founder of the Garden Grove Strawberry Festival Association and served as the city's first Park Superintendent.

The bust was sculpted by Garden Grove Azteca Restaurant business owner Jennifer Stewart. Stewart's attention to detail, includes visual representations of not only Atlantis

“Jack Wallin was the Godfather of fun who brought a timeless magic to Garden Grove that’s lasted for generations and will certainly continue for many more,” said Mayor Steve Jones. “His greatest joy was to compassionately do for and to give to others and to see the profound happiness it brought to their lives and this bust is Garden Grove’s way of honoring and thanking him for his priceless contributions to our community, in a place that holds so much meaning.”

Wallin’s son, Steven, said that Jack Wallin attended Pierce College for the Study of Horticulture and also learned from his own father, who was a greens man for the studios in Hollywood.

“In 1958, my dad accepted a job in Garden Grove and moved our family from Santa Fe Springs to a

duplex on Garden Grove and Century boulevards, that still exists; later he purchased a new home on the west side of Garden Grove,” Wallin said. “Our home was one of his main landscaping jobs, showing the city and everyone else

what kind of work he did, from hardscape, masonry, rock work and a variety of plant materials that were not commonly used, along with special electrical features.”

The Wallin home was honored in the city’s Beautification Program.

Wallin said it was fun going to work with his dad, getting to water the plants and learning plant names from his father and enjoying a stop for breakfast afterwards with his siblings and father.

“It was nice going inside City Hall and being able to tell people that’s where our dad worked,” said Wallin. “Dad was also a PTA president and lifetime member, as well as a Boy Scout.”

Jack Wallin’s goal was to celebrate 60-years with Garden Grove and he accomplished that goal, even riding in last year’s Strawberry Festival as the 2018 Garden Grove Strawberry Festival parade Theme Grand Marshal.

Dawn Miller with the Strawberry Festival Association said Wallin was, “A man who noticed the small things but made big things happen” and that Wallin, “Made sure each special-needs child went home with a smile on their face and a tummy full of popcorn, a hotdog and a stuffed animal.”

