City Manager

Dept.:

Date:

Public Works

May 22, 2012

Subject:

CITY OF GARDEN GROVE STREET
LIGHTING DISTRICTS (2012/13) AND

PARK MAINTENANCE DISTRICT (2012/13);

PROCEEDINGS RELATIVE TO LEVYING

ANNUAL ASSESSMENT

OBJECTIVE

To adopt resolutions initiating proceedings for the levying of FY 2012-13 assessments for (1) the City of Garden Grove Street Lighting District, (2) the City of Garden Grove Street Lighting District No. 99-1, (3) the City of Garden Grove Park Maintenance District; to adopt the resolution approving the Engineer's Report for those Districts; and to adopt the Resolutions of Intention for the levying of FY 2012-13 assessments for those Districts.

BACKGROUND

Annually, the City of Garden Grove has levied assessments against properties within the city to pay for the installation, maintenance, and servicing of public street lighting and park maintenance in the city. In 1996, changes in the methodology for determining the assessment were made based upon the recommendations of a nine-member Ad Hoc Citizen's Committee appointed by City Council to develop an assessment that was more equitable for everyone. In 1997, Proposition 218 required additional changes for the assessments, including property-owner vote approval of the Park Maintenance Assessment. Such a vote was taken by the owners to create the District. Further, on June 22, 1999, the City Council ordered the formation of a subsequent Street Lighting District (No. 99-1) affecting 350 Garden Grove properties, which was approved by property owners through a special ballot proceeding.

In order to continue the lighting of streets and the maintenance of parks at the current service levels for the benefit of the city's property owners, it is necessary to initiate the proceedings of levying annual assessments under the Landscaping and Lighting Act of 1972. Each year, the apportionment of costs are updated and distributed in proportion to benefits received.

CITY OF GARDEN GROVE STREET LIGHTING DISTRICTS (2012/13) AND PARK MAINTENANCE DISTRICT (2012/13); PROCEEDINGS RELATIVE TO LEVYING ANNUAL ASSESSMENT MAY 22, 2012
Page 2 of 4

DISCUSSION

A schedule is attached outlining the procedural steps necessary to levy the annual assessment. The first step for the City Council to take in this process is to adopt the resolutions initiating proceedings and to order the City Engineer to prepare and file a report for (1) the Garden Grove Street Lighting District, (2) City of Garden Grove Street Lighting District No. 99-1, and (3) the City of Garden Grove Park Maintenance District.

The resolutions are included as Attachments "A1," "A2," and "A3."

The Preliminary Engineer's Report for each District as filed contains the following:

- 1. Synopsis
- 2. Fiscal Year 2011/2012 Current Financial Summary
- 3. A diagram showing the District boundaries.
- 4. The assessment roll, on file in the City Clerk's Office, and incorporated therein by reference
- 5. A description of improvements
- 6. The estimated cost of operating the District
- 7. A comparison of rates by land use

The Street Lighting District report indicates that this year's proposed assessment total is \$1,321,361. The estimated District expenditures total is \$1,668,901, which requires a General Fund contribution of \$347,540 to cover anticipated expenditures. The street lighting cost for each property owner was calculated based on benefits received from lighting improvements.

Street Lighting District No. 99-1 report indicates that this year's proposed assessment total is \$9,880.06. The City will contribute approximately \$1,250.46 to cover fund balance, which represents general benefit toward the total lighting cost. The street lighting cost for each property owner was also calculated based on benefits received from lighting improvements.

The Park Maintenance District report indicates that this year's proposed assessment total is \$701,951 out of the \$1,982,685 cost for park maintenance. The City will contribute approximately \$1,280,734 to cover the balance, which represents general benefit toward the total park maintenance cost. The park maintenance cost for each property owner was calculated based on benefits received from community park improvements.

CITY OF GARDEN GROVE STREET LIGHTING DISTRICTS (2012/13) AND PARK MAINTENANCE DISTRICT (2012/13); PROCEEDINGS RELATIVE TO LEVYING ANNUAL ASSESSMENT MAY 22, 2012 Page 3 of 4

The proposed rates for each District for FY 2012/13 are the same rates adopted by the City Council in FY 2011/12. There are also no proposed additions or significant changes to the improvements for FY 2012/13 as compared to FY 2011/12, except as noted above.

The second step for the City Council to take in the process of levying an annual assessment is to adopt the Resolution approving the attached City Engineer's Report. This Resolution is included as Attachment "B."

The third step in the process of levying an annual assessment is the adoption of a Resolution of Intention for each District (Attachments "C1," "C2," and "C3") that:

- 1. Declares the intention to levy and collect assessments,
- 2. Generally describes the improvements,
- 3. Refers to the report of the City Engineer for a full and detailed description of the improvements, boundaries of the District and any zones therein, and proposed assessments,
- 4. Gives notice of, and fixes a time and place for, a Public Hearing regarding the proposed assessments, which is set for **July 10, 2012**.

FINANCIAL IMPACT

The adoption of street lighting and park maintenance assessments will raise approximately \$1,321,361 in street lighting revenue and \$701,951 in park maintenance revenue.

CITY OF GARDEN GROVE STREET LIGHTING DISTRICTS (2012/13) AND PARK MAINTENANCE DISTRICT (2012/13); PROCEEDINGS RELATIVE TO LEVYING ANNUAL ASSESSMENT MAY 22, 2012 Page 4 of 4

RECOMMENDATION

It is recommended that the City Council:

- Adopt the attached Resolutions, which initiate the proceedings for 1) the Street Lighting District, 2) Street Lighting District No. 99-1, and 3) the Park Maintenance District, and request the Engineer to prepare and file a report for each District.
- Adopt the attached Resolution approving the Engineer's Report for 1) the Street Lighting District, 2) Street Lighting District No. 99-1, and 3) the Park Maintenance District.
- Adopt the attached Resolutions of Intention for the Street Lighting District, Street Lighting District, No. 99-1, and the Park Maintenance District.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE
PURSUANT TO THE LANDSCAPING AND LIGHTING ACT OF 1972 (SECTIONS 22500
ET SEQ. OF THE CALIFORNIA STREETS AND HIGHWAYS CODE) INITIATING
PROCEEDINGS TO LEVY ANNUAL ASSESSMENTS FOR THE 2012-13 FISCAL YEAR
FOR THE CITY OF GARDEN GROVE STREET LIGHTING DISTRICT AND ORDERING
THE CITY ENGINEER TO PREPARE AND FILE A REPORT IN ACCORDANCE WITH
ARTICLE 4 OF CHAPTER 1 OF SAID ACT

THE CITY COUNCIL OF THE CITY OF GARDEN GROVE FINDS:

- A. The City Council of the City of Garden Grove formed the City of Garden Grove Street Lighting District (formerly the Garden Grove City Landscaping and Lighting District [Resolution No. 6369-83]) pursuant to the provisions of the Landscaping and Lighting Act of 1972, being Division 15, Part 2 (Sections 22500 et seq.) of the California Streets and Highways Code (herein "Act").
- B. Said Act requires that proceedings for the levy of annual assessments after the formation of an Assessment District shall be initiated by resolution describing any proposed new improvements or any substantial changes in existing improvements, and ordering the engineer to prepare and file a report in accordance with Article 4 of Chapter 1 of said Act.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Garden Grove:

- <u>Section 1</u>. The City Council of the City of Garden Grove hereby proposes the levy of an annual assessment for the City of Garden Grove Street Lighting District pursuant to the Landscaping and Lighting Act of 1972 for Fiscal Year 2012-13.
- <u>Section 2</u>. The proposed improvements for Fiscal Year 2012-13 are generally described as the installation, maintenance, and servicing of public street lighting facilities including traffic signals, necessary for the proper maintenance and operation of streets and sidewalks throughout the city. Proposed new improvements for Fiscal Year 2012-13 include the installation of additional traffic signal facilities.
- <u>Section 3</u>. The City Council hereby orders the City Engineer to prepare and file with the City Clerk a written report in accordance with Sections 22565 et seq. of the California Streets and Highways Code.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE APPROVING THE CITY ENGINEER'S REPORTS REGARDING THE LEVY OF AN ANNUAL ASSESSMENT WITHIN THE CITY OF GARDEN GROVE STREET LIGHTING DISTRICT, CITY OF GARDEN GROVE STREET LIGHTING DISTRICT NO. 99-1 AND THE CITY OF GARDEN GROVE PARK MAINTENANCE DISTRICT FOR FISCAL YEAR 2012-13

THE CITY COUNCIL OF THE CITY OF GARDEN GROVE RESOLVES, DETERMINES AND ORDERS:

<u>Section 1</u>. The City Council of the City of Garden Grove, pursuant to the Landscaping and Lighting Act of 1972, being Division 15, Part 2 (Sections 22500 et seq.) of the California Streets and Highways Code, did by previous resolutions order the City Engineer to prepare and file reports in accordance with Article 4 of Chapter 1 of said Act in connection with the proposed levy of an annual assessment for the City of Garden Grove Street Lighting District, City of Garden Grove Street Lighting District No. 99-1, and the City of Garden Grove Park Maintenance District for Fiscal Year 2012-13.

Section 2. The City Engineer has prepared and filed with the City Clerk of the City of Garden Grove and the City Clerk has presented to the City Council such City Engineer's reports for the City of Garden Grove Street Lighting District for Fiscal Year 2012-13, City of Garden Grove Street Lighting District No. 99-1 for Fiscal Year 2012-13, and City of Garden Grove Park Maintenance District for Fiscal Year 2012-13.

<u>Section 3</u>. The City Council has carefully examined and reviewed said City Engineer's reports, and said reports are hereby approved as filed.

FISCAL YEAR 2012-13

SYNOPSIS

This report as filed complies with the Landscaping and Lighting Act of 1972. Also part of this report, but not bound herein, is the assessment roll on file with the City Clerk which indicates each property's City of Garden Grove Street Lighting District assessment for Fiscal Year 2012-13.

Following the passage of Proposition 218 in November, 1996, the City has been able to continue to levy assessment at the current rate since Proposition 218 allowed certain exemptions for existing assessments. However, any increase in the assessment, including the addition of a CPI escalator, will require that a ballot be mailed to each property owner subject to the assessment, and that a majority of property owners (weighted by assessment amount) returning their ballot must approve of the increase in the assessment. In addition, any other changes needed to comply with the requirements of Proposition 218 would have to be made at that time.

The proposed lighting maintenance assessment for Fiscal Year 2012-13, as described in this Report, is approximately \$1,321,361. The typical homeowner's assessment will be \$28.71, which is the same as that assessed for lighting last year. The estimated fund balance at the end of Fiscal Year 2012-13 is expected to be zero.

FISCAL YEAR 2012-13

FISCAL YEAR 2012-13

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF THE LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

Pursuant to Part 2 of Division 15 of the Streets and Highways Code of the State of California, and in accordance with the Resolution of Initiation adopted by the City Council of the City of Garden Grove, State of California, in connection with the proceedings for:

CITY OF GARDEN GROVE STREET LIGHTING DISTRICT

hereinafter referred to as the "Assessment District" or "District", I, K. Dennis Klingelhofer, P.E., the authorized representative of Harris & Associates, the duly appointed ASSESSMENT ENGINEER, submit herewith the "Report" consisting of five (5) parts as follows:

PART A PLANS AND SPECIFICATIONS

Plans and specifications for the existing and ultimate improvements are as set forth on the lists thereof, attached hereto, and are on file in the Office of the City Clerk and are incorporated herein by reference.

PART B ESTIMATE OF COST

An estimate of the costs of the maintenance and/or servicing of the existing and ultimate improvements for FY 2012-13, including incidental costs and expenses in connection therewith.

PART C METHOD OF APPORTIONMENT

The method of apportionment of assessments indicates the proposed assessment of the net amount of the costs and expenses of the maintenance and/or servicing of the existing and ultimate improvements to be assessed upon the several lots and parcels of land within the Assessment District in proportion to the estimated special benefits to be received by such lots and parcels.

PART D ASSESSMENT DIAGRAM

The Assessment Diagram, which shows the exterior boundaries of the Assessment District, the boundaries of any zones within the Assessment District and the lines and dimensions of each lot or parcel of land within the Assessment District, is on file in the Office of the City Clerk and is incorporated herein by reference.

The lines and dimensions of each lot or parcel within the Assessment District are those lines and dimensions shown on the maps of the Assessor of the County of Orange for the fiscal year to which this Report applies. The Assessor's maps and records are incorporated by reference herein and made part of this Report.

PART E ASSESSMENT ROLL

An assessment of the estimated cost of maintenance and/or servicing of the existing improvements on each benefited lot or parcel of land within the Assessment District for the fiscal year to which this report applies are on file in the Office of the City Clerk and incorporated herein by reference.

The undersigned respectfully submits the enclosed report as directed by the City Council. The undersigned certifies that she is a Professional Engineer, registered in the State of California.

