

# SISTER CITY ASSOCIATION OF GARDEN GROVE

May 24, 2011

William Dalton  
Mayor, City of Garden Grove

Honorable Mayor and Members of the City Council:

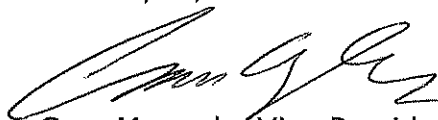

The Sister City Association of Garden Grove was organized to further the understanding between our culture in Garden Grove and those of other cultures in cities similar to Garden Grove. To that end, we have maintained an amazing friendship with the City of Anyang, South Korea for over 20 years.

Many students in the Garden Grove Unified School District have had the opportunity to visit Anyang and immerse themselves in their culture. Likewise, students from Anyang have been able to live the American way of life when they stay with our Garden Grove families.

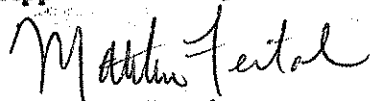

In order to continue to help send students on these amazing journeys, the Sister City Association of Garden Grove would like to request \$1000 from the Taormina Fund. This request will not impact the General Fund as the Taormina Fund was set aside to aid in community endeavors.

We hope that you consider this request, as it will greatly help our organization to continue the goodwill that has been built between our two cultures and our two cities.

Thank you,

  
Cam Mangels, Vice President  
Sister City Association of Garden Grove

Approved for Agenda Listing

  
Matthew Fertal  
City Manager
