Cellular Telephone:	1-714-504-5362	Email Address:	pboggs@socal.rr.com

List courses of study or emphasis which may have a bearing on selection:

I have lived in Garden Grove since 1955. I went through K-12 in GGUSD. I love this city, it is my home and now that I am a retired high school teacher (taught Government and World History) I would love to give back to the city. I am very good at listening, analyzing situations and working to compromise when situations allows it. Being on a commission is something that I have wanted to do for awhile. This would be a way for me to give back to a city that has given me a great life...a childhood where Friday night football games were an event. I attended GGHS and in 1965-68 and the first football game was always against Rancho and we would all meet at the park and did a snake dance to GGHS before the game and all walked into the stadium...what an awesome memory to have. So now it is my time and desire to continue to keep GG a great place to live..knowing that life is very different now, but memories of a great and safe life can be made.

Present or past employment which may relate to your interest and/or ability in this area:

High School Teacher, Centennial High School , Corona UCI, Administrator of Grandparent Grant

List current membership in organizations and offices held as they may relate to this selection:

Deacon(6 years); Elder (12 years); I Pastor Nominating Committee--Garden Grove Presbyterian Church Various committees during my teaching year Started new programs at Centennial to help students who were not meant for a 4 year college plan, but more in line to technology jobs.

Please provide any additional information which may be helpful for selection:

As I said already, this is the city that has been great to me and has given me so many memories not to mention friends that I met and have had since 1955...and so want to give back to the city and I think this is a way for me to accomplish this. I want to make sure everything GG does is something that will make this city better.

Home Telephone: 714-638-9410 Business Telephone: 714-638-9400

List courses of study or emphasis which may have a bearing on selection:

- B.S. University of Minnesota (1982 – Triple Majors In Mathematics, Physics, and Electrical Engineerig).
- Various training in AutoCad and Architectural Design software.

Present or past employment which may relate to your interest and/or ability in this area:

- *Phat is founder and CEO of NetResult, LLC - operated in Garden Grove since 1996 – a Management and Information Technology Consulting Firm providing advanced business solutions to various State/County agencies, and Fortune 1000 companies to help better the quality and efficiency of their business in a paperless environment. My work is well recognized in the Enterprise Content Management fields – one of my solutions won the Best Innovation Award at the Government Technology Conference, a solution which saved the State of California millions of dollars. He is recognized as a leader in the Document/Content Management and Business Process Automation. My works at the Department of Public Health won recognition by receiving the Best Technology Award at the 2000 Government Technology West Conferences.*

It is my believe that I have the extensive business background combined with proven leadership and experience to revitalize the business districts, come up with a sustainable revenue generating plan; and create a strong economic engine without compromising the environment, public safety, or quality of life of our fellow residents.

NetResult clientele includes:

CalPERS	CenterPoint Energy	Pacific Gas and Electric
Department of Corporations	Grainger	Oracle
Department. of Public Health	Hasbro	SC Johnson
Department of Water Resources	HealthNet	International Papers
County of Los Angeles	County of San Bernardino	Nestle

- Guest Lecturer – MBA programs, Kingston University

List current membership in organizations and offices held as they may relate to this selection:

I've served as Planning Commissioner for the city of Garden Grove for the last 4 years, 2 of which, I served as Chairman. *In those 4 years, I have the great privilege of working with our city staff, helped many fellow residents, business owners as well as community organizations and I've come to appreciate the hard work that's required of our staff, Mayor and Council members.* I take great pride in fulfilling my civic responsibility and over the years I've demonstrated my commitment and my ability to bridge communities.

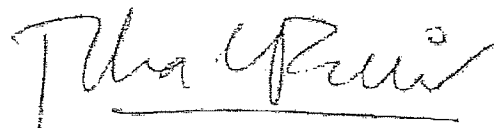

Mr. Bui is well respected in the community as a person of high integrity and professional ethics, a highly valued advisor for various non-profit organizations, and has often been requested to assist in bridging the cultural gap and promote understanding between various ethnicities. Phat and his family has championed and provided generous financial supports to various charities and projects.

- Member of the Lincoln Club.
- Member of the Vietnam Veterans of America Chapter 785 of Orange County.
- Member of organizing committee – Vietnamese American Refugee for Sandy Victims, raising more than \$180,000 to date to assist Sandy storm victims.
- Chair of organizing committee – Bien Hoa War Memorial Center and Cemetery, providing free burial slot for former veteran of the Republic of Vietnam.
- A staunch supporter of "We Give Thanks" for the last 10 years.
- Member of organizing committee for the 2013 Tet Parade.