DATED: May 15, 2012

Harris & Associates

BY: K. Dennis Klingelhofer, P. E

R.C.E. No. 50255

PART A

PLANS AND SPECIFICATIONS

The facilities, which have been constructed within the City of Garden Grove, and those which may be subsequently constructed, will be serviced and maintained as generally described as follows:

DESCRIPTION OF IMPROVEMENTS FOR THE CITY OF GARDEN GROVE STREET LIGHTING DISTRICT FISCAL YEAR 2012-13

Street Lighting. The plans for local lighting including alley lighting, and certain arterial lighting, consist of the lamp location list, the Diagram, and the County Assessor's Maps, all of which are on file in the City Clerk's office and are incorporated herein by reference.

The Diagram shows the existing District boundaries and includes all of the areas of the District with existing street lights. The lamp location list is a tabulated listing of every street in the District by street in alphabetical order. Included in the items listed for each lamp is the exact location by street address, number and lamp size. Lamps are not placed in specific zones, unless they clearly only benefit certain parcels (e.g., Main Street lights, which are funded through the Main Street Assessment District No. 1).

The County Assessor's Maps show each parcel, including its parcel number and the dimension of each parcel in the District. Preceding the Assessor's Maps is an information sheet, which gives instructions for finding individual parcel street lighting assessments and for finding lamp locations. These maps are available for inspection in the Engineering Services Division of the Public Works Department.

Specifications for street lighting within the District are indicated within a previously executed contract dated July 22, 1958, by and between the City of Garden Grove and Southern California Edison Company, a copy of which is attached by reference to this report.

Traffic Signals and Freeway Lighting. Maps showing the location of traffic signals and freeway lighting within the District, and specifications showing the general nature, location and extent of proposed capital improvements, are on file in the office of the City Clerk and incorporated herein by reference.

PART B ESTIMATE OF COST

The City's budget for the installation, operation, maintenance and servicing of lighting details the estimated costs for Fiscal Year 2012-13 as available at the time of preparation of this report, and includes engineering fees, legal fees, printing, mailing, postage, publishing, and all other related costs identified with the district proceedings.

| | | | Allocated Engineering & | Contributions from Other | Total to |

The 1972 Act requires that a special fund be set-up for the revenues and expenditures of the District. Funds raised by assessment shall be used only for the purpose as stated herein. A contribution to the District by the City may be made to reduce assessments, as the City Council deems appropriate. Any balance or deficit remaining on July 1 must be carried over to the next fiscal year.

The detail of the estimated cost of operating, maintaining and servicing local and arterial street lighting including alleys and safety lights within the District for Fiscal Year 2012-13 is set forth below:

PART C METHOD OF APPORTIONMENT

GENERAL

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by cities for the purpose of providing certain public improvements which include the maintenance and servicing of street lights, traffic signals, landscaping and park and recreational facilities.

Section 22573, Landscaping and Lighting Act of 1972 requires that maintenance assessments be levied according to benefit rather than according to assessed value. This Section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The Act permits the designation of zones of benefit within any individual assessment district if "by reason of variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvements." (Sec. 22574). Thus, the 1972 Act requires the levy of a true "assessment" rather than a "special tax."

EXEMPTION FROM ARTICLES XIIIC AND XIIID

As a result of the passage of Proposition 218 by Voters on November 5, 1996, Articles XIIIC and XIIID were added to the California Constitution. The new procedural and approval process outlined in these articles apply to those districts that do not qualify for an exemption as provided therein. There are several exemptions provided, including: 1) a district that received prior voter approval, 2) a district originated with a petition signed by 100 percent of the property owners in the district, or 3) a district complying with the requirements set forth in Section 5(a) of Article XIIID that states:

"...assessments existing on the effective date of this Article shall be exempt from the procedures and approval process set forth in Section 4 [if they were] imposed exclusively to finance the capital costs or maintenance and operation expenses for sidewalks, streets, sewers, water, flood control, drainage systems or vector control."

The street lighting assessment existed in Fiscal Year 1996-97 and funded improvements that are classified as street improvements. Street improvement as defined herein is based on the definitions provided by the Office of the Controller for the State of California in the Guidelines Relating to Gas Tax Expenditures published by the Division of Local Government Fiscal Affairs. The state's gas tax program is administered in city agencies, but audited by the Office of the State Controller. The proceeds of the gas tax are statutorily limited to expenditures for streets and roads. Because the funds are restricted to street and road costs, the State Controller has developed "Street Purpose Definitions and Guidelines" based on the Manual of Uniform Highway Accounting and Financial Management Procedures developed by the American Association of State Highway Officials. Street improvement, as it relates to this District, is defined as the construction, operation, or maintenance of facilities within the right-of-way used for street or road purposes including but not limited to the following:

- Installation or expansion of the street lighting system including replacement of old equipment with superior equipment, installation of traffic signals at intersections and railroad crossings, replacement of equipment as required for relocations for street purposes, and purchase and installation of traffic signal control equipment.
- Servicing lighting systems and street or road traffic control devices including repaining and repairing traffic signals and lighting standards; and furnishing of power for street and road lighting and traffic control devices.

Therefore, the assessments levied for street improvements as defined above are exempt from the Article XIIID procedural and approval process.

SPECIAL BENEFIT ANALYSIS

Local Lighting. The installation, operation, maintenance and servicing of lighting along streets and alleys in close proximity to certain lots or parcels provides a special benefit to such lots or parcels, enhancing their value by providing illumination resulting in: 1) improved security of such lots or parcels, 2) improved ingress and egress from such lots or parcels by illuminating access after sunset, and 3) improved nighttime visibility for the local access of emergency vehicles. In the case of commercial lots or parcels, these local lights, by improving ingress and egress, facilitate the opening and operation of businesses after sunset.

Arterial Lighting. The installation, operation, maintenance and servicing of arterial lighting (including traffic signals, intersection safety lighting, freeway underpass lighting, and lighting on arterial streets) provides a special benefit to each and every assessable lot or parcel within the District, enhancing their value by: 1) improved nighttime visibility for the access of emergency vehicles, and 2) improved safety and traffic circulation to and from parcels citywide.

METHODOLOGY

Local Lighting Assessment

The special benefit from operation, maintenance and servicing of local street lighting within the District only accrues to those parcels within the District located in areas where such lighting is provided. Therefore, parcels without local street lighting are not assessed for the cost of providing such lighting. Generally, a parcel is determined to have local lighting provided if a street light is within approximately 90 feet of the parcel.

The benefit from local lighting can be measured by increased safety to people and property, as well as the increased availability of lighting. In order to establish the proportionate share of local lighting benefit to any parcel of land in relation to the total special benefits to be received by local lighting, it is necessary to establish a benchmark to relate that one parcel to all others. The benchmark is called the Assessment Unit (AU). The District uses the Single Family Residence (SFR) as the benchmark AU. All other land uses will be compared to the benchmark of the Single Family Residence to gain a comparative Assessment Unit based on population and parcel size as described below. For parcels with local lighting, there exists the core benefit of available lighting for every parcel in the District near a street light. This "Availability" benefit is apportioned to parcels with local lighting in the District on a per parcel basis, and has been assigned one-fourth of the SFR Assessment Unit. In addition to this benefit, parcels in the District benefit from improved safety related to people who

own or use the parcels in the District ("Safety to People"), which has been assigned one-half of the SFR Assessment Unit. Parcels also benefit from improved safety related to the parcel itself ("Safety to Property"), which has been assigned one-fourth of the SFR Assessment Unit. The three benefit factors are then added together for a total of 1 AU per SFR.

Safety to People

Assessment law requires that benefit be apportioned to parcels in the District based on the benefit the land receives. It is not, however, contradictory to relate the benefit property receives to the benefit people owning or using such property receive from improved safety as a result of the District's improvements. The Safety to People benefit results in a benefit to land, especially in residential properties, because clearly what is good for people improves the property value of the land and the ability to sell homes, rent apartments, or let mobile home spaces.

What is good for people is also important to the Nonresidential and Nonprofit properties in the District. Nonresidential properties receive Safety to People benefit from street lighting through the reduction in criminal acts to employees in their parking lots as well as related traffic safety of employees.

Therefore, the Safety to People benefit received by Nonresidential parcels is, at a minimum, that amount received by single family parcels for every portion of the Nonresidential property equal in size to a typical single family parcel. In addition, in order to distribute benefit between the Nonresidential parcels, the individual lot size of each Nonresidential parcel will be used to compute the parcel's benefit points.

Nonprofit properties benefit from local street lighting through the reduction in criminal acts to members or visitors on property grounds as well as traffic safety to people traveling to and from the property. However, on an ongoing basis, Nonprofit properties generally have an inconsistent number of people using the facilities on a day-to-day basis. Unlike an office, warehouse, or retail establishment, a typical Nonprofit facility will have one or two days of intense use and more days of less intensive use where a small staff takes care of necessary duties. Therefore, the Nonprofit parcels should be assessed at a lower level than other Nonresidential properties, with a minimum assessment equal to a single family residence.

The safety benefit as it relates to safety of the person is apportioned to properties in the District based on the following demographic population information for residential uses as provided by the City of Garden Grove Planning Department. The Nonresidential and Nonprofit uses are related to the residential uses utilizing the Single Family Residential average density of 7,200 square feet as shown in Table 1 below:

TABLE 1 - POPULATION DEMOGRAPHICS (SAFETY TO PEOPLE)

| Land Use Description | Population per Unit | Rounded % of SFR | Safety to People Benefit (1/2) | |
|---------------------------------|------------------------|---------------------|-----------------------------------|--|
| Single Family Residential (SFR) | 3.51/unit | 100% | 0.50 | |
| Condominium | 3.02/unit | 85% | 0.43 | |
| Multiple Family Residential | 3.38/unit | 95% | 0.45 | |
| Mobile Home | 1.50/unit | 40% | 0.20 | |
| Nonresidential | 3.51/7,200 sq. ft. | . 100% | 0.50 | |
| Nonprofit | 1.755/7,200 sq. ft. | 50% | 0.25 | |
| Vacant | 0/parcel | 0% | 0.00 | |

Safety to Property

Both Residential and Nonresidential properties, including Commercial, Industrial, Nonprofit and Vacant parcels, receive benefit from local lighting operation, maintenance and servicing related to the protection of buildings, personal property, business equipment, inventory, materials, etc. located on the property. The Safety to Property benefit is apportioned to properties in the District based on relative property size as available from the City of Garden Grove Planning Department for Residential uses and Assessor's Parcel Maps for Nonresidential land uses.

For the Residential uses, an average density has been used to determine the per unit parcel size. The Nonresidential, Nonprofit and Vacant uses are related to the Residential uses utilizing the Single Family Residential average density of 7,200 square feet as shown in Table 2 below:

TABLE 2 - AVERAGE DENSITY PER LAND USE (SAFETY TO PROPERTY)

| Land Use Description | Square Feet per Unit | Rounded % of SFR | Safety to Property Benefit (1/4) | |
|---------------------------------|-------------------------|---------------------|-------------------------------------|--|
| Single Family Residential (SFR) | 7,200 sf/unit | 100% | 0.25 | |
| Condominium | 3,300 sf/unit | 46% | 0.12 | |
| Multiple Family Residential | 2,600 sf/unit | 36% | 0.09 | |
| Mobile Home | 3,700 sf/unit | 51% | 0.13 | |
| Nonresidential | 7,200 sf/unit | 100% | 0.25 | |
| Nonprofit | 7,200 sf/unit | 100% | 0.25 | |
| Vacant | 7,200 sf/unit | 100% | 0.25 | |

In determining the benefit for local lighting, larger properties do not necessarily receive benefit in proportion to their larger size, because a large share of the property may not be protected by the light on the street. In addition, these properties would typically have to provide their own privately funded lighting system in order to afford protection to their entire lot. To account for this, Safety to Property benefit points per unit will only be assigned up to 20 dwelling units or 20 times 7,200 square feet (144,000 square feet) for Nonresidential and Vacant properties. However, a lower maximum assessment, based on 5 dwelling units or 36,000 square feet, is appropriate for the Nonprofit parcels, because these properties are less susceptible to criminal activity since the services provided on the premises are not for profit.

TABLE 3 - LOCAL LIGHTING BENEFIT FACTORS

Table 4 below provides a summary of assessment units for the different land uses for local lighting benefit.

| Land Use Description | Parcels | Dwellings | Square Ft | Total AU's |
|-----------------------------|---------|-----------|------------|------------|
| Single Family Residential | 21,883 | 21,894 | 0 | 21,894.000 |
| Condominium | 5,725 | 5,766 | 0 | 4,555.140 |
| Multiple Family Residential | 1,050 | 12,421 | 0 | 6,578.520 |
| Mobile Home | 12 | 1,197 | 0 | 273.600 |
| Nonresidential * | 1,476 | 0 | 67,583,475 | 7,033.346 |
| Nonprofit * | 118 | 0 | 8,053,246 | 420.120 |
| Vacant | 63 | 0 | 835,454 | 46.675 |
| Totals | 30,327 | 41,278 | 76,472,175 | 40,801.401 |

TABLE 4 - LOCAL LIGHTING ASSESSMENT UNIT SUMMARY

The rate per AU is calculated by dividing the total budget amount by the total number of AU's:

\$723.817 / 40.801.401 AU's = \$17.74 / AU

^{*}Minimum assessment is equal to a single family residence

^{*} Square feet shown are total square feet. Nonresidential and Nonprofit parcels are assessed a minimum of 1 AU.