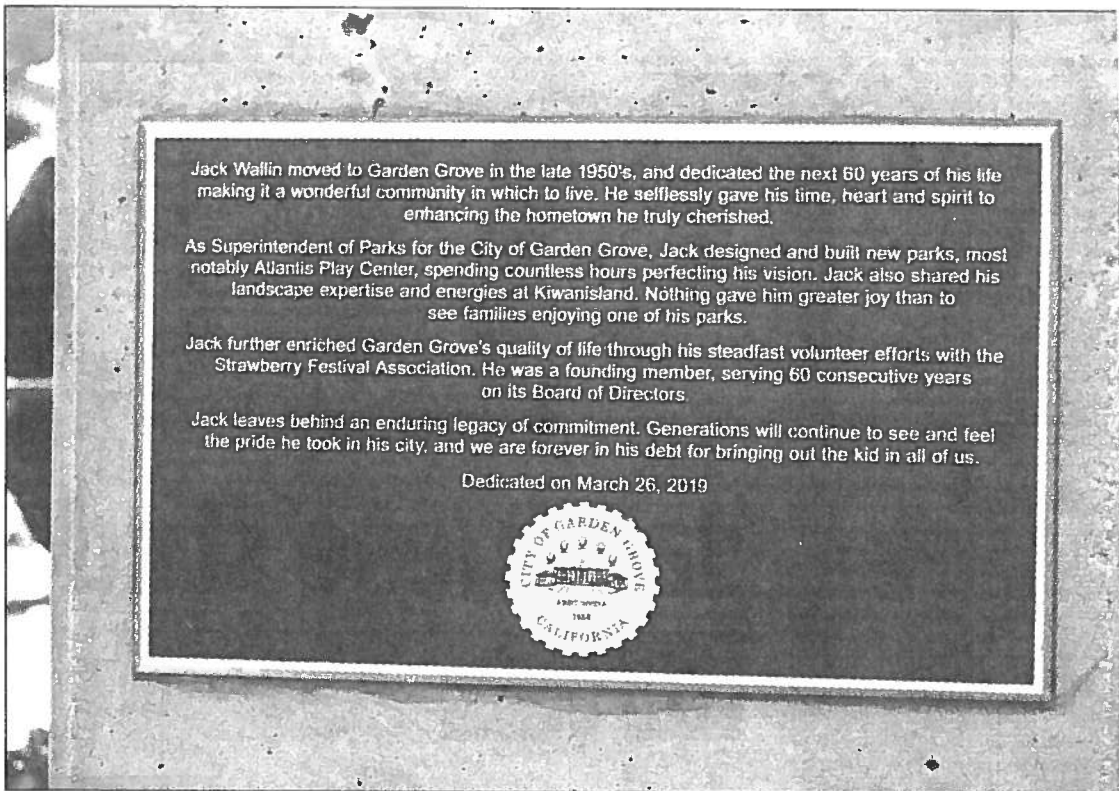

Miller also noted that Wallin started a tradition that continues to date, of hosting a barbecue luncheon for the carnival workers. “This means so much to the carnival people who spend a lot of time away from their families while traveling,” said Miller.

Community Services Director John Montanach said during Wallin’s tenure, he helped build six parks and worked on Willowick Golf Course.

“His most notable contribution to the city’s parks is the Atlantis Play Center with the 40-foot dragon slide and King Neptune sculpture, which were Jack’s work; the impact Jack made in the community will be enjoyed by generations to come and he will never be forgotten.”

Last year, Jack and wife Marge were crowned Strawberry Ball King and Queen, honoring their senior volunteerism within the community.

Department assigns four resource officers to local schools

In observance of April as National Child Abuse Prevention Month, the Garden Grove Police Department's School Resource Officers were recently honored for efforts in bringing awareness and preventing child abuse and neglect in Garden Grove by the non-profit Raise Foundation, during their 25th Annual Blue Ribbon Kick-Off Ceremony.

"The GGPD's School Resource Officers' passion and drive come from knowing that children are truly innocent victims of circumstances beyond their control," said Garden Grove Police Chief Todd Elgin.

The SROs honored with the Raise Foundation's Shining Light Award were: Captain Ed Leiva; Lieutenant William Allison; Sergeant Jon Wainwright; Officers Gary Elkins, Andy Flaws, Jason Fulton, Robert Kivler; and Detec-

tive David Young.

Four full-time SROs assigned to Garden Grove Unified School District intermediate and high schools help provide campus safety and create a positive connection between the community and the police department. The SROs also work closely with the Boys and Girls Club of Garden Grove and several other non-profit groups that support children's needs.

In addition, the City of Garden Grove actively places efforts in raising awareness and preventing child abuse through family support services and events offered by the Magnolia Park Family Resource Center and the Buena Clinton Youth and Family Center. One example is Family Fun Day, at Magnolia Park, on Thursday, April 25, where families can enjoy activities geared towards quality

NOTICE INVITING SEALED BIDS
PROJECT NO. 7835

Notice is hereby given that sealed bids will be received at the City Clerk's Office for the City of Garden Grove, 11222 Acacia Parkway, Garden Grove, CA 92840 to furnish material, equipment, and labor for Project No. 7835 "SEWER IMPROVEMENT PROJECT AT WESTMINSTER AVENUE AND LEXINGTON AVENUE." Engineer's estimate on this project is around \$1,386,000 dollars.

The project consists of replacing 670 lineal feet of 12-inch VCP sewer with 15-inch VCP sewer in Westminster Avenue. The existing sewer alignment begins at the intersection of Euclid Street and Westminster Avenue, and continues east along north side of Westminster Avenue, up to the Anita Place intersection. The existing sewer is located in the city of Santa Ana. In addition, the project also consists of replacing 282 lineal feet of 8-inch VCP sewer with new 8-inch VCP sewer in Lexington Avenue. The existing sewer begins at the intersection of Lexington Avenue and Donegal Drive, and continues east on Lexington Avenue. The existing sewer is located in the city of Garden Grove.

The entire project will also require maintaining the existing sewer flow during construction, reconnecting and/or reconstructing sewer house connections, removal and/or abandonment of the existing sewer lines and manholes, replacement of existing water line sections for sewer crossings, temporary traffic control, pavement resurfacing, traffic restriping, replacement of traffic loop detectors and installation of raised pavement markers and appurtenant work. All existing sewer flows will be maintained during construction through temporary bypass operations.