Present or past employment which may relate to your interest and/or ability in this area:

I currently serve as the President/CEO of the Garden Grove Chamber of Commerce, directly overseeing and maintaining a chamber with 320 members in a city with a population of approximately 173,381 residents. I am responsible for providing the leadership and direction for all aspects of the Chamber. The Garden Grove Chamber serves local residents, businesses and visitors all while serving as a community information center. Prior to my role at the Garden Grove Chamber, I served as the Vice President of Chamber Advocacy, a professional consulting firm that builds results-oriented government affairs programs for chambers of commerce. As Vice President, I worked directly with clients tracking legislation and issues, developing effective communication strategies and providing other award winning client services, such as California Chamber of Commerce's Small Business Advocate of the Year and best chamber of commerce government affairs program.

List current membership in organizations and offices held as they may relate to this selection:

Harris

Chair, City of Garden Grove Main Street Commission Vice President, Garden Grove Community Foundation Commissioner, Oversight Board of the Successor to the City of Redevelopment Agencies, Garden Grove Member, Garden Grove Rotary Club Officer, Garden Grove Elks Lodge #1952 Member, National Eagle Scout Association, Orange County Council

Please provide any additional information which may be helpful for selection:

My purpose for doing the work that I do is to facilitate the needs of the business members of the chamber while actively serving in our community. I believe advocacy is the most effective way to bring about change that is beneficial to all parties involved. I like to advance these practices by continuing to serve on a commission where I can assist the Council in its decision making process and serve the citizenry of Garden Grove. Garden Grove is where I was born and raised, only leaving for a college education and returning to purchase my home and raise my family. I truly believe Garden Grove is a wonderful community that has only begun to offer its greatness. I would like to continue to play a small role in that process. I respectfully ask that you consider my application for a commission selection.

List courses of study or emphasis which may have a bearing on selection:

-Master of Planning (Concentration in Sustainable Land Use Planning) -Bachelor of Science (Public Policy, Management and Planning), Minor in Geography -I am also currently taking additional courses through the Mortgage Bankers Association in conjunction with work regarding mortgage credit analysis and underwriting.

Present or past employment which may relate to your interest and/or ability in this area:

Previous experiences include working with the Community Development Department at the City of La Palma, the Neighborhood Improvement Program at the City of Santa Ana, and numerous non-profit organizations that involved community meetings and consultation. I currently work with the Department of Housing and Urban Development in the Asset Development division of Multifamily Housing. I am exposed on a daily basis to issues on housing and development and will bring not only a planning perspective to the commission, but also provide a perspective on the housing industry (on a national and local scale) to the commission.

List current membership in organizations and offices held as they may relate to this selection:

Young Government Leaders (YGL-LA)

Please provide any additional information which may be helpful for selection:

I have a thorough understanding of many of the planning principles and ideals that are necessary for healthy economic development and sustainable viability. Through my various past experiences, I have gained the skill sets and ability to communicate with neighborhoods and different organizational entities, as well as gained knowledge on local planning regulations and policies in Orange County. As a resident of Garden Grove, I will not only bring a local viewpoint to the commission, but I will hopefully bring some fresh planning/housing ideas to the commission. Please consider my application and thank you.

List courses of study or emphasis which may have a bearing on selection:

I have an undergraduate degree in Landscape Architecture, an allied field of planning. I also have a master's degree in regenerative studies which is a sustainable systems based degree which has heavy emphases in planning and community. My research consisted mostly of sustainable water use and systems.

Present or past employment which may relate to your interest and/or ability in this area:

I am currently employed with the Inland Empire Utilities Agency where I perform many duties that include water conservation and public outreach and education. I have been employed with Nuvis Landscape Architecture and Planning and I have also held a position with Landshape Inc. a landscape architecture and planning firm. My mother owned a business on Main historic Main Street for many years called Yogurt & More, and I have an intimate knowledge of Main Street and a strong connection to it. I spent much of my childhood on Main Street and I'd often walk to the library from there to read and enjoy the library's landscape I would like to reconnect in a more meaningful way. I have many insights to planning, sustainability, and community that can be very beneficial to the commissions

List current membership in organizations and offices held as they may relate to this selection:

I am currently a member of the American Society of Landscape Architects. As a student, I was on the board of the American Society of Landscape Architects. Also as a student I served on the executive board of a multimillion dollar non-profit student organization, (Associate Students Incorporated) during my second term I served as Senate President Pro-Tempore. I am also a member of California Rare Fruit Growers (which can be beneficial especially for Main Street's Farmer's Market and the current growth in popularity of victory gardens and home gardens).