Arterial Lighting

All parcels in the District receive a special benefit from the installation, operation, maintenance and servicing of traffic signals and freeway lighting as well as the operation, maintenance and servicing of safety lighting and street lighting on arterial streets. The arterial lighting, traffic signals, safety lighting, freeway lighting, and capital improvements (Arterial Lighting) are provided throughout the City and all properties in the City may easily access these improvements. In contrast to Local Lighting, Arterial Lighting benefits properties primarily because the properties, and the persons using the properties, are provided safe arterial street access. Therefore, Arterial Lighting benefit will be apportioned to Residential and Nonresidential parcels in the District on a per unit basis taking into account demographic population information.

Nonresidential and Nonprofit parcels rely in large part on the flow of through traffic to attract employees, members and customers, and therefore benefit from Arterial Lighting, at least as much as single family residential parcels. Accordingly, these parcels are assessed the minimum that would be assessed to a 7,200 square foot Residential parcel. Since larger parcels, which attract more employees, members and customers, derive a greater benefit from the traffic signals and safety lighting than smaller parcels, the assessment for a Nonresidential or Nonprofit parcel is calculated based on the square footage of the parcel.

Arterial Lighting benefit is based on the demographic population information shown in Table 1 (Population Demographics) above. All residential uses are related based on the average population for the respective land use. The Nonresidential and Nonprofit land uses have been assigned a minimum single family factor under the premise that regardless of the Nonresidential use, the minimum benefit to the parcel is that of a single family residence.

The single family factor of 1.0 benefit point per unit is assigned to every 7,200 square foot portion of a Nonresidential parcel with every parcel assigned a minimum of 7,200 square feet. The 7,200 square feet is based on the City of Garden Grove Planning Department information regarding typical zoning density for single family houses of six homes per acre as shown in Table 2 (Average Density Per Unit) above.

Nonprofit parcels benefit from safe arterial street access and the flow of through traffic to attract members. Because Nonprofit parcels are typically used less intensively than other Nonresidential uses, they are assessed at a lower rate than the Nonresidential uses. Nonprofit parcels are assessed at one-half the rate of the Nonresidential uses, with a minimum assessment equal to a single family residence.

Vacant properties, which have no people residing on the property, also benefit from arterial lighting because of the convenience associated with emergency vehicle access and other traffic that must use the arterial streets to service the Vacant properties in the District. Therefore, Vacant parcels are assigned a per parcel benefit point. Vacant parcels are assigned 0.25 benefit points per parcel, based on the core benefit attributable to every assessable parcel in the District from Arterial Lighting.

Table 5 below shows the breakdown of the Assessment Units assigned to each land use for all assessable property in the District.

| TABLE 5 - AR | TERIAL | LIGHTING | BENEFIT |
|--------------|--------|----------|---------|
|--------------|--------|----------|---------|

| Land Use Description | Total AU's | | |
|---------------------------------|-------------------|--|--|
| Single Family Residential (SFR) | 1.00 / unit | | |
| Condominium | 0.85 / unit | | |
| Multiple Family Residential | 0.95 / unit | | |
| Mobile Home | 0.40 / unit | | |
| Nonresidential | 1.00 / 7,200 sf * | | |
| Nonprofit | 0.50 / 7,200 sf * | | |
| Vacant | 0.25 / parcel | | |

^{*}Minimum assessment is equal to a single family residence

Table 6 below provides a summary of assessment units for the different land uses for arterial lighting benefit.

TABLE 6 - ARTERIAL LIGHTING ASSESSMENT UNIT SUMMARY

| Land Use Description | Parcels | Dwellings | Square Ft | Total AU's |
|-----------------------------|---------|-----------|------------|------------|
| Single Family Residential | 26,073 | 26,084 | 0 | 26,084.000 |
| Condominium | 5,726 | 5,771 | 0 | 4,905.350 |
| Multiple Family Residential | 1,139 | 13,228 | 0 | 12,566.600 |
| Mobile Home | 14 | 1,559 | 0 | 623.600 |
| Nonresidential * | 1,500 | 0 | 68,372,389 | 9,556.964 |
| Nonprofit * | 118 | 0 | 8,053,246 | 577.415 |
| Vacant | 86 | 0 | 1,017,187 | 21.500 |
| Totals | 34,656 | 46,642 | 77,442,822 | 54,335.429 |

^{*} Square feet shown are total square feet. Nonresidential and Nonprofit parcels are assessed a minimum of 1 AU.

The rate per AU is calculated by dividing the total budget amount by the total number of AU's:

$$$596,060 / 54,335.429 \text{ AU's} = $10.97 / \text{AU}$$

Alley Lighting

Residential properties fronting alleys with local alley lighting are assessed for local alley lighting contiguous to such parcels in addition to any other lighting benefits. These properties receive a special and direct benefit from the local alley lighting. There are currently 58 single family residential parcels receiving this benefit, therefore the rate per parcel is calculated by dividing the total budget amount by the total number of parcels:

Engineering and Incidental Expenses

All parcels within the District benefit from the ongoing operation of the District. Therefore, all parcels assessed in the District receive a share of the administrative costs for the District based on their lighting benefit.

Total Assessment

The total assessment for each parcel is the sum of its assessments for local lighting, alley lighting, arterial lighting, engineering and incidentals, and, if appropriate, its assessment for Main Street Lighting improvements.

PART D ASSESSMENT DIAGRAM

A diagram showing the exterior boundaries of the District and the area assessed for Main Street Lighting (nonresidential properties on Main Street between Acacia Parkway and Garden Grove Boulevard) is on file in the Office of the City Clerk and incorporated herein by reference.

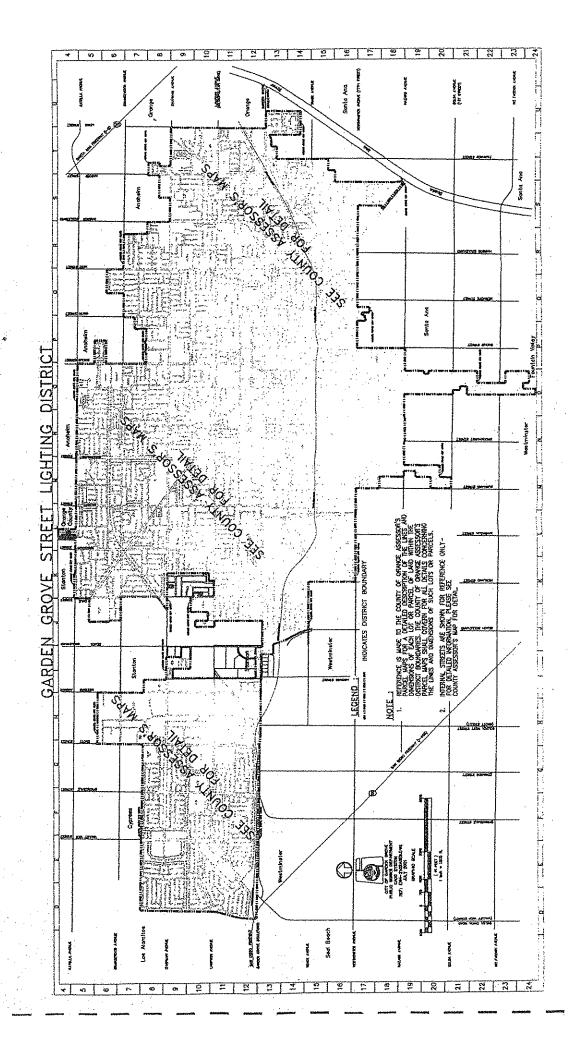

The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the Assessor of the County of Orange for the fiscal year to which this report applies. The Assessor's maps and records are incorporated by reference herein and made part of this report.

A reduced copy of the City of Garden Grove Street Lighting Maintenance District Map is provided on the following page.

PART E ASSESSMENT ROLL

The total proposed assessment for Fiscal Year 2012-13 and the amount of the total proposed assessment apportioned to each lot or parcel within the District, as shown on the latest assessment roll at the Orange County Assessor's Office, are contained in the Assessment Roll on file in the Office of the City Clerk of the City of Garden Grove, which is incorporated herein by reference.

The description of each lot or parcel is part of the records of the Assessor of the County of Orange and these records are, by reference, made part of this Report.

FISCAL YEAR 2012-13

INTRODUCTION AND BACKGROUND

This report is prepared pursuant to the City Council action taken at their regular meeting ordering a report for the Street Lighting District No. 99-1 and the levy of assessments for the fiscal year commencing July 1, 2010 and ending June 30, 2011. This report is prepared in compliance with the requirements of Proposition 218 as stated in Articles XIIIC and XIIID of the California Constitution (hereinafter referred to as "Articles"), and Chapters 1 and 4 of the Landscaping and Lighting Act of 1972, being Part 2 of Division 15 of the California Streets and Highways Code (hereinafter referred to as "Act").

This report presents the engineering analysis for the formation and annual levy of assessments for the lighting district known as:

"City of Garden Grove Street Lighting District No. 99-1"

Hereinafter referred to as "District".

Assessments for the District are being levied to provide funding for the following:

- 1. The operation, maintenance, and servicing of local street lights in close proximity, within approximately 90 feet, to certain lots and parcels which provide a direct special benefit to such lots or parcels.
- 2. The operation, maintenance, and servicing of arterial street lights which provide a special benefit to all the assessable parcels within the District whether or not such parcels are in close proximity to such lighting.

As a result of Proposition 218 enacting Articles XIIIC and XIIID of the California Constitution, the City Council has ordered a report that complies with the special benefit requirements of the Articles. The assessment methodology contained herein incorporates an analysis of general benefit and special benefit. The assessments to be levied on each property do not exceed the reasonable cost of proportional special benefit conferred on each parcel from the funded operation and maintenance of street light improvements.

The City of Garden Grove currently levies an assessment for street lighting on parcels throughout the City through its Citywide Street Lighting District (hereinafter referred to as "Citywide SLD"). Since the formation of the Citywide SLD, two non-contiguous residential areas have been annexed and incorporated into the City pursuant to LAFCO Annexation No. 141. These two areas were previously provided local and arterial street lighting by the County of Orange. The City is now required to provide resources in order to maintain the current levels of service for both local and arterial lighting for these two areas. These two areas will now be assessed for both local and arterial lighting with this District.

In addition to LAFCO Annexation No. 141, six owners of residential property, in a contiguous area of the City currently within Citywide SLD and assessed for arterial lighting only, petitioned the City for the installation and maintenance of a single local street lamp to benefit their properties. Therefore, the annual costs of maintaining the local and arterial lighting that benefit these property owners is to be assessed annually through the District.

ZONES OF BENEFIT

The District has established two zones of benefit to apportion the cost of the District improvements based on proportional special benefit conferred on each property in the zones. The District provides Zone 1, as described below, both local and arterial lighting benefits and provides Zone 2 local lighting benefit only. Zone 2, as described below, is currently assessed for arterial lighting through the Citywide SLD.

Zone 1

Zone 1 of the District is comprised of property within LAFCO Annexation No. 141 that incorporates into the City boundary two non-contiguous residential areas. The first annexation area includes 290 parcels in the area northeast of the corner of Dale Street and Lampson Avenue. The second annexation area includes 54 parcels on the west side of Fairview Avenue, south of Trask Avenue. These areas are displayed on separate maps as Exhibit A.

Zone 2

Zone 2 includes 6 single-family residential parcels located on Gail Lane, north of Chapman Avenue. This area of the City was without local street lighting, and the property owners of the parcels petitioned the City for the installation, operation, maintenance and servicing of a single local street light on Gail Lane that benefits their properties.

BOUNDARIES OF THE DISTRICT

The boundaries of the City of Garden Grove Street Lighting District No. 99-1 are three non-contiguous residential areas in the City and are shown on the maps on file in the office of the City Engineer and attached as Exhibit A.

FISCAL YEAR 2012-13

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF THE LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

Pursuant to Part 2 of Division 15 of the Streets and Highways Code of the State of California, and in accordance with the Resolution of Initiation adopted by the City Council of the City of Garden Grove, State of California, in connection with the proceedings for:

CITY OF GARDEN GROVE STREET LIGHTING DISTRICT NO. 99-1

hereinafter referred to as the "Assessment District" or "District", I, K. Dennis Klingelhofer, P.E., the authorized representative of Harris & Associates, the duly appointed ASSESSMENT ENGINEER, submit herewith the "Report" consisting of five (5) parts as follows:

PART A PLANS AND SPECIFICATIONS

Plans and specifications for the existing and ultimate improvements are as set forth on the lists thereof, attached hereto, and are on file in the office of the City Engineer and are incorporated herein by reference.

PART B ESTIMATE OF COST

An estimate of the costs of the maintenance and/or servicing of the existing and ultimate improvements for FY 2012-13, including incidental costs and expenses in connection therewith.

