INTER-DEPARTMENT MEMORANDUM

To: Allan Roeder  
From: Todd Elgin  
Dept: Interim City Manager  
Dept: Police  
Subject: APPROVAL TO PARTICIPATE IN THE 2015-2016 OFFICE OF TRAFFIC SAFETY (OTS) SELECTIVE TRAFFIC ENFORCEMENT PROGRAM (STEP)  
Date: July 28, 2015

OBJECTIVE

To obtain City Council approval to participate in a Traffic Safety Grant through the California Office of Traffic Safety (OTS). The proposed grant the City is eligible to receive is \$259,000.00 in federal funds to implement DUI/CDL Checkpoints and Selective Traffic Enforcement Operations.

BACKGROUND

The California Office of Traffic Safety awards grants to local law enforcement agencies through the University of California Berkeley Traffic Safety Center (TSC). These one-year grants begin October 1, 2015, and end September 30, 2016. The Garden Grove Police Department has applied for and received similar grants dating back to 1996.

DISCUSSION

The grant that was applied for this year focuses on the reduction of persons killed and injured in alcohol-involved crashes by using "best practice" strategies. These strategies include driving under the influence (DUI)/Driver's License checkpoints, DUI Saturation Patrols, Warrant Service Operations, Stakeout Operations, a "Hot Sheet" program, Educational Presentations, and Court Stings. The Police and Finance departments will be responsible for providing the necessary reporting to fulfill the goals and objectives of the grant.

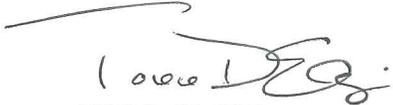

FINANCIAL IMPACT

The total amount for the 2015-2016 grant will be \$259,000.00. This award includes a maximum of \$3,369.00 for the attendance of OTS approved training. There is no requirement to hire additional personnel, and there are no out of pocket expenses. There is neither cost nor income to the City based upon participation in this grant.

RECOMMENDATION

It is recommended that the City Council:

- Authorize participation in the Selective Traffic Enforcement Program (STEP);
- Accept the Office of Traffic Safety Grant Funds in the Amount of \$259,000.00;
- Authorize the Police Chief, Finance Director and Finance Manager to execute the grant agreement on behalf of the City; and
- Allocate these grant monies to fund Selective Traffic Enforcement Operations.

**1. PROBLEM STATEMENT**

In 2012, California's traffic fatalities increased 1.5 percent (2,816 vs. 2,857) – still one of the lowest levels since the federal government began recording traffic fatalities in 1975. California 2011 Mileage Death Rate (MDR) – fatalities per 100 million miles traveled is 0.88, and marks the third time California has been below 1.0. Fatality rates increased 3 percent from 2010 to 2011, and are projected to increase in 2013 when final tallies are submitted.

Alcohol-impaired driving fatalities (fatalities in crashes involving a driver or motorcycle rider (operator) with a blood alcohol concentration (BAC) of 0.08 grams per deciliter (g/dL) or greater) matches our historic low of 774 in 2010 and 2011. The 774 figure is the lowest DUI death total ever. As a percent of total fatalities, alcohol-impaired fatalities decreased from 29 percent in 2010 to 28 percent in 2011. This number has remained virtually unchanged in the past five years and DUI arrests have dropped in 2011 to 180,212 as compared to 195,897 in 2010. The 2011 DUI arrest figure represents the lowest DUI arrests since 2002.

For the second year in row, OTS commissioned an observational survey of cell phone use by drivers within the state, looking for hand-held and hands-free talking as well as texting and other use of mobile devices while driving. The overall rate was 10.8 percent of drivers on the road using cell phones at any given daylight time, up from 7.3 percent in 2011. Although observed cell phone use increases were seen across all age groups, 16 to 25 year olds showed a dramatic rise, doubling from 9 percent to 18 percent. Distracted driving violations continue to be one of the most common cited violations by Garden Grove PD officers.

The problem of drugged driving continues to rise. Based on data from the National Highway Traffic Safety Administration, 30 percent of all drivers who were killed in motor vehicle crashes in California in 2011 tested positive for legal and/or illegal drugs, a percentage that has been increasing since 2006.

In the City of Garden Grove, we had 10 fatal traffic collisions in 2013. Of the 10 fatal collisions, 2 were pedestrian involved. The City of Garden Grove has a high concentration of people who frequently use bicycles or travel by foot rather than automobile. Although an outreach program has been put into effect regarding bicycle and pedestrian safety in the City, we still have a high incidence of bicycle and/or pedestrian collisions. These collisions result in a high number of injuries each year.

Of the 10 fatal collisions in 2013, 5 were a result of DUI drivers, with 3 being under the influence of alcohol and 2 being under the influence of drugs. The Garden Grove PD is aggressively combating these collision factors, but unfortunately, DUI seems to be increasing at a steady rate. We have noticed a significant increase in DUI-drugs collisions involving prescription, non-prescription, and recreational drugs.

Statewide, motorcycle fatalities increased 4.6 percent from 415 in 2011 to 435 in 2012. Motorcycle fatalities per 100,000 motorcycle registrations fell from 49 in 2009 to 44 in 2010. This rate had been relatively steady, averaging 68 from 2005 through 2008. Motorcycle safety has become an issue recently in the City of Garden Grove. Aside from numerous injury collisions and 1 fatal motorcycle collision in 2013, Garden Grove Motor Officers were injured in 3 collisions caused by other drivers in 2013. These injuries to officers resulted in a loss of hundreds of man-hours of traffic enforcement, putting the Citizens of Garden Grove at even greater risk.

**GRANTS MADE EASY - STEP  
SCHEDULE A  
GRANT DESCRIPTION  
GRANT NO. PT1678**

Over the years, approximately 60 to 75 percent of fatal and injury-combined collisions involved various Primary Collision Factors (PCF) such as, DUI, speed, right-of-way, traffic signals and signs, pedestrian violations, and improper turning.

The Garden Grove Police Department has noticed several arrestees are not showing up for their court dates, and are subsequently issued arrest warrants for not appearing. This enables "repeat-offending", and allows the public to once again be put at risk by the conscious negligence of an impaired driver. The same issue arises with driver's whom have had their driver's licenses recently suspended. Several traffic violators are stopped daily and are found to have suspended driving privileges. This happens as close as the courtroom parking lots, where violator's drive away directly after having their driver's license suspended.
