From: Keith G. Jones
Dept: Public Works
Date: October 28, 2008

OBJECTIVE

To adopt a resolution requesting the Orange County Transportation Authority (OCTA) to disburse the right-of-way acquisition funds to the City of Garden Grove for the addition of a right turn lane to northbound Euclid Street at SR 22 east bound on-ramp.

BACKGROUND

In fiscal year 2002/03, the City of Garden Grove secured right-of-way acquisition funding of \$50,000 for subject project from OCTA through the Combined Transportation Funding Program (CTFP) via Growth Management Area (GMA). In order to receive reimbursement of the first portion (90%) of that funding, the City will need to adopt the attached resolution.

DISCUSSION

The project will widen the east side of Euclid Street at SR 22 east bound on-ramp to its ultimate width. The work included acquisition of additional right-of-way for street and highway purposes. The project will significantly decrease traffic congestion and improve traffic circulation on northbound Euclid Street.

FINANCIAL IMPACT

Funding for this project has been made available through Measure "M" Regional.

COMMUNITY VISION IMPLEMENTATION

This project is consistent with the community vision for maintaining and enhancing the transportation system to ensure the safe and efficient flow of traffic.

RECOMMENDATION

It is recommended that the City Council:

- Adopt the attached OCTA funding resolution and authorize the City Clerk and the Mayor to execute the resolution on behalf of the City.