PART C METHOD OF APPORTIONMENT

The method of apportionment of assessments indicates the proposed assessment of the net amount of the costs and expenses of the maintenance and/or servicing of the existing and ultimate improvements to be assessed upon the several lots and parcels of land within the Assessment District in proportion to the estimated special benefits to be received by such lots and parcels.

PART D ASSESSMENT DIAGRAM

The Boundary Map and Diagram, which shows the exterior boundaries of the Assessment District, the boundaries of any zones within the Assessment District and the lines and dimensions of each lot or parcel of land within the Assessment District, is on file in the offices of the City Engineer and the City Clerk and is incorporated herein by reference.

The lines and dimensions of each lot or parcel within the Assessment District are those lines and dimensions shown on the maps of the Assessor of the County of Orange for the fiscal year to which this Report applies. The Assessor's maps and records are incorporated by reference herein and made part of this Report.

PART E ASSESSMENT ROLL

An assessment of the estimated cost of maintenance and/or servicing of the existing improvements on each benefited lot or parcel of land within the Assessment District for the fiscal year to which this report applies are on file in the offices of the City Engineer and the City Clerk and incorporated herein by reference.

The undersigned respectfully submits the enclosed report as directed by the City Council. The undersigned certifies that she is a Professional Engineer, registered in the State of California.

DATED: May 15, 2012

Harris & Associates

BY: K. Dennis Klingelhofer, P.E.

R.C.E. No. 50255

PART A

PLANS AND SPECIFICATIONS

The facilities, which have been constructed within the City of Garden Grove, and those which may be subsequently constructed, will be serviced and maintained as generally described as follows:

DESCRIPTION OF IMPROVEMENTS FOR THE CITY OF GARDEN GROVE STREET LIGHTING DISTRICT NO. 99-1 FISCAL YEAR 2012-13

The improvements to be operated, maintained and serviced by the District are that portion of the local and arterial street lighting system of the City of Garden Grove that confer special benefit to the District parcels. The specific location of both local and arterial street light improvements within the City can be found on the Street Light Inventory Maps maintained by the City and on file in the office of the City Engineer where they are available for inspection.

Article XIIID of the California Constitution defines "maintenance and operation expenses" as "the cost of rent, repair, replacement, rehabilitation, fuel, power, electrical current, care and supervision necessary to property operate and maintain a permanent public improvement". The District funding includes, but is not limited to, the removal, repair, replacement or relocation of light standards, poles, bulbs, fixtures and all appurtenances, electrical energy, supplies, and engineering and incidental costs relating to the operation and maintenance of the local and arterial lighting benefiting the District parcels.

The local street lighting improvements to be operated, maintained and serviced by the District include all Edison owned street lights within the right-of-way of the local public streets located within the boundaries of the District as displayed in Exhibit A. These lights are all within close proximity to the District parcels and provide special benefit to such parcels.

The arterial street lighting improvements to be operated, maintained and serviced by the District include a reasonable allocation of all Edison-owned street light operation, maintenance and servicing on the major arterial streets within the City that provide special benefit to Zone 1. Arterial lighting for Zone 2 is currently provided by an assessed through the Citywide SLD and is not part of the District improvements.

PART B ESTIMATE OF COST

The City's budget for the installation, operation, maintenance and servicing of lighting details the estimated costs for Fiscal Year 2012-13 as available at the time of preparation of this report, and includes engineering fees, legal fees, printing, mailing, postage, publishing, and all other related costs identified with the district proceedings.

| Lighting Cost | | | Zone 1 | Zone 2 | Total |
|--|----------------|---|--|----------------------------|--|
| Lamp Size 5,800 lumen bulbs Engineering & Incidentals | Number 43 @ (1 | | \$4,192.09 \$826.14 | \$85.55 \$16.86 | \$4,277.64 \$843.00 |
| Cost Local Lighting | | | \$5,018.23 | \$102.41 | \$5,120.64 |
| Arterial Lighting Cost Less: City Contribution Engineering & Incidentals | (2 (3 (1 | 3) | \$3,789.28 (\$1,250.46) \$670.00 | \$0.00 \$0.00 \$0.00 | \$3,789.28 (\$1,250.46) \$670.00 |
| Cost Arterial Lighting | | , | \$3,208.82 | \$0.00 | \$3,208.82 |
| Total Lighting Cost | | _ | \$8,227.04 | \$102.41 | \$8,329.46 |
| District Engineering | (4 | 1) | \$1,531.53 | \$19.07 | \$1,550.60 |
| Total 2012-13 District Expense E | Budget | _ | \$9,758.58 | \$121.48 | \$9,880.06 |
| Cost per assessed parcel | COND | SINGLE FAMILY OS/TOWNHOMES MULTI-FAMILY VACANT | \$28.71 \$23.33 Varies Varies | \$17.74 | |

- (1) Engineering and Incidentals include, but are not limited to, City Engineering department maintenance.
- (2) Gail Lane property owners pay for arterial lighting through the Citywide SLD.
- (3) City contribution represents 33% of arterial lighting cost relating to general benefit.
- (4) District engineering includes the cost of compliance with Proposition 218.

The 1972 Act requires that a special fund be set-up for the revenues and expenditures of the District. Funds raised by assessment shall be used only for the purpose as stated herein. A contribution to the District by the City may be made to reduce assessments, as the City Council deems appropriate. Any balance or deficit remaining on July 1 must be carried over to the next fiscal year.

PART C METHOD OF APPORTIONMENT

GENERAL

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by cities for the purpose of providing certain public improvements which include the maintenance and servicing of street lights, traffic signals, landscaping and park and recreational facilities.

Section 22573, Landscaping and Lighting Act of 1972 requires that maintenance assessments be levied according to benefit rather than according to assessed value. This Section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

The Act permits the designation of zones of benefit within any individual assessment district if "by reason of variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvements." (Sec. 22574). Thus, the 1972 Act requires the levy of a true "assessment" rather than a "special tax."

In addition, Article XIIID Section 4 of the State Constitution requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Section 4 provides that only special benefits are assessable and the City must separate the general benefits from the special benefits.

METHODOLOGY

General Benefit

The City recognizes that a portion of the maintenance, operation and servicing of the City's arterial lighting improvements funded by the District provide a general benefit to the public at large. City traffic studies have shown that 33% of the City traffic flow on arterial streets is related to through traffic from surrounding regional areas. This pass-through traffic is an appropriate measure of the general benefit provided by the maintenance, operation and servicing of arterial lights. Therefore, the City is making a contribution of funds to the District equal to or in excess of the 33% of the estimated arterial lighting costs for the District. This amount is shown in the Estimated District Budget as the "City Contribution".

Special Benefit

Articles XIIIC and XIIID of the California Constitution define special benefit as "a particular and distinct benefit over and above general benefits conferred on real property located in the District or to the public at large. General enhancement of property value does not constitute 'special benefit'." The method of assessment for each Zone analyzes the special benefit each parcel receives from the improvements funded in each Zone. The costs are spread to the individual parcels based on their assigned Assessment Units.

Local Lighting Apportionment

The special benefit from operation, maintenance and servicing of local street lighting within the District only accrues to those parcels within the District located in areas where such lighting is provided. Therefore, parcels without local street lighting are not assessed for the cost of providing such lighting. Generally, a parcel is determined to have local lighting provided if a street light is within approximately 90 feet of the parcel.

The benefit from local lighting can be measured by increased safety to people and property, as well as the increased availability of lighting. In order to establish the proportionate share of local lighting benefit to any parcel of land in relation to the total special benefits to be received by local lighting, it is necessary to establish a benchmark to relate that one parcel to all others. The benchmark is called the Assessment Unit (AU). The District uses the Single Family Residence (SFR) as the benchmark AU. All other land uses will be compared to the benchmark of the Single Family Residence to gain a comparative Assessment Unit based on population and parcel size as described below. For parcels with local lighting, there exists the core benefit of available lighting for every parcel in the District near a street light. This "Availability" benefit is apportioned to parcels with local lighting in the District on a per parcel basis, and has been assigned one-fourth of the SFR Assessment Unit. In addition to this benefit, parcels in the District benefit from improved safety related to people who own or use the parcels in the District ("Safety to People"), which has been assigned one-half of the SFR Assessment Unit. Parcels also benefit from improved safety related to the parcel itself ("Safety to Property"), which has been assigned one-fourth of the SFR Assessment Unit. The three benefit factors are then added together for a total of 1 AU per SFR.

Safety to People

The Safety to People benefit results in a special benefit to residential parcels because local street lighting improves traffic safety during ingress and egress to the property and creates a deterrent to crime against people on the property. Vacant, non-developable properties within the District are not perceived to receive Safety to People benefit.

The Safety to People benefit is apportioned to properties in the District based on the following demographic population information for residential uses as provided by the City of Garden Grove Planning Department, as shown in Table 1 below.

| Land Use Description | Population per Unit | Rounded % of SFR | Safety to People Benefit (1/2) |
|---------------------------------|------------------------|------------------|-----------------------------------|
| Single Family Residential (SFR) | 3.51/unit | 100% | 0.50 |
| Condominium | 3.02/unit | 85% | 0.43 |
| Multiple Family Residential | 3.38/unit | 95% | 0.45 |
| Vacant | 0/parce1 | 0% | 0.00 |

TABLE 1 - POPULATION DEMOGRAPHICS (SAFETY TO PEOPLE)

Safety to Property

The Safety to Property benefit results in a special benefit to both residential and vacant non-developable parcels because local lighting operation, maintenance and servicing provides for the protection of buildings and personal property against crimes such as theft and vandalism. The Safety to Property benefit is apportioned to properties in the District based on relative property size as available from the City of Garden Grove Planning Department for residential uses.

For all residential uses, an average density has been used to determine the per unit parcel size. Vacant uses are related to the Residential uses utilizing the Single Family Residential average density of 7,200 square feet as shown in Table 2 below:

Square Feet Rounded % Safety to Property Land Use Description Benefit (1/4) per Unit of SFR Single Family Residential (SFR) 100% 7,200 sf/unit 0.25 46% 0.12 3,300 sf/unit Condominium 36% 0.09 Multiple Family Residential 2,600 sf/unit 7,200 sf/unit 100% 0.25 Vacant

TABLE 2 - AVERAGE DENSITY PER LAND USE (SAFETY TO PROPERTY)

In determining the benefit for local lighting, larger properties do not necessarily receive benefit in proportion to their larger size, because a large share of the property may not be protected by the light on the street. In addition, these properties would typically have to provide their own privately funded lighting system in order to afford protection to their entire lot. To account for this, Safety to Property benefit points per unit will only be assigned up to 20 dwelling units or 20 times 7,200 square feet (144,000 square feet) for Vacant properties.

Table 3 below shows the breakdown of the Assessment Unit benefit points assigned to each land use for those properties located in areas with local street lights.

| Land Use Description | Safety to People | Safety to Property | Availability Benefit | Total AU's |
|---------------------------------|---------------------|-----------------------|-------------------------|--------------------------|
| Single Family Residential (SFR) | .50/unit | .25/unit | .25/parcel | 1.00/parcel |
| Condominium | .43/unit | .12/unit | .25/parcel | .79/parcel |
| Multi-family up to 20 units | .45/unit | .09/unit | .25/parcel | .54/unit + .25/parcel |
| Multi-family more than 20 units | .45/unit | 1.80/parcel | .25/parcel | .45/unit + 2.05/parcel |
| Vacant minimum 7,200sf | .00/7,200sf | .25/parcel | .25/parcel | .50/parcel |
| Vacant 7,200 to 144,000sf | .00/7,200sf | .25/7,200sf | .25/parcel | .25/7,200sf + .25/parcel |
| Vacant maximum > 144,000sf | .00/7,200sf | 5.00/parcel | .25/parcel | 5.25/parcel |

TABLE 3 - LOCAL LIGHTING BENEFIT FACTORS

Table 4 below provides a summary of assessment units for the different land uses for local lighting benefit.

TABLE 4 - LOCAL LIGHTING ASSESSMENT UNIT SUMMARY

| Land Use Description | Parcels | Dwellings | Square Ft | Total AU's |
|-----------------------------|---------|-----------|-----------|------------|
| Single Family Residential | 284 | 284 | | 284.000 |
| Condominium | 52 | 52 | | 41.080 |
| Multiple Family Residential | 13 | 26 | | 17.290 |
| Vacant | 0 | | 0 | 0.000 |
| Totals | 349 | 362 | 0 | 342.370 |

The rate per AU is calculated by dividing the total budget amount by the total number of AU's:

$$$6,074 / 342.370 \text{ AU's} = $17.74 / \text{AU}$$

Arterial Lighting Apportionment

All parcels in the District receive a special benefit from the installation, operation, maintenance and servicing of traffic signals and freeway lighting as well as the operation, maintenance and servicing of safety lighting and street lighting on arterial streets. The arterial lighting, traffic signals, safety lighting, freeway lighting, and capital improvements (Arterial Lighting) are provided throughout the City and all properties in the City may easily access these improvements. In contrast to Local Lighting, Arterial Lighting benefits properties primarily because the properties, and the persons using the properties, are provided safe arterial street access. Therefore, Arterial Lighting benefit will be apportioned to parcels in the District on a per unit basis taking into account demographic population information.

