Subject: Commission Resignation

Good evening -

I apologize upfront for the mass email however I wanted to make sure the right people were notified. If I've missed anyone, please forward.

After months of consideration, I have decided that it is time for me to resign from the City Commissions. Unfortunately at this time in my life, I have too many competing demands and I am not able to give the time and effort that is necessary to provide the service I believe commissioners should. I would like to personally thank the staff for all of their hard work, patience and thoroughness in the staff reports, presentations and follow up. I am very proud to be a resident of the City of Garden Grove as a direct result of the knowledge, skills and abilities from staff. You are all very good at your jobs and as a result the residents and business in Garden Grove benefit.

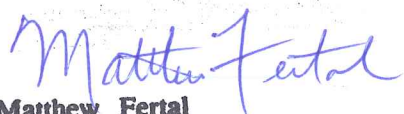

To the City Council, thank you for the opportunity to serve for the City. My hope is that as my schedule in the future calms that maybe there will be other opportunities. These past several years have been extremely rewarding and hopefully through the commissions I played a small part in important decisions and directions that we have been taking the city. Hopefully the Council and Staff feel similar.

To my fellow Commissioners, it has been a pleasure working along side with each of you.

Tonight was my last meeting. My resignation is effective immediately. Again, thank you all for your time, efforts and dedication.