The plans, specifications and contract documents may be purchased from ARC for the price of fifty-six dollars and twelve cents (\$56.12). The price does not include tax or shipping if needed. The documents may be made available for "will call" or shipped directly to you. Please contact:

Council OKs deal to end GGFD, join OCFA

BY OC TRIBUNE STAFF ON APRIL 10, 2019 • (6 COMMENTS)

ORANGE COUNTY Fire Authority firefighters battle a blaze in Westminster in May 2017 (OCFA photo).

By Jim Tortolano

After several hours of presentations, discussion and debate, the Garden Grove City Council voted Tuesday night to replace the Garden Grove Fire Department with a 10-year contract with the Orange County Fire Authority, effective in August.

Voting in favor were Mayor Steve Jones and Councilmembers John O'Neill, Phat Bui, Stephanie Klopfenstein and Kim Nguyen. Voting against was George Brietigam, while Thu Ha Nguyen abstained.

(https://orangecountytribune.files.wordpress.com/2016/07/gg-logo_lg-e1446082015536.jpg)The GGFD was established in 1926 as the Garden Grove Fire Protection District. It became the fire department when the city was incorporated in 1956. The council's decision came after more than a year of hearings, budget analysis and lobbying by the Garden Grove Firefighters' Association Local 2005.

Under the contract, all GGFD sworn personnel and several non-sworn personnel will be taken into employment by the OCFA, which is based in Irvine and which serves 23 cities – soon to be 24 – as well as unincorporated communities. It has 71 fire stations; Garden Grove will add six more.

In the end, the concept of better service carried the day over increased costs. The city's financial study indicated that the switch to the OCFA would add between \$12.4 million and \$13.3 million extra in expenses over a 10-year period.

But backers of the contract argued that going to the OCFA – with additional paramedic staffing – would improve response times and potentially save lives.

Discussion between council members and between the council and speakers sometimes grew rancorous. Exchanges between Brietigam and Eric Thorson, spokesman for the GGFA were heated and part of the in-council debate revolved around Cadillacs and Chevrolets.

“The OCFA is the Cadillac of fire services,” said Brietigam. “But can we get along with a Chevy?” Councilwoman Stephanie Klopfenstein shot back with “I want a Cadillac for my family.”

Based on their comments, it appeared that council members would split 4-3 in favor of the OCFA contract. But Mayor Steve Jones's remarks may have altered the math, as he told the council and audience that the OCFA deal “was never about money” but about improving firefighting and medical services.

After that Kim Nguyen decided to cast to a “yes” vote and Thu-Ha Nguyen abstained.

When the motion to approve passed, firefighters who lined the walls of the council chambers waiting for the outcome erupted in cheers and applause.

Also on Tuesday night, the council honored retiring Chief of Police Todd Elgin for his 32 years of service to the city.

Additionally, the council approved the use of \$340,000 in grant funding for a “Garden Grove Downtown Active Downtown Plan” and awarded a contract for its development and coordination to KOA Corporation.

The next council meeting is scheduled for Tuesday, April 23 at 5:30 p.m.

Enrollment on for summer rec classes

BY OC TRIBUNE STAFF ON APRIL 10, 2019 • (LEAVE A COMMENT)

VOLLEYBALL is one of the recreation offerings from the City of Garden Grove.

Enrollment for summer 2019 classes and programs offered by the City of Garden Grove begins next Thursday, April 11, 2019. Parents are encouraged to register participants as early as possible as many classes have limited enrollment space and to secure early-bird benefits. To register visit ggparksandrec.com (<http://ggparksandrec.com/>) or the 1st floor Recreation Counter inside Garden Grove City Hall, at 11222 Acacia Parkway.

(https://orangecountytribune.files.wordpress.com/2016/07/gg-logo_lg.jpg) A variety of affordable summer classes, starting from May through August 2019, are offered to the community. Classes include arts and crafts; dancing and gymnastics; fitness;

martial arts; music; pet training; sports; and special interest courses, such as CPR/AED, first aid, and science for adults, infants, and children.

Participants can also register for spring and summer swimming lessons, as well as Garden Grove Day Camp.

Swimming lessons are based on American Red Cross swimming courses designed to develop personal safety, exercise, and social interaction skills.

Spring lessons begin on Monday, May 6, 2019, Monday through Thursday, from 4 p.m. to 6 p.m., at Gary Hall Pool, located in Eastgate Park, at 12001 St. Mark Street. Online registration begins on Wednesday, April 17, 2019 through Friday, May 31, 2019. Each lesson is \$60 per student.