Vacant properties, which have no people residing on the property, also benefit from arterial lighting because of the convenience associated with emergency vehicle access and other traffic that must use the arterial streets to service the Vacant properties in the District. Therefore, Vacant parcels are assigned a per parcel benefit point. Vacant parcels are assigned 0.25 benefit points per parcel, based on the core benefit attributable to every assessable parcel in the District from Arterial Lighting.

Table 5 below shows the breakdown of the Assessment Units assigned to each land use for all assessable property in the District.

TABLE 5 - ARTERIAL LIGHTING BENEFIT

| Land Use Description | Total AU's |
|---------------------------------|---------------|
| Single Family Residential (SFR) | 1.00 / unit |
| Condominium | 0.85 / unit |
| Multiple Family Residential | 0.95 / unit |
| Vacant | 0.25 / parcel |

Table 6 below provides a summary of assessment units for the different land uses for arterial lighting benefit.

TABLE 6 - ARTERIAL LIGHTING ASSESSMENT UNIT SUMMARY

| Land Use Description | Parcels | Dwellings | Square Ft | Total AU's |
|-----------------------------|---------|-----------|-----------|------------|
| Single Family Residential | 284 | 284 | | 278.000 |
| Condominium | 52 | 52 | | 44.200 |
| Multiple Family Residential | 13 | 26 | | 24.700 |
| Vacant | 0 | | 0 | |
| Totals | 349 | 362 | 0 | 346.900 |

The rate per AU is calculated by dividing the total budget amount by the total number of AU's:

33,806 / 346.900 AU's = 10.97 / AU

District Engineering Costs

District Engineering Costs include legal, assessment engineering, and other engineering related costs necessary to achieve the District's compliance with Article XIIID of the California Constitution. All parcels in the District benefit from the District Engineering Costs. Each parcel in the zone is allocated a proportionate share of the District Engineering Cost based on its assigned benefit points.

Total Assessment

The total assessment for each parcel is the sum of its assessment for local and arterial lighting. Table 7 below summarizes the FY 2012-13 assessment rates for the various land uses in Zones 1 and 2.

| | | Zo | ne 1 | | Zone 2 |
|------------|------------------------------|----------------------|----------------------------------|----------------------------------|------------------------------|
| | Single-family Residential | Condos/ Townhomes | Multi-family Residential | Vacant | Single-family Residential |
| Assessment | per parcel | per unit | per unit | per parcel | per parcel |
| Local | \$17.74 | \$14.01 | \$9.58 + \$4.44 per parcel | \$4.44 + \$4.44 per parcel | \$17.74 |
| Arterial | \$10.97 | \$9.32 | \$10.42 | \$2.74 | N/A |
| Total | \$28.71 | \$23.33 | Varies | Varies | \$17.74 |

PART D ASSESSMENT DIAGRAM

The Boundary Map and Diagram showing the exterior boundaries of the District and zones of benefit is on file in the offices of the City Engineer and the City Clerk where it is available for public inspection and is incorporated herein by reference.

The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the Assessor of the County of Orange for the fiscal year to which this report applies. The Assessor's maps and records are incorporated by reference herein and made part of this report.

A reduced copy of the City of Garden Grove Street Lighting District No. 99-1 Map is provided as Exhibit A of this Report.

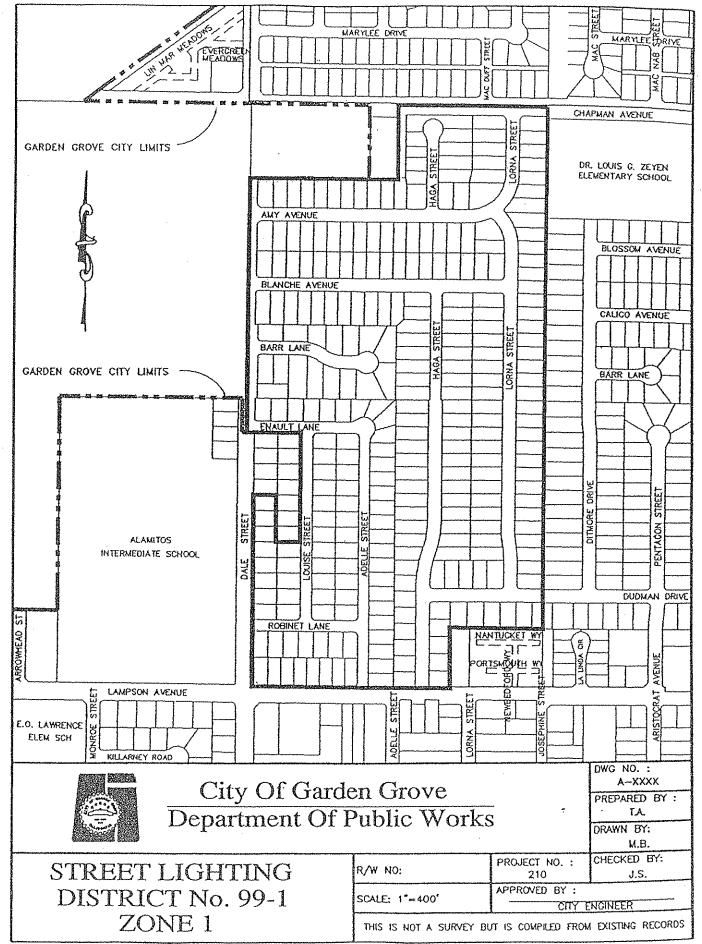

PART E ASSESSMENT ROLL

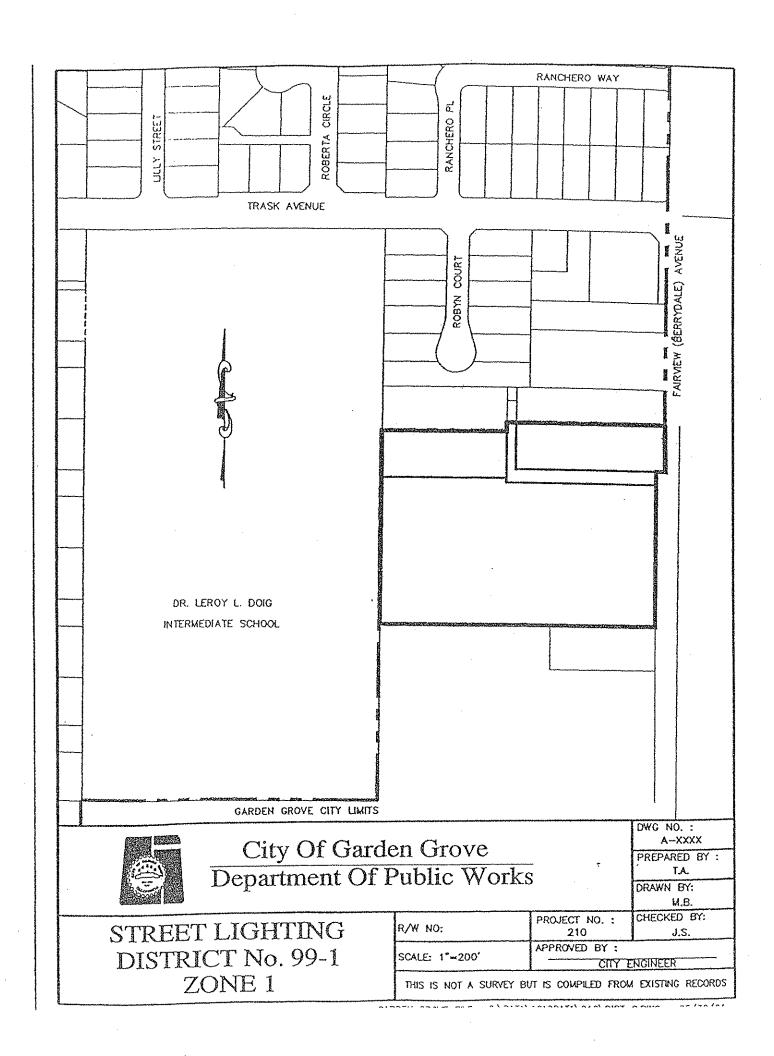

The total proposed assessment for Fiscal Year 2012-13 and the amount of the total proposed assessment apportioned to each lot or parcel within the District, as shown on the latest assessment roll at the Orange County Assessor's Office, are contained in the Assessment Roll as Exhibit B of this report and is on file in the offices of the City Engineer and the City Clerk, which is incorporated herein by reference.

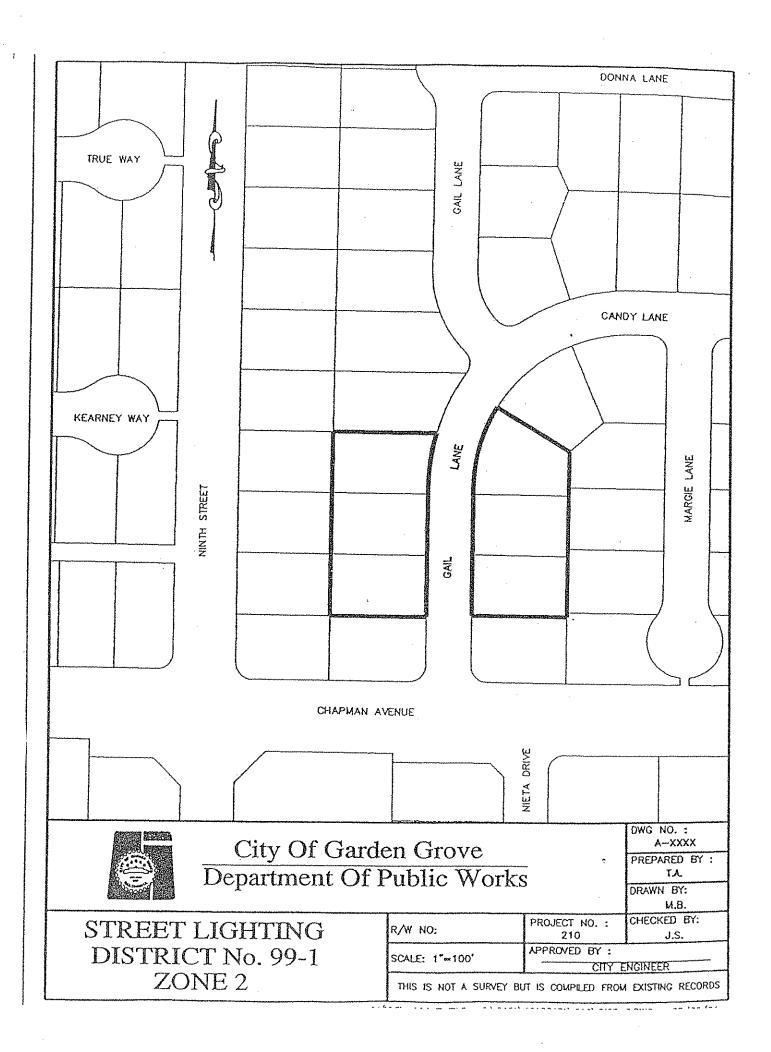

The description of each lot or parcel is part of the records of the Assessor of the County of Orange and these records are, by reference, made part of this Report.

CITY OF GARDEN GROVE

FISCAL YEAR 2012-13

SYNOPSIS

This report as filed complies with Articles XIIIC and XIIID of the California Constitution and the Landscaping and Lighting Act of 1972. Also part of this report, but not bound herein, is the assessment roll on file with the City Clerk which indicates each property's City of Garden Grove Park Maintenance District assessment for Fiscal Year 2012-13.

In order to comply with the requirements of Article XIIIC and XIIID of the California Constitution in the Fiscal Year 1997-98, the City Council ordered an Engineer's Report that complied with the new benefit analysis requirements and submitted the District's assessments to a property owner mailed ballot which passed by a majority vote. A new District was formed to fund park maintenance, as more thoroughly described in this Report.

The Park Maintenance District assessment for the Fiscal Year 2012-13 is proposed to total \$701,951. Under the proposed Fiscal Year 2012-13 Park Maintenance District, the typical homeowner will pay \$13.75, which represents their proportional special benefit for the cost of maintaining community parks. For the Fiscal Year 2012-13, the assessments will be levied at the same rate and method as levied in the Fiscal Year 2011-12. The estimated fund balance at the end of Fiscal Year 2012-13 is expected to be zero.

CITY OF GARDEN GROVE

FISCAL YEAR 2012-13

ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF THE LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAYS CODE

Pursuant to Part 2 of Division 15 of the Streets and Highways Code of the State of California, and in accordance with the Resolution of Initiation adopted by the City Council of the City of Garden Grove, State of California, in connection with the proceedings for:

CITY OF GARDEN GROVE PARK MAINTENANCE DISTRICT

hereinafter referred to as the "Assessment District" or "District", I, K. Dennis Klingelhofer, P.E., the authorized representative of Harris & Associates, the duly appointed ASSESSMENT ENGINEER, submit herewith the "Report" consisting of five (5) parts as follows:

PART A PLANS AND SPECIFICATIONS

Plans and specifications for the existing and ultimate improvements are as set forth on the lists thereof, attached hereto, and are on file in the Office of the City Clerk and are incorporated herein by reference.

