Subject: Main Street Commission

Hi Rosemarie,

As discussed I'm submitting this letter of explanation regarding the my Main Street Commission appointment.

I apologize for this late notice but we learned yesterday that my father-in-law is facing open heart surgery and a host of other life threatening issues. As my in-laws are in their 80's and live in Victorville we need to see them through this and relocate them

nearer to us. I will be tied up with this for a few months and feel it would put further strain on my family to over extend my outside duties at this time.

I would be more than willing to serve our beloved city in the future.

Please convey my regrets to all concerned.

Sincerely,
Ric Lerma