Summer lessons begin on Monday, June 17, 2019 and are offered at three local pool locations:

- Gary Hall Pool, located in Eastgate Park, at 12001 St. Mark Street
- Magnolia Park Pool, located at 11402 Magnolia Street

CITY APPROVES MOVE TO OCFA

At Tuesday night's regular Garden Grove City Council meeting, the City Council approved entering into an agreement with the Orange County Fire Authority (OCFA) to provide fire and emergency medical services to the City of Garden Grove. The agreement provides for the delivery of services to begin on August 16, 2019 with an option to withdraw every ten years.

"Public safety is a top priority for our City Council, especially when it comes to providing the highest level of services that meet the growing needs of our city. I'm confident that the OCFA will not only meet, but will surpass our expectations to protect Garden Grove from destructive fires, and render emergency aid when it's vitally needed," said Garden Grove Mayor Steve Jones.

The decision comes after several months of study and deliberation that began in March 2018 when the City received a proposal from the OCFA to provide the City with fire and emergency services.

"We welcome the Garden Grove firefighters to our department," said OCFA Board Chair Joseph Muller. "Working together, I know these professionals will provide exceptional emergency services to the entire region including the city of Garden Grove."

Under the provisions of the contract, the OCFA will provide for all personnel and administration, emergency response units and equipment, including vehicle depreciation and replacement, routine station maintenance, fire prevention (plan check reviews, fire inspections, and permits), and community fire education.

"Transitioning a city fire department is complex and time consuming," said OCFA Fire Chief Brian Fennessy. "We have a team in place to ensure a smooth transition, and that the citizens are well-served. I look forward to working with a new group of skilled firefighters."

Currently, the Garden Grove Fire Department employs 77 uniformed personnel that will continue to serve under the OCFA. In addition, paramedics will now have the benefit of a medical director and on-staff nurses to help with education and oversight.

"My goal is to make our transition over to the OCFA as seamless as possible for everyone. It's an exciting new chapter in our city, that in the end, will raise the level of safety and services we currently have, and that's something positive to look forward to," said Garden Grove City Manager Scott Stiles.

To view the agreement and all related documents, visit the City's website at ggcity.org, access the Open Government portal, and click on OCFA Documents, or go directly to <https://ggcity.org/open-gov/ocfa-documents>

ENROLLMENT FOR SUMMER CLASSES, PROGRAMS BEGINS APRIL 11

Enrollment for summer 2019 classes and programs offered by the City of Garden Grove begins next Thursday, April 11, 2019. Parents are encouraged to register participants as early as possible as many classes have limited enrollment space and to secure early-bird benefits. To register visit ggparksandrec.com or the 1st floor Recreation Counter inside Garden Grove City Hall, at 11222 Acacia Parkway.

A variety of affordable summer classes, starting from May through August 2019, are offered to the community. Classes include arts and crafts; dancing and gymnastics; fitness; martial arts; music; pet training; sports; and special interest courses, such as CPR/AED, first aid, and science for adults, infants, and children.

Participants can also register for spring and summer swimming lessons, as well as Garden Grove Day Camp.

Swimming lessons are based on American Red Cross swimming courses designed to develop personal safety, exercise, and social interaction skills.

Spring lessons begin on Monday, May 6, 2019, Monday through Thursday, from 4:00 p.m. to 6:00 p.m., at Gary Hall Pool, located in Eastgate Park, at 12001 St. Mark Street. Online registration begins on Wednesday, April 17, 2019 through Friday, May 31, 2019. Each lesson is \$60 per student.

Feinstein Bill Devotes Federal Resources to Fight Homelessness

League-supported bi-partisan bill would provide grants to local governments for comprehensive, wraparound services to homeless individuals and families

April 1, 2019

U.S. Sens. Dianne Feinstein (D-Calif.) and Lisa Murkowski (R-Alaska) and Representatives Ted Lieu (D-Calif.) and Steve Stivers (R-Ohio) have introduced the Fighting Homelessness Through Services and Housing Act, a bill to increase federal resources to battle homelessness.

Specifically, the bill authorizes \$750 million in grants annually for the next five years for local governments to combat homelessness.

As a way to address the root causes of homelessness, this legislation for the first time would condition federal funds on a grant recipient's ability to provide not only housing but also comprehensive services like mental health care, substance abuse treatment and job training. Grant recipients would be required to provide 25 percent of project funds and report on measures of success, including whether individuals remain housed.