PART B ESTIMATE OF COST

An estimate of the costs of the maintenance and/or servicing of the existing and ultimate improvements for FY 2012-13, including incidental costs and expenses in connection therewith.

PART C METHOD OF APPORTIONMENT

The method of apportionment of assessments indicates the proposed assessment of the net amount of the costs and expenses of the maintenance and/or servicing of the existing and ultimate improvements to be assessed upon the several lots and parcels of land within the Assessment District in proportion to the estimated special benefits to be received by such lots and parcels.

PART D ASSESSMENT DIAGRAM

The Assessment Diagram, which shows the exterior boundaries of the Assessment District, the boundaries of any zones within the Assessment District and the lines and dimensions of each lot or parcel of land within the Assessment District, is on file in the Office of the City Clerk and is incorporated herein by reference.

The lines and dimensions of each lot or parcel within the Assessment District are those lines and dimensions shown on the maps of the Assessor of the County of Orange for the fiscal year to which this Report applies. The Assessor's maps and records are incorporated by reference herein and made part of this Report.

PART E ASSESSMENT ROLL

An assessment of the estimated cost of maintenance and/or servicing of the existing improvements on each benefited lot or parcel of land within the Assessment District for the fiscal year to which this report applies are on file in the Office of the City Clerk and incorporated herein by reference.

The undersigned respectfully submits the enclosed report as directed by the City Council. The undersigned certifies that she is a Professional Engineer, registered in the State of California.

DATED: May 15, 2012

Harris & Associates

BY: K. Dennis Klingelhofer, P.E.

R.C.E. No. 50255

PART A

PLANS AND SPECIFICATIONS

The facilities, which have been constructed within the City of Garden Grove, and those which may be subsequently constructed, will be serviced and maintained as generally described as follows:

DESCRIPTION OF IMPROVEMENTS FOR THE CITY OF GARDEN GROVE PARK MAINTENANCE DISTRICT FISCAL YEAR 2012-13

The City currently funds the operation and maintenance of park and recreational improvements, including park and grounds maintenance, for 15 community parks. The City's park system provides for a uniform distribution of green area and recreation facilities throughout the District's boundary. Each property in the District is within close proximity of a park facility and specially benefits from the availability of these improvements.

The existing park and recreational facilities to be maintained and serviced are located in the following parks:

| Atlantis Park | Garden Grove Park | Twin Lakes Park |
|------------------------|-------------------|--------------------|
| Chapman Sports Complex | Hare School Park | Village Green Park |
| Civic Center Complex | Lake School Park | West Grove Park |
| Eastgate Park | Magnolia Park | West Haven Park |
| Edgar Park | Pioneer Park | Woodbury Park |

The District will fund costs in connection with the maintenance and servicing of the park and recreation facilities including, but not limited to, personnel, electrical energy, water, materials, contracting services, and other expenses necessary for the satisfactory operation of these facilities. The facilities are described as follows:

Parks and Recreational Facilities

Park and recreational facilities include, but are not limited to: landscaping, lights, athletic fields, playgrounds, playground equipment, public restrooms, park furniture, site amenities, and appurtenant facilities which are located within the public parks within the boundaries of the Assessment District. The landscaping and lighting are further discussed as follows:

Landscaping and Appurtenant Facilities

Facilities include but are not limited to: Landscaping, planting, shrubbery, trees, irrigation systems, hardscapes, fixtures, sidewalks and appurtenant facilities.

Lighting and Appurtenant Facilities

Facilities include but are not limited to: Poles, fixtures, bulbs, conduits, conductors, equipment including guys, anchors, posts and pedestals, metering devices and appurtenant facilities as required to provide lighting.

Maintenance means the furnishing of services and materials for the ordinary and usual operation, maintenance and servicing of the park and recreational facilities and appurtenant facilities, including repair, removal or replacement of all or part of any of the park and recreation facilities or appurtenant facilities; providing for the life, growth, health and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing and treating for disease or injury; the removal of trimmings, rubbish, debris and other solid waste; and the cleaning, sandblasting and painting of walls and other public improvements to remove or cover graffiti.

Servicing means the furnishing of water for the irrigation of the landscaping and the maintenance of any other improvements and the furnishing of electric energy for the public lighting facilities, or for the lighting or operation of any other improvements.

The plans and specifications for the improvements, showing and describing the general nature, are on file in the office of the City Engineer and the City Clerk and are by reference herein made a part of this report.

PART B ESTIMATE OF COST

The City's budget for the maintenance and servicing of park and recreational facilities details the estimated costs for Fiscal Year 2012-13 as available at the time of preparation of this report, and includes engineering fees, legal fees, printing, mailing, postage, publishing, and all other related costs identified with the district proceedings.

| OPERATION & MAINTENANCE | |
|--------------------------------------|-------------|
| Community Park | \$1,282,685 |
| General Fund Contribution | (\$828,562) |
| Subtotal Operation & Maintenance = | \$454,123 |
| ENGINEERING & INCIDENTALS | |
| Regular Salaries | \$438,979 |
| Overtime | \$0 |
| Commodities | \$22,251 |
| Equipment Pool Rental | \$107,820 |
| Contractual Services | \$130,950 |
| General Fund Contribution | (\$452,172) |
| Subtotal Engineering & Incidentals = | \$247,828 |
| Total to Assessment = | \$701,951 |

The 1972 Act requires that a special fund be set-up for the revenues and expenditures of the District. Funds raised by assessment shall be used only for the purpose as stated herein. A contribution to the District by the City may be made to reduce assessments, as the City Council deems appropriate. Any balance or deficit remaining on July 1 must be carried over to the next fiscal year.

PART C METHOD OF APPORTIONMENT

GENERAL

Part 2 of Division 15 of the Streets and Highways Code, the Landscaping and Lighting Act of 1972, permits the establishment of assessment districts by cities for the purpose of providing certain public improvements which include the maintenance and servicing of street lights, traffic signals, landscaping and park and recreational facilities.

Section 22573, Landscaping and Lighting Act of 1972 requires that maintenance assessments be levied according to benefit rather than according to assessed value. This Section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements.

The Act permits the designation of zones of benefit within any individual assessment district if "by reason of variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvements." (Sec. 22574). Thus, the 1972 Act requires the levy of a true "assessment" rather than a "special tax."

In addition, Article XIIID Section 4 of the State Constitution requires that a parcel's assessment may not exceed the reasonable cost of the proportional special benefit conferred on that parcel. Section 4 provides that only special benefits are assessable and the City must separate the general benefits from the special benefits.

REASON FOR THE ASSESSMENT

The assessment is proposed to be levied to defray the costs of the servicing and maintenance of parks and recreational improvements and appurtenant facilities, including but not limited to, personnel, electrical energy, utilities such as water, materials, contracting services, and other items necessary for the satisfactory operation of these services.

SPECIAL PARK BENEFIT ANALYSIS

The maintenance and servicing of parks and recreational improvements provide a particular and distinct special benefit to parcels within the District. The desirability of parcels within the District is specifically enhanced by the presence of well-maintained parks and recreational facilities which are available for the use and enjoyment of residents, customers, clients, employees and visitors of the assessed parcels. Having properly maintained parks readily accessible to properties within the District means that the owners and visitors of the assessed parcels may enjoy the benefits of such improvements available for use while the owner avoids the expense of privately installing and maintaining similar improvements. Each parcel within the District is located within reasonable proximity to a park, and therefore benefits from the improvements provided in that park.

In addition, to providing opportunities for recreational use, the property maintenance and servicing of park and recreational facilities improves the aesthetics of nearby parcels through the proper maintenance and servicing of landscaping, reduces pollution and noise in surrounding areas through

the provision of open space and the planting of otherwise barren areas, and reduces property-related crimes -related crimes (especially vandalism) against properties in the District through the abatement of graffiti. Also, the proper maintenance and servicing of parks which also serve as drainage basins such as Twin Lakes and similar landscaped areas not only facilitates proper drainage (and thereby reduces the potential for flood damage to properties in the District), but also beautifies and makes safer flood control facilities that would otherwise be unsightly and potentially dangerous. All of the above contribute to a specific enhancement of the property values of the parcels within the District.

GENERAL PARK BENEFIT ANALYSIS

In addition to the special benefits received by the parcels in the District, there are general benefits conferred by the maintenance, operation and servicing of park and recreational facilities. In addition to specially benefiting parcels within the District by providing recreational amenities and other property related benefits, the proper maintenance and servicing of park and recreational facilities benefits the public at large.

The general benefit from the park and recreational improvements can be measured by examining the type of facilities used at each park that provide benefit to the public at large. The neighborhood parks provide facilities that, by definition, almost exclusively benefit the surrounding tract neighborhood. In the City's General Plan, a neighborhood park is meant to be located within walking or biking distance of each property in the neighborhood. The cost of maintaining these parks is not included in the assessment district.

Community parks provide amenities that are farther reaching, servicing a population between 10,000 and 50,000 within a radius of one to two miles. Each parcel within the District is within two miles of a community park, therefore, each parcel receives a special benefit from community parks. Several of the community parks include pools, sports fields, tennis courts and other community amenities. Community parks also have neighborhood park attributes such as passive and active recreation opportunities focused on neighborhood recreational activities.

Each community park has been reviewed to determine the benefit associated with community and neighborhood amenities as defined in the City's General Plan. The cost of maintenance, servicing and operation associated with the community amenities of the community parks is 65% of the total maintenance, servicing and operation costs. Therefore, 65% of each community park is related to community amenities, while the other 35% is related to neighborhood amenities.

In addition, each community park has been examined to determine the number of registrations received by the Park and Recreation Department for individuals or teams outside the District boundaries. The ratio of out-of-District registrations to total registrations is used to determine the portion of each park budget that are of general benefit. This proportion has been determined to be 20% for the neighborhood amenities and 40% for the community amenities. Therefore, the portion of the community park's maintenance, servicing and operation that confers a general benefit to the parcels in the District is 20% of the neighborhood amenities and 40% of the community amenities.

The general benefit associated with the community parks includes the benefit the general public receives from the aesthetic and other environmental improvements associated with open space areas. The general benefit portion of the City's parks should not be funded through the assessment district and may be funded through the General Fund or other sources. Therefore, the amount that may be funded through the District for any given community park is comprised of two elements: community amenities – 60% of the 65% of a community park's operating budget, and neighborhood amenities –

80% of 35% of the community park's operating budget. The remaining budget confers a general benefit and will be paid from funds other that the District. Based on the above analysis, the amount of park and recreational improvements that may be funded through the District is shown in Table 1 below.

TABLE 1 - FUNDING BY COMMUNITY PARK

| Park Name | Total Park Costs | Assessable Neighborhood Amenities (1) | Assessable Community Park Costs (2) | Total Assessable Costs |
|----------------|---------------------|---|---|------------------------------|
| Atlantis | \$57,173 | \$16,008 | \$22,297 | \$38,305 |
| Garden Grove | \$514,581 | \$144,083 | \$200,687 | \$344,770 |
| Eastgate | \$64,326 | \$18,011 | \$25,087 | \$43,098 |
| West Grove | \$92,264 | \$25,834 | \$35,983 | \$61,817 |
| Magnolia | \$84,331 | \$23,613 | \$32,889 | \$56,502 |
| Woodbury | \$47,154 | \$13,203 | \$18,390 | \$31,593 |
| Village Green | \$90,050 | \$25,214 | \$35,120 | \$60,334 |
| Civic Center | \$174,276 | \$48,797 | \$67,968 | \$116,765 |
| Hare | \$200,116 | \$56,032 | \$78,045 | \$134,077 |
| Pioneer | \$57,173 | \$16,008 | \$22,297 | \$38,305 |
| Edgar | \$85,762 | \$24,013 | \$33,447 | \$57,460 |
| Twin Lakes | \$328,758 | \$92,052 | \$128,216 | \$220,268 |
| West Haven | \$142,939 | \$40,023 | \$55,746 | \$95,769 |
| Chapman Sports | \$34,358 | \$9,620 | \$13,400 | \$23,020 |
| Lake | \$9,424 | \$2,639 | \$3,675 | \$6,314 |
| Total | \$1,982,685 | \$555,150 | \$773,247 | \$1,328,397 |

⁽¹⁾ The neighborhood amenities portion of the Community Parks is estimated to be 35 percent of the total park costs. The special benefit that may be assessed in the District is 80 percent of the 35 percent associated with neighborhood park amenities (e.g., Twin Lakes: $328,758 \times 35\% \times 80\% = 92,052$).

⁽²⁾ The community amenities portion of the Community Parks is estimated to be 65 percent of the total park costs. The special benefit that may be assessed in the District is 60 percent of the 65 percent associated with community park amenities (e.g., Twin Lakes: $$328,758 \times 65\% \times 60\% = $128,216$).