Please provide any additional information which may be helpful for selection:

I was born in Garden Grove and I spent much of my youth here. I have returned to the home that I come home to when I was born and am creating my own family here. I have experience and insights and I would like to provide the City of Garden Grove with my expertise in continuing to make this one of the best cities in the world.

Please add to application in packet.

Present or past employment which may relate to your interest and/or ability in this area:

Kanzler

Water Resource Analyst/Community Outreach and Education Coordinator, September 2008 – Present Inland Empire Utilities Agency (IEUA) – Chino, CA Employed in the Planning and Environmental Compliance department, I am responsible for planning, coordinating, and overseeing many aspects of planning, environmental studies, land use studies, and other programs. My range is not just one city but across seven different cities in the western end of San Bernardino County. This includes the city of Ontario which has been converting dairy farms into developed areas with the new model colony and still has a number of years to be built out, other cities that are built out such as the city of Upland, and some cities that are near being built out such as the cities of Chino Hills and Rancho Cucamonga. Prepare agendas, reports, findings, data etc... to board members, managers and other agencies and cities. Sit on the Santa Ana Watershed Project Authority's Land Planning committee to create a watershed wide guide to developing zoning, regulations, tract mappings, planned developments, etc... that specifically help address water related issues. Water related issues in land use planning guides include water quality, water resources, recharge, recycled water mains, sewers, etc... Review cities' general and specific plans to examine water related issues. Coordinate closely with other agencies including SANBAG, neighboring water agencies, and other agencies that may have mutually relatable projects and programs. Currently developing methods to collect semi-real time water use data at the detail of U.S. census data tracts in order to better understand and plan demand management as it relates to demographics and land use in each respective city in our service area. TEACHING EXPERIENCE Adjunct Faculty, October 2012 – December 2012 LA 301, Intermediate Landscape Design College of Environmental Design, Polytechnic State University – Pomona, CA Co-instructor with Barry Lehrman's Aqueduct Futures project which is funded by a grant from Metabolic Studios. This is an intermediate landscape design course (LA301L) in which areas of the Owen's Valley, and all along the LA aqueduct are examined. Students were asked to examine site ecology, water use, water resources, land use, education, history, systems planning, and future possibilities. These concepts were examined by using graphic visualization, infographics, and semiotics. Projects will culminate in a general plan to be used in future courses for further development and design. Project Lead, Green Empowerment, August 2009 Organized a group of eight incoming, graduated, and existing undergraduate and graduate Cal Poly Pomona Landscape Architecture students to provide a watershed plan that addresses habitat, water, energy, agriculture, waste, and economy in the sub-watershed of La Coche in the greater watershed of Jequetepeque. My team also implemented and designed sustainable sanitary water practices in rural areas in Peru. Many months were spent prior to the trip researching the area in order to understand its climate and ecologies to discuss the introduction of climate appropriate crops and plants that would require little to no input and function well in a changing climate. Two weeks were spent near the continental divide in the Andes of Cajamarca presenting and implementing solutions. Visual communication and animations were developed in order to cross a cultural, conceptual, and language barrier. Digital Production Manager/Graphics Specialist, August 1998 – May 2006 Williams Lea – Costa Mesa, CA Created and ran the digital production and graphic imaging department during and immediately after high school. During my tenure here I managed anywhere between 1 and 6 employees at a time. I was able to manage effectively and without disruption. I specialized in the visualization of data and information to be used in the courtroom setting or in mediation. I also designed brochures, logos, flyers, and business cards. I soon became an expert in imaging technology and graphic software, knowledge that I have retained while still practicing the visualization of data for planning purposes. I survived through two company takeovers with managerial and technical skills.

Please provide any additional information which may be helpful for selection:

I was born in Garden Grove and have spent much of my childhood and much of my adult life in the same house. I have followed the planning decisions of the city for quite some time and I feel I can provide some great input into the economic, environmental, and social sustainability to our community. My mother owned a business on historic main street and our family has been supporters of the arts community for many years. I love this city and I want to help it grow in a way that pleases our residents and provides jobs and sustainability to our future.