"Homelessness has reached crisis levels in California and continues to grow nationwide. While our state is a model for the country in so many ways, homelessness is one area where we can and must do better," said Senator Feinstein. "We know the root causes of homelessness vary and can include mental illness, drug addiction and poverty. That's why our bill requires housing to be paired with services to address those root causes. Local governments, particularly those in California, are already taking action to combat homelessness; this bill will help them be even more proactive and effective in their efforts."

"Addressing homelessness is a moral imperative and our approach should always be compassionate and holistic. Reducing homelessness also saves money. In order to break the cycle of homelessness that impacts so many people in Los Angeles and elsewhere, we have to combine housing with social services and programs," said Congress Member Lieu. "Funding a more holistic approach helps improve the health and wellbeing of our most vulnerable, and provides local governments with the resources to address the specific needs of their communities. I'm proud to partner with Senator Feinstein and this bipartisan, bicameral group of Senators and Members who care deeply about addressing homelessness."

What the bill does:

- Authorizes \$750 million annually for five years to fund supportive housing models that provide comprehensive services and intensive case management.
- Requires a 25 percent match for services and housing from non-federal funds.
- Allows grants to be used for any combination of operations and capital building costs, as long as housing and services requirements are fulfilled.
- Requires grantees to track outcomes and report on housing stability and improvements in health and wellbeing, including education of children.

Grant eligibility and requirements:

- Grants may go to local governmental entities consisting of cities, counties, regional collaboratives and tribal governments.
- Services must address issues including mental health; substance use disorders; disabling or other chronic health conditions; educational and job training/employment outcomes; and life skills classes.
- Intensive case management must be provided with a ratio of no greater than one case manager to every 20 people served.
- When serving families with children, services available must also include children's behavioral and mental health services, early childhood education, regular and age-appropriate children's programming and activities, child health and nutrition screening and education and parenting classes and support programs.
- Services must also have in place protocol for staff training and best practices to identify and prevent child trafficking, abuse, and neglect.

Support for the bill

In addition to Sens. Feinstein and Murkowski, the Senate bill is co-sponsored by Sens. Kirsten Gillibrand (D-N.Y.), Amy Klobuchar (D-Minn.), Michael Bennet (D-Colo.), Tina Smith (D-Minn.), Mazie Hirono (D-Hawaii), Catherine Cortez Masto (D-Nev.) and Kamala Harris (D-Calif.).

In addition to Representatives Lieu and Stivers, the House bill is co-sponsored by Representatives Scott Peters (D-Calif.), Lou Correa (D-Calif.), Josh Harder (D-Calif.), Don Young (R-Alaska) and Jim Costa (D-Calif.).

“Homelessness is a national crisis reaching deeper and deeper into every American community — urban, suburban, rural and tribal — and it demands sustained federal investment to help end it. Our coalition of 24 Republican and Democratic mayors represent nearly 17 million residents; our partner CEOs represent companies that reach tens of millions of people in our communities. Together, we proudly support The Fighting Homelessness Through Services and Housing Act and we will fight for its passage into law,” said Oakland Mayor Libby Schaaf, the founding mayor of Mayors and CEOs for U.S. Housing Investment, a national coalition of which the League of California Cities is a member.

“California’s city officials are facing the homelessness crisis in our communities every day and that’s why advocating for federal resources was a top priority for League Officers during their recent trip to Washington, D.C.,” said League Executive Director Carolyn Coleman. “Cities in California and across the country cannot tackle an issue of this magnitude alone, so we are pleased to see this bipartisan legislation that will help cities address this issue and will gladly urge support for its passage.”

The Fighting Homelessness Through Services and Housing Act is supported by the Mayors and CEOs for U.S. Housing Investment, the mayors of Los Angeles, San Diego, San Francisco, Oakland and Sacramento as well as the Child Welfare League of America, Children’s Defense Fund, Corporation for Supportive Housing, National Alliance to End Homelessness and the National Low Income Housing Coalition.

League-Opposed AB 1568 (McCarty), Linking Transportation Funds to Housing Production, Bill Pulled from Assembly Housing Committee, Amendments Forthcoming

April 8, 2019

On Friday, April 5, the League of California Cities® was informed that AB 1568 (McCarty) will be amended to remove provisions that would have withheld a city or county's share of SB 1 transportation funding for non-compliance with the California housing laws.