METHODOLOGY

The benefit from parks can be measured by increased safety, the availability of improvements for recreational use, and other property-related benefits. In order to establish the proportionate share of park benefit to any parcel of land in relation to the total special benefits to be received by parks, it is necessary to establish a benchmark to relate that one parcel to all others. The benchmark is called the Assessment Unit (AU). The District uses the Single Family Residence (SFR) as the benchmark AU. All other land uses will be compared to the benchmark of the Single Family Residence to gain a comparative Assessment Unit based on population and parcel size as described below. Based on citizens' input and engineering judgement regarding the factors involved, it has been determined that park maintenance and servicing benefit primarily stems from increased safety and other property-related benefits. Therefore, the safety portion of the benefit has been assigned two-thirds of the SFR Assessment Unit, and the recreational portion of the benefit has been assigned one-third, to total 1 AU per SFR.

In comparing the other land uses to the Single Family Residence, two factors are used: population data and parcel size. The benefit from the availability of improvements for recreational use is apportioned to parcels in the District based on the relative population within a given land use as determined by the City of Garden Grove Planning Department. The benefit to parcels from increased safety and other property-related benefits is apportioned to other residential uses based on average parcel size as compared to the Single Family Residence. The benefit to Nonresidential, Nonprofit, Governmental and Vacant properties for increased safety and other property-related benefits is apportioned based on these parcels' specific property size as compared to the typical 7,200 square foot SFR lot.

Multiple Family Residential properties such as apartments, mobile homes and condominiums benefit from the park maintenance and servicing funded by the District. Residents of these types of parcels have the opportunity to use the recreational facilities and benefit from safer parks and the other property-related benefits mentioned above. Because Multiple Family Residential properties have fewer people per dwelling (see Table 2), they receive a proportionally smaller benefit from the improvements and their assessments have been decreased accordingly.

Nonresidential parcels, including commercial and industrial properties, benefit from the proper maintenance and servicing of parks, since such parks attract potential customers, employees, and membership from outside the District, and encourage residents of the City to leave their residences and patronize these establishments. All Nonresidential parcels are assessed according to their parcel square footage for safety benefit resulting from park maintenance and servicing. Using the Single Family Residence as a base, Nonresidential properties receive the same number of AU's as an SFR for every 7,200 square feet of land. Furthermore, Nonresidential parcels less than 7,200 square feet in size are assigned a minimum of 1 AU.

The benefit of recreational amenities is apportioned to parcels in the District based on population data from the City of Garden Grove Planning Department as shown in Table 2 below. This table also shows the weighted amount of benefit that each land use receives from having recreational amenities in close proximity. As it was determined that the recreational amenities made up one-third of the

total benefits received, the rounded percentage of each land use's population, as compared to the SFR's population, is then multiplied by one-third.

TABLE 2 - POPULATION DEMOGRAPHICS (RECREATION)

| Land Use Description | Population per Unit | Rounded % of SFR | Recreation Benefit (1/3) |
|---------------------------------|------------------------|---------------------|-----------------------------|
| Single Family Residential (SFR) | 3.51/unit | 100% | 0.33 |
| Condominium | 3.02/unit | 85% | 0.28 |
| Multiple Family Residential | 3.38/unit | 95% | 0.32 |
| Mobile Home | 1.50/unit | 40% | 0.13 |
| Nonresidential (min. SFR rate) | 3.51/7,200 sq. ft. | 100% | 0.33 |

The safety associated with well-maintained parks directly benefits properties because businesses and property owners want to be located in safe neighborhoods with safe parks. Safety benefit is appropriately measured based on land area for all of the uses. However, it would be impractical to charge different amounts within the residential land uses. Therefore, the residential properties are applied an assessment unit based on the average parcel size of each land use as shown below in Table 3. The table also shows the weighted amount of benefit that each land use receives from the safety associated with having parks in close proximity. As it was determined that the safety factor made up two-thirds of the total benefits received, the rounded percentage of each land use's population, as compared to the SFR's population, is then multiplied by two-thirds.

TABLE 3 - AVERAGE PARCEL SIZE (SAFETY TO PROPERTY)

| Land Use Description | Square Feet per Unit | Rounded % of SFR | Safety Benefit (2/3) |
|---------------------------------|-------------------------|---------------------|-------------------------|
| Single Family Residential (SFR) | 7,200 sf/unit | 100% | 0.67 |
| Condominium | 3,300 sf/unit | 46% | 0.30 |
| Multiple Family Residential | 2,600 sf/unit | 36% | 0.24 |
| Mobile Home | 3,700 sf/unit | 51% | 0.34 |
| Nonresidential (min. SFR rate) | 7,200 sf/unit | 100% | 0.67 |

The weighted benefits received from recreation and safety are then added together to determine the assessment unit for each of the land uses as shown in Table 4 below.

TABLE 4 - ASSESSMENT UNIT CALCULATION

| Land Use Description | Recreation Benefit | + | Safety Benefit | == | Assessment Unit |
|---------------------------------|-----------------------|---|-------------------|--------|----------------------|
| Single Family Residential (SFR) | 0.33 | + | 0.67 | = | 1.00 AU per parcel |
| Condominium | 0.28 | + | 0.30 | | 0.58 AU per parcel |
| Multiple Family Residential | 0.32 | + | 0.24 | | 0.56 AU per unit |
| Mobile Home | 0.13 | + | 0.34 | 100000 | 0.47 AU per unit |
| Nonresidential (min. SFR rate) | 0.33 | + | 0.67 | == | 1.00 AU per 7,200 sf |

Nonprofit, Government and Vacant parcels receive less benefit than other Nonresidential parcels in the District from the operation, maintenance and servicing of parks in the City and are therefore assessed at lower levels, as discussed below.

Nonprofit parcels receive less benefit than other Nonresidential parcels in the District from the operation, maintenance and servicing of parks in the City for several reasons. Nonprofit parcels function differently than Nonresidential parcels in that they: 1) typically operate fewer days in the week, 2) generally have an inconsistent number of people using the facilities daily, and 3) have a less intensive use than the property size alone would indicate because in general the large Nonprofit parcels in the District contain large green areas that function as open space. Since the Nonprofit parcels receive less safety and recreation benefit than Nonresidential parcels, the Nonprofit parcels are assessed at a lower level than the Nonresidential parcels. Nonprofit parcels are assessed at 0.67 AU for every 7,200 square feet of land, with a minimum assessment of 1 AU, and are only assessed for the first 28,800 square feet.

As a result of the passage of Proposition 218, the assessment methodology for the District has to determine the special benefit that should be attributed to public agency parcels within the District boundary. Section 4 of the Proposition states,

"Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that such publicly owned parcels in fact receive no special benefit."

Government properties also benefit from the proper maintenance and servicing of parks, since such parks attract potential employees as shown below. Proper maintenance, operation and servicing of parks benefits Government parcels because:

- they reduce property-related crimes against public parcels within the District, especially vandalism, through the abatement of graffiti;
- they improve the aesthetics of public parcels through the proper maintenance and servicing of landscaping and the planting of otherwise barren areas;
- they reduce pollution and noise in surrounding areas throughout the provision of open space;
- having properly maintained parks readily accessible to the public properties means that the
 public agencies may enjoy the benefits of such improvements available for use while
 avoiding the expense of privately installing and maintaining similar improvements; and
- spraying and treating of landscaping for disease and weed control reduces the likelihood of insect or weed infestation spreading to the landscaping located on public properties with the District.

However, Government parcels receive less benefit than other Nonresidential parcels in the District from the operation, maintenance and servicing of parks in the City. For instance, a portion of most public properties within the District is used as a park and/or recreation area. Additionally, Government properties generally do not benefit from the resale value of their properties. Consequently, the specific benefit of increased property value that is conferred to other properties in the District is not conferred to Government properties. Therefore, the public parcels are assessed at half the rate of Nonresidential uses, receiving 0.50 AU for every 7,200 square feet of land.

Like Government parcels, Vacant parcels receive a special benefit from the safety improvements due to a decrease in vandalism as a result of the increased desirability of a parcel that is located in an areas with a landscaping program. Since there are fewer improvements on a Vacant parcel and people are not using the parcel, the safety benefit to vacant parcels received is lower than other Nonresidential parcels. Therefore, Vacant parcels are assessed at one-quarter the rate of Nonresidential parcels, receiving 0.25 AU for every 7,200 square feet of land.

The assessment unit formulas for Nonprofit, Government and Vacant parcels are shown below in Table 5.

TABLE 5 - AU FORMULA FOR NONPROFIT, GOVERNMENT AND VACANT PARCELS

| Land Use Description | Assessment Unit |
|----------------------|-------------------------------------|
| Nonprofit | 0.67 per 7,200 sf (1.00 minimum, |
| | 2.68 maximum) . |
| Government | 0.50 per 7,200 sf |
| Vacant | 0.25 per 7,200 sf |

Table 6 below provides a summary of assessment units for the different land uses for park special benefit.

TABLE 6 - ASSESSMENT UNIT SUMMARY

| Land Use Description | Parcels | Dwellings | Square Ft | AU Factor | Total AU's |
|-----------------------------|---------|-----------|-------------|-----------------|------------|
| Single Family Residential | 26,366 | 26,393 | | 1.00 / parcel | 26,393.000 |
| Condominium | 5,828 | 5,873 | | 0.58 / parcel | 3,406.340 |
| Multiple Family Residential | 1,150 | 13,249 | | 0.56 / unit | 7,419.440 |
| Mobile Home | 14 | 1,559 | | 0.47 / unit | 732.730 |
| Nonresidential * | 1,501 | 0 | 68,423,354 | 1.00 / 7,200 sf | 9,564.042 |
| Nonprofit * | 119 | 0 | 8,334,513 | 0.67 / 7,200 sf | 244.868 |
| Government | 262 | 0 | 46,853,754 | 0.50 / 7,200 sf | 3,253.737 |
| Vacant | 88 | 0 | 1,060,355 | 0.25 / 7,200 sf | 36.815 |
| Totals | 35,328 | 47,074 | 124,671,976 | | 51,050.972 |

^{*} Square feet shown are total square feet. Nonresidential and Nonprofit parcels are assessed a minimum of 1 AU. Nonprofit parcels are only assessed for the first 28,800 square feet, or a maximum of 2.68 AU's.

The rate per AU is calculated by dividing the total budget amount by the total number of AU's:

$$$701,951 / 51,050.972 \quad AU's = $13.75 / AU$$

Sample calculations for various land use types are provided in Table 7 below.

Table 7
Sample Calculations for Various Land Uses

| ~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~ | e Calculations for various | | Total | FY 2012-13 Asmt |

| Vacant: | | | | |
| 10,000 sf Nonres | 10,000 sf x 0.25 AU/7,200 st | f = | 0.347 | \$4.77 |
| 25,000 sf Nonres | 25,000 sf x 0.25 AU/7,200 st | f = | 0.868 | \$11.94 |
| 50,000 sf Nonres | 50,000 sf x 0.25 AU/7,200 st | f = | 1.736 | \$23.87 |

Table 8 below summarizes the total assessments to be levied by land use. The percentage of each land use's assessment in relation to the total assessment is also shown below.

TABLE 8 - SUMMARY OF ASSESSMENTS BY LAND USE

| Land Use | Approximate 2012-13 Total Assessments by Land Use | Assessments by Land Use as a % of the Total District Assessments |
|--|--|---|
| Residential (Single Family, Multi-Family, Condo and Mobile Home) | \$521,833 | 74% |
| Nonresidential (Commercial, Industrial) | \$131,506 | 19% |
| Nonprofit (Churches) | \$3,367 | 0% |
| Government (Schools, City Property) | \$44,739 | 7% |
| Vacant | \$506 | 0% |
| Approximate 2012-13 Assessments to Be Collected | \$701,951 | 100% |

Residential properties comprise 74% of the District, the remaining property types comprise 26% of the District

PART D ASSESSMENT DIAGRAM

A diagram showing the exterior boundaries of the District, the boundaries of any zones within the Assessment District and the lines and dimensions of each lot or parcel of land within the District is on file in the Office of the City Clerk and incorporated herein by reference.