List courses of study or emphasis which may have a bearing on selection:

Studying Political Science & Public Administration

Present or past employment which may relate to your interest and/or ability in this area:

Senior Tennis Instructor, City of Cypress Parks and Recreation Tennis Program,
2006-Present Director of Marketing, The 38th National Collegiate Security Conference,
Georgetown International Relations Association (GIRA) Inc., 2011-2012 Deputy Director of
Programming, The 48th North American Invitational Model United Nations, Georgetown
International Relations Association (GIRA) Inc., 2010-2011

List current membership in organizations and offices held as they may relate to this selection:

President, Associated Students of Orange Coast College Chair, Student Senate for California
Community Colleges Region VIII Assistant Referee Administrator & Director of Instruction,
American Youth Soccer Organization Region 59 (West Garden Grove) Chair, International
Multicultural Day Committee of Orange Coast College

Please provide any additional information which may be helpful for selection:

I have lived in Garden Grove my entire life. I attended Pacifica High School serving as President of the Student Body, Vice President and then President of the California Scholarship Federation chapter, Vice President of the National Honors Society chapter, and Treasurer of the Interact Club. In my senior year I coordinated and organized a "\$2000 in 2 Minutes" campaign for Haiti and raised over \$8000.00 for earthquake victims. All of these offices required intimate involvement with the Garden Grove Unified School District and the City of Garden Grove. I graduated in 2010 with honors and left Garden Grove to attend Georgetown University in Washington D.C. I have volunteered several hours to the City of Garden Grove assisting with graffiti clean-ups along with volunteering at the Orange County Foodbank system. I have volunteered in the West Garden Grove American Youth Soccer Organization (AYSO) Region 59 for the past 8 years. I attained the rank of National Referee at age 18, the youngest official to achieve rank in national organization history. I continue to serve on the Board of Directors for Region 59 as Director of Instruction and Assistant Referee Administrator. Garden Grove has given me endless opportunities. I would be honored to give back to my community and serve on a City Commission. Returning from D.C., I currently reside in Garden Grove and currently attend Orange Coast College in Costa Mesa, serving as the Associated Students President. I have no greater passion than to serve my community. I vow to provide expertise, efficiency, and professionalism to a position which represents 170,000 residents. The drive for service and the promotion of a city of excellence is of the utmost importance. I ask for the opportunity to display my abilities within this amazing community.

My father was a construction contractor for over 30 years. I spent many summers helping him on various job sites. I have an engineering degree from UC Berkeley. I took some civil engineering courses as an undergraduate. I studied Real Property Law in law school which included easements, licenses, and other interests in real property. I took several courses in law school that included statutory interpretation. I have an active license with the State Bar of California.

List courses of study or emphasis which may have a bearing on selection:

-Poli 103A. California Government and Politics: This survey course explores six topics: 1) the state's political history; 2) campaigning, the mass media, and elections; 3) actors and institutions in the making of state policy; 4) local government; 5) contemporary policy issues; e.g., Proposition 13, school desegregation, crime, housing and land use, transportation, water; 6) California's role in national politics. -Poli 103B. Politics and Policymaking in Los Angeles: This course examines politics and policymaking in the five-county Los Angeles region. It explores the historical development of the city, suburbs and region; politics, power and governance; and major policy challenges facing the city and metropolitan area. -BILD 18. Human Impact on the Environment: Course will focus on issues such as global warming, species extinction, and human impact on the oceans and forests. History and scientific projections will be examined in relation to these events. Possible solutions to these worldwide processes and a critical assessment of their causes and consequences will be covered -Poli 115A. Gender and Politics: Our understanding of politics, power, conflict, and quality continue to be challenged and transformed by considering gender as it intersects with nationality, race, class, and ethnicity. We will consider the importance of gender in each of the subfields of political science

Please provide any additional information which may be helpful for selection:

As a Garden Grove City concerned resident and constituent, I had run for the City council member in 2006 to seek an opportunity to serve the city and its residents. My intention to serve the city and its resident still remains a high priority. As a community activist, I have had volunteered in many activities with various capacities and different levels from local to state and federal governmental bodies. I had volunteered to serve as Commissioner of the Sanitary District Advisory Commission for one term, and currently I am appointed to serve as Commissioner of the Administrative Board of Appeals of Garden Grove City. I want to continue to use my retired and volunteer time to serve the city and its residents .