The League will review its position of the bill once the bill is formally amended.

The League issued a letter in opposition to the introduced version of the bill, which would have withheld such funds if incremental targets of a city or county's share of regional housing needs for each income category were not produced by 2022 – 2050, inclusive. Given the forthcoming amendments, the bill was pulled from being heard in this week's Assembly Housing and Community Development Committee and will be rescheduled for a hearing later this month.

The League is also part of a coalition that opposed the measure and the concept of linking SB 1 transportation funding to efforts attempting to address California's housing crisis. The League is supportive of efforts to help address the housing crisis here in California. In fact, addressing affordable housing, housing affordability, and homelessness are all part of the League's strategic goals as an organization.[1] However, any delay or diversion of transportation funds from any community in this state is only going to hurt taxpayers that are paying for these improvements they were promised.

It took a decade of advocacy to craft SB 1 as the comprehensive measure to pay for decades of neglect to the state and local transportation systems, supermajority support from both houses of the Legislature[2], a governor's signature, and majority support from the voters to protect the funding on two separate ballot measures.[3][4] While SB 1 represents a massive infusion of transportation dollars that shrinks the statewide shortfall by \$18 billion and will help stabilize conditions to state and local transportation networks, cities and counties still face a \$55 billion shortfall over the next 10 years.[5]

In the same way the League and its coalition partnered with the Legislature and former Administration to address California's transportation crisis, the League is committed to being a partner in finding meaningful solutions to the state's housing crisis.

California Local Governments File Lawsuit to Reverse Cannabis Delivery Regulations that Undermine Local Control Enacted by Voters Who Passed Proposition 64

25 local governments seek to invalidate a regulation allowing the delivery of commercial cannabis within communities that have regulated or banned deliveries under Proposition 64

April 8, 2019

On behalf of a geographically diverse coalition of local governments, attorneys from Churchwell White LLP filed a lawsuit last week against the California Bureau of Cannabis Control (BCC).

The lawsuit seeks to invalidate recent regulations by the BCC that violate the will of voters and the law by purporting to allow delivery of commercial cannabis statewide even in those communities that have regulated or banned commercial cannabis.

“Californians voted to allow recreational and commercial cannabis with the specific promise that each community would be able to regulate or even ban it within their community,” says Walter Allen III, council member for the City of Covina. Allen further stated that, “the BCC’s actions in adopting this regulation burden local governments in jurisdictions that have regulated or banned commercial cannabis deliveries.”

The 25 local governments initiating the lawsuit against the BCC are, the: County of Santa Cruz, Cities of Agoura Hills, Angels Camp, Arcadia, Atwater, Beverly Hills, Ceres, Clovis, Covina, Dixon, Downey, McFarland, Newman, Oakdale, Palmdale, Patterson, Riverbank, Riverside, San Pablo, Sonora, Tehachapi, Temecula, Tracy, Turlock, and Vacaville (Plaintiffs).

The lawsuit filed in Fresno Superior Court alleges that BCC Regulation 5416(d) is invalid because it eliminates the ability of cities and counties to regulate commercial cannabis deliveries within their communities, a key promise in Proposition 64, which legalized commercial cannabis activities in California. Regulation 5416(d) states that “[a cannabis] delivery employee may deliver to any jurisdiction within the State of California..”

“The BCC is fundamentally changing Proposition 64, eroding local control and harming our local cannabis businesses by allowing commercial cannabis deliveries in every jurisdiction in California. This betrays the promise made to the voters in Proposition 64,” says Supervisor Ryan Coonerty, chair of the Board of Supervisors of Santa Cruz County, and former mayor of the City of Santa Cruz.

The Plaintiffs assert that the BCC ignored the specific language of Prop. 64, in Business and Professions Code sections 26090 and 26200, guaranteeing cities and counties the right to regulate or prohibit the operation of recreational and commercial cannabis deliveries within their communities. Business and Professions Code section 26200 provides that nothing shall limit the authority of cities and counties to regulate or completely prohibit commercial cannabis activities within their jurisdiction.

Mayor Rick Rodriguez of the City of Downey questions the state agency's decision to enforce Regulation 5416(d). "The BCC is exceeding its authority in adopting a regulation that ignores the right of cities and counties to regulate commercial activity within its borders," says Rodriguez.