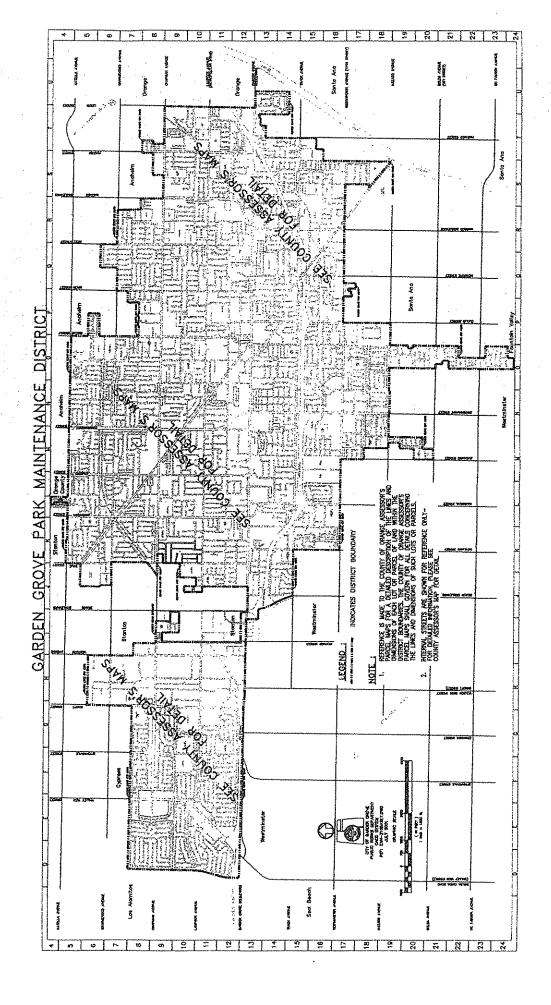

The lines and dimensions of each lot or parcel within the District are those lines and dimensions shown on the maps of the Assessor of the County of Orange for the fiscal year to which this report applies. The Assessor's maps and records are incorporated by reference herein and made part of this report.

A reduced copy of the City of Garden Grove Park Maintenance District Map is provided on the following page.

PART E ASSESSMENT ROLL

The total proposed assessment for Fiscal Year 2012-13 and the amount of the total proposed assessment apportioned to each lot or parcel within the District, as shown on the latest assessment roll at the Orange County Assessor's Office, are contained in the Assessment Roll on file in the Office of the City Clerk of the City of Garden Grove, which is incorporated herein by reference.

The description of each lot or parcel is part of the records of the Assessor of the County of Orange and these records are, by reference, made part of this Report.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE PURSUANT TO THE LANDSCAPING AND LIGHTING ACT OF 1972 (SECTIONS 22500 ET SEQ. OF THE CALIFORNIA STREETS AND HIGHWAYS CODE) DECLARING ITS INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN THE CITY OF GARDEN GROVE STREET LIGHTING DISTRICT FOR FISCAL YEAR 2012-13 AND SETTING A TIME AND PLACE FOR A PUBLIC HEARING ON THE LEVY OF THE PROPOSED ASSESSMENTS

THE CITY COUNCIL OF THE CITY OF GARDEN GROVE FINDS:

- A. The City Council of the City of Garden Grove adopted its Resolution No. _____, initiating proceedings to levy annual assessments for Fiscal Year 2012-13 within the City of Garden Grove Street Lighting District describing the proposed improvements and ordering the City Engineer to prepare and file a report, pursuant to the provisions of the Landscaping and Lighting Act of 1972, i.e., Division 15, Part 2 (commencing with Section 22500) of the California Streets and Highways Code (herein "Act").
- B. The City Engineer has prepared said report, filed same with the City Clerk, and presented same to the City Council; with the City Council examining and approving said report.
- C. Under the Act, before levying and collecting assessments in the assessment district, the City Council is required to adopt a resolution declaring its intention to do so.
- NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GARDEN GROVE RESOLVES, DETERMINES, AND ORDERS:
- <u>Section 1</u>. The City Council hereby finds and declares that the public interest and necessity require the installation, maintenance, and servicing of public lighting facilities in the streets of the city as hereinafter described, and the City Council hereby declares its intention to levy and collect assessments for Fiscal Year 2012-13 covering the real property benefited by said improvements, pursuant to the Act.
- <u>Section 2</u>. The proposed improvements are generally described as follows:

The maintenance and operation of streets and sidewalks throughout the city, namely the installation, maintenance, and servicing of public street lighting facilities including traffic signals.

<u>Section 3</u>. The assessment district is designated as the "City of Garden Grove Street Lighting District." The boundaries of the district are generally

coterminous with the boundaries of the City of Garden Grove, and generally include all parcels within the city.

<u>Section 4</u>. Reference is hereby made to the City Engineer's report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the assessment district.

Section 5. An assessment will be levied pursuant to said Act upon all property in the City of Garden Grove Street Lighting District for Fiscal Year 2012-13, subject to assessment under said Act, as described in the City Engineer's Report. No assessment shall be imposed upon a federal or state governmental agency or another local agency. The rates of the assessment to be levied for Fiscal Year 2012-13 are not proposed to increase from the rate levied in Fiscal Year 2011-12.

Section 6. Notice is hereby given that July 10, 2012, at 6:30 p.m. (or as soon thereafter as the City Council may hear same), in the Council Chamber of the Community Meeting Center, 11300 Stanford Avenue, Garden Grove, California, is hereby fixed as the time and place for a Public Hearing on the question of the levy of the proposed assessments. Any interested person may file a written protest with the City Clerk, stating all grounds of objection. Protests by property owners must contain a description of the property, in which each signer thereof is interested, sufficient to identify the same, and must be delivered to the City Clerk of said City prior to the conclusion of the Public Hearing. In addition, all interested persons shall be afforded the opportunity to hear and be heard at the Public Hearing. The City Council shall consider all oral statements and all written protests or communications made or filed by any interested person.

<u>Section 7</u>. The City Clerk shall cause this Resolution of Intention to be published once in an adjudicated newspaper of general circulation in the city of Garden Grove, California, with the publication being not less than ten (10) days prior to the date herein fixed for the Public Hearing.

| RESOL | UTION | NO. | |
|-------|-------|-----|--|
| | | | |

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE PURSUANT TO THE LANDSCAPING AND LIGHTING ACT OF 1972 (SECTIONS 22500 ET SEQ. OF THE CALIFORNIA STREETS AND HIGHWAYS CODE) DECLARING ITS INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN THE CITY OF GARDEN GROVE STREET LIGHTING DISTRICT NO. 99-1 FOR FISCAL YEAR 2012-13 AND SETTING A TIME AND PLACE FOR A PUBLIC HEARING ON THE LEVY OF THE PROPOSED ASSESSMENTS.

THE CITY COUNCIL OF THE CITY OF GARDEN GROVE FINDS:

- A. The City Council of the City of Garden Grove adopted its Resolution No. _____, initiating proceedings to levy annual assessments for Fiscal Year 2012-13 within the City of Garden Grove Street Lighting District No. 99-1 describing the proposed improvements and ordering the City Engineer to prepare and file a report, pursuant to the provisions of the Landscaping and Lighting Act of 1972, i.e., Division 15, Part 2 (commencing with Section 22500) of the California Streets and Highways Code (herein "Act").
- B. The City Engineer has prepared said report, filed same with the City Clerk, and presented same to the City Council, with the City Council examining and approving said report.
- C. Under the Act, before levying and collecting assessments in the assessment district, the City Council is required to adopt a resolution declaring its intention to do so.
- NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GARDEN GROVE RESOLVES, DETERMINES, AND ORDERS:
- <u>Section 1</u>. The City Council hereby finds and declares that the public interest and necessity require the maintenance and servicing of public lighting facilities as hereinafter described, and the City Council hereby declares its intention to levy and collect assessments for Fiscal Year 2012-13 covering the real property benefited by said improvements, pursuant to the Act.
- <u>Section 2</u>. The proposed improvements for Fiscal Year 2012-13 are generally described as the maintenance and servicing of public street lighting within the assessment district.
- <u>Section 3</u>. The assessment district is designated as the "City of Garden Grove Street Lighting District No. 99-1." This district consists of the following areas: the first involving an area easterly of Dale Street between Lampson Avenue and Chapman Avenue, and an area west of Fairview Street

approximately 900 feet south of Trask Avenue; the second involving an area on Gail Lane north of Chapman Avenue.

<u>Section 4</u>. Reference is hereby made to the City Engineer's report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the proposed assessments upon assessable lots and parcels of land within the assessment district.

Section 5. An assessment will be levied pursuant to said Act upon all property in the City of Garden Grove Street Lighting District No. 99-1 for Fiscal Year 2012-13, subject to assessment under said Act, as described in the Engineer's Report. Parcels within the district that are owned or used by any county, city, city and county, special district or any other local or regional governmental agency, the State of California, or the United States shall be assessed unless the City demonstrates by clear and convincing evidence that such lots or parcels receive no special benefit from the proposed improvements. The rates of the assessment to be levied for Fiscal Year 2012-13 are not proposed to increase from the rates levied in Fiscal Year 2011-2012.

Section 6. Notice is hereby given that July 10, 2012, at 6:30 p.m. (or as soon thereafter as the City Council may hear same), in the Council Chamber of the Community Meeting Center, 11300 Stanford Avenue, Garden Grove, California, is hereby fixed as the time and place for a Public Hearing on the question of the levy of the proposed assessments. Any interested person may file a written protest with the City Clerk, stating all grounds of objection. Protests by property owners must contain a description of the property, in which each signer thereof is interested, sufficient to identify the same, and must be delivered to the City Clerk of said City prior to the conclusion of the Public Hearing. In addition, all interested persons shall be afforded the opportunity to hear and be heard at the Public Hearing. The City Council shall consider all oral statements and all written protests or communications made or filed by any interested person.

<u>Section 7</u>. The City Clerk shall cause this Resolution of Intention to be published once in an adjudicated newspaper of general circulation in the City of Garden Grove, California, with the publication being not less than ten (10) days prior to the date herein fixed for the Public Hearing.

| RESOL | UTION. | NO. | |
|-------|--------|-----|--|
| | | | |

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GARDEN GROVE PURSUANT TO THE LANDSCAPING AND LIGHTING ACT OF 1972 (SECTIONS 22500 ET SEQ. OF THE CALIFORNIA STREETS AND HIGHWAYS CODE) DECLARING ITS INTENTION TO LEVY AND COLLECT ASSESSMENTS WITHIN THE CITY OF GARDEN GROVE PARK MAINTENANCE DISTRICT FOR FISCAL YEAR 2012-13 AND SETTING A TIME AND PLACE FOR A PUBLIC HEARING ON THE LEVY OF THE PROPOSED ASSESSMENTS

THE CITY COUNCIL OF THE CITY OF GARDEN GROVE FINDS:

- A. The City Council of the City of Garden Grove adopted its Resolution No. ______, initiating proceedings to levy annual assessments for Fiscal Year 2012-13 within the City of Garden Grove Park Maintenance District, describing the proposed improvements and ordering the City Engineer to prepare and file a report, pursuant to the provisions of the Landscaping and Lighting Act of 1972, i.e., Division 15, Part 2 (commencing with Section 22500) of the California Streets and Highways Code (herein "Act").
- B. The City Engineer has prepared said report, filed same with the City Clerk, and presented same to the City Council, with the City Council examining and approving said report.
- C. Under the Act, before levying and collecting assessments in the assessment district, the City Council is required to adopt a resolution declaring its intention to do so.
- NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GARDEN GROVE RESOLVES, DETERMINES, AND ORDERS:
- <u>Section 1</u>. The City Council hereby finds and declares that the public interest and necessity require the maintenance of public parks in the city, and the City Council hereby declares its intention to levy and collect assessments for Fiscal Year 2012-13 covering the real property specially benefited by said park maintenance, pursuant to the Act.
- <u>Section 2</u>. The proposed improvements are generally described as the maintenance of public parks throughout the city.
- <u>Section 3</u>. The assessment district is designated as the "City of Garden Grove Park Maintenance District." The boundaries of the district are coterminous with the boundaries of the city of Garden Grove, and generally include all parcels within the city.
- <u>Section 4</u>. Reference is hereby made to the City Engineer's report, on file with the City Clerk, for a full and detailed description of the improvements, the boundaries of the assessment district and any zones therein, and the

proposed assessments upon assessable lots and parcels of land within the assessment district.

Section 5. An assessment will be levied pursuant to said Act upon all property in the City of Garden Grove Park Maintenance District for Fiscal Year 2012-13, subject to assessment under said Act, as described in the City Engineer's Report. Parcels within the district that are owned or used by any county, city, city and county, special district or any other local or regional governmental agency, the State of California, or the United States shall be assessed unless the City demonstrates by clear and convincing evidence that such lots or parcels receive no special benefit from the proposed improvements. The rates of the assessment to be levied for Fiscal Year 2012-13 are not proposed to increase from the rates levied in Fiscal Year 2011-12.

Section 6. Notice is hereby given that July 10, 2012, at 6:30 p.m. (or as soon thereafter as the City Council may hear same), in the Council Chamber of the Community Meeting Center, 11300 Stanford Avenue, Garden Grove, California, is hereby fixed as the time and place for a Public Hearing on the question of the levy of the proposed assessments. Any interested person may file a written protest with the City Clerk, stating all grounds of objection. Protests by property owners must contain a description of the property, in which each signer thereof is interested, sufficient to identify the same, and must be delivered to the City Clerk of said City prior to the conclusion of the Public Hearing. In addition, all interested persons shall be afforded the opportunity to hear and be heard at the Public Hearing. The City Council shall consider all oral statements and all written protests or communications made or filed by any interested person.

<u>Section 7</u>. The City Clerk shall cause this Resolution of Intention to be published once in an adjudicated newspaper of general circulation in the city of Garden Grove, California, with the publication being not less than ten (10) days prior to the date herein fixed for the Public Hearing.