"The BCC is creating a new cannabis policy at the voters' expense, placing the public at risk," says Robert Thompson, police chief of the City of Dixon.

"This lawsuit is not pro- or anti- cannabis. We are left with no choice but to challenge these regulations because they violate key provisions of local control promised to voters when they passed Proposition 64," said John Mirisch, mayor of Beverly Hills. "By usurping local ordinances, these regulations interfere with local governments' ability to enact local regulations that may be necessary to protect the public safety and public health."

According to the Plaintiffs, the regulations:

- Violate the promise made to voters who passed Proposition 64.
 - In the Legislative Analyst Office official summary that appeared in the ballot pamphlet mailed to all California voters, reads: "Under the measure, cities and counties could regulate nonmedical marijuana businesses. For example, cities and counties could require nonmedical marijuana businesses to obtain local licenses and restrict where they could be located. Cities and counties could also completely ban marijuana-related businesses."
 - In the ballot arguments also sent to all registered voters, Prop. 64 proponents promised voters that Prop "64 preserves local control."
- Remove a central pillar of the local enforcement model of Prop. 64, opening up all communities to cannabis deliveries despite any local ordinances – passed by elected city officials or by local voters – that prohibit or limit commercial cannabis activity; and
- Eliminate any opportunity to implement regulatory local ordinances a community deems necessary to protect public safety and public health.

"By disregarding local governments' reasonable regulatory authority on cannabis deliveries, the BCC has imposed a one-size-fits-all approach to cannabis regulation," said Carolyn Coleman, executive director, League of California Cities. "This regulation does not reflect California's diverse population and wide spectrum of viewpoints on this topic and undermines the foundational promise of Proposition 64 that each city would be able to allow, regulate or prohibit commercial cannabis activities within their community."

California Supreme Court Upholds Local Ordinance Regulating Aesthetics of Wireless Facilities

April 10, 2019

Last week, in *T-Mobile West v. City and County of San Francisco*, the California Supreme Court issued an opinion upholding a San Francisco ordinance imposing certain aesthetic standards on wireless facilities within the city.

The plaintiffs in the case, T-Mobile and other telecommunications companies, sued to invalidate San Francisco's ordinance, arguing that it was preempted by one section of the California Public Utilities Code (section 7901) and in violation of another (section 7901.1).

Section 7901 provides that telephone corporations may construct lines and install equipment along public roads in ways and locations that do not "incommode the public use of the road." The plaintiffs argued this language meant that cities could only regulate telephone lines to the extent they might obstruct the path of travel.

The Court disagreed, noting that the city "has inherent local police power" under the California Constitution to determine the appropriate uses of land within its jurisdiction. Therefore, as the Court stated, "the question is not whether the incommode clause can be read to permit the city's exercise of power the ordinance. Rather it is whether section 7901 divests the city of that power."

The Court found that section 7901 did not divest that power for several reasons. For example, the Court noted that section 7901 and the ordinance can operate in harmony because section 7901 says nothing about the aesthetics or appearance of telephone lines. Furthermore, the power to regulate the location and manner of line installation is generally a matter left to local regulation, especially where there are significant local interests – such as aesthetic considerations – that may vary by jurisdiction.

The Court also rejected the plaintiffs' contention that the ordinance violated section 7901.1. Section 7901.1 permits municipalities to control the time, place and manner in which roads are accessed by telephone corporations so long as the control is "applied to all entities in an equivalent manner."

The plaintiffs argued that the ordinance was not equivalently applied to wireless and non-wireless telephone companies, because the aesthetic standards of the ordinance apply only to wireless facilities. The Court rejected this argument, noting that section 7901.1 governs temporary access to public roads only for *initial* construction and installation, not for *ongoing* occupation and maintenance. Since both wireless and non-wireless telephone companies were required to obtain temporary access permits for *initial* construction, and the aesthetic standards applied only to *ongoing* occupation and maintenance, there was no violation of section 7901.1.

The Court's opinion in this case is a positive development for cities, as it decisively reaffirms that cities' local police power generally includes the authority to establish aesthetic land use conditions. Cities should keep in mind, however, that there are limitations on local authority over wireless facilities under both state and federal law. Cities that have questions as to how they may be impacted by this ruling should consult with their city attorney.
