**INTER-DEPARTMENT MEMORANDUM**

To: Scott C. Stiles  
Dept: City Manager  
Subject: DOWNTOWN PARKING  
MANAGEMENT STRATEGIC  
PLAN UPDATE

From: Lisa L. Kim  
Dept: Community and Economic  
Development  
Date: October 19, 2017

**OBJECTIVE**

The purpose of this memorandum is to convey an update of the Downtown Parking Management Strategic Plan.

**BACKGROUND**

On May 9, 2017, the City Council approved the award of contract to Fehr and Peers ("Consultant") to provide parking consultant services. Part of this initial process incorporated community stakeholder engagement through an informal Parking Advisory Committee. The first Parking Advisory Committee meeting was held on May 25, 2017 in which the Consultant presented the overall scope of work, solicited feedback and concerns from the committee members about parking, and the committee selected the parking utilization count days on Tuesday, June 13<sup>th</sup>, and Friday, June 16<sup>th</sup>. These counts took place from 8:00 a.m. to 8:00 p.m. and all business owners, property management, and City management were notified of the data collection process. It was further determined that gated and secured parking areas for Police and Fire were excluded from the count.

With the parking utilization count completed, a supplemental data request was necessary to prepare the shared parking analysis. This data focused in the civic center area that consisted of: summary of existing land uses, breakdown by building square footages, percentage of occupancy/vacancy of the existing land uses, proposed General Plan build out, previous parking studies conducted, development standards for Mixed-Use zoning, current parking requirements, and future project information that should be included in the future demand. To date, this information has been compiled and provided to Fehr & Peers.

**DISCUSSION**

The second Advisory Committee meeting took place on September 21<sup>st</sup>, and the Consultant shared the parking data results. There were some noteworthy findings that include:

## DOWNTOWN PARKING MANAGEMENT STRATEGIC PLAN UPDATE

October 12, 2017

Page 2 of 2

- Peak parking utilization was at 10:00 a.m. (52% for all lots combined) on Tuesday.
- The Friday peak was at 10:00 a.m. (43% for all lots combined).
- The theater lots had high utilization in the late evening on both days, due to rehearsals.
- The 11277 Garden Grove Lot (building and lot located south of the Masonic Lodge) is underutilized compared to the other lots in the block.
- When the car show was not occurring, the Main Street west lot had a maximum utilization of 55%.
- The highest parking utilization for both count days, and during most hours of the day are surrounding the Civic Center area which includes City Hall, Library Lot, Civic Center Park employee lot, and Community Center Lot.

The next step in this process to the discussion of a Downtown Garden Grove On-Line Parking Survey. The City selected the On-Line Parking Survey as an option item and additional source of anecdotal information from the community about parking. The survey will be circulated to downtown business owners, Civic Center employees, residents, diners, and other visitors in the study area. The survey results will assist in determining parking preferences for the various users of parking in the Civic Center area.

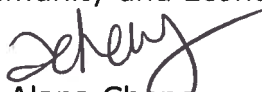

### CONCLUSION

The final feedback and suggestions for the On-line Survey from the Advisory Committee members was due Monday, October 9<sup>th</sup>. It is anticipated that the survey will be open for three (3) weeks. The final survey will go live on Monday, October 16<sup>th</sup> and a link to the survey can be accessed from the City's Main Page under News Stories.

Staff will schedule a third Advisory Committee meeting following the assessment of current and future parking conditions, evaluation of parking strategies, funding recommendations, and to discuss the results of the On-Line Parking Survey.

and work together to identify pragmatic solutions to address structural deficiencies.

The group approached CalPERS from the Association's standard perspective, a logical and fact-based methodology with emphasis on fund investment performance data and other verifiable information.

- For the third consecutive fiscal year the California Public Employees' Retirement System (CalPERS) failed to make enough money in 2016 to meet its obligations. Approximately 68 percent of the funds needed to cover FY 2017 obligations were met, but far short of the 80 percent level that is considered healthy and sustainable.
- CalPERS is currently more than \$100 billion short of having the required funds to pay its pension obligations.
- Retirement pension benefits are the fastest growing expense in many municipal budgets. These benefits often account for 20 percent or more of general fund spending crowding out other essential general fund services and programs.
- During the last fiscal year, state payments to CalPERS totaled \$5.4 billion, nearly double the \$3.2 billion paid just six years ago. According to pension experts, state payments will continue to rise, totaling approximately \$6 billion this fiscal year.

During the meeting with CalPERS executive team, including CEO Marcie Frost, the ACC-OC delegation engaged on a range of topics with emphasis on the danger to cities from ever increasing pension costs.

In Orange County, its collection of 34 cities face serious choices on how to fund their pension obligations. Over the last year: Newport Beach, Huntington Beach, Laguna Beach, Fountain Valley, and Costa Mesa have all increased annual payments to CalPERS. And to fund these increased payments, OC municipalities have employed a range of measures including: in many cases raising taxes, making significant cuts to labor and programs, slashing services, setting up trusts, or utilizing a combination of methods.

The harsh reality is that if cities do not find a solution soon, pension spending will continue to outpace revenues; leading to more layoffs, cutbacks, and in the most severe cases the potential for bankruptcy. These are real dangers, as higher pension spending crowds out current and future spending on a host of critical public services and offerings such as: fire, police, health, infrastructure and education.

As the two organizations assessed the landscape, both parties understood that this unfunded liability crisis was not just about one city or one county, but an issue that affected the entire state. During the discussion, the envoy also learned a chilling statistic; if funding levels for CalPERS should fall below 50 percent, the system can never recover. Disturbingly, as costs continue to increase that reality is growing closer.

As the teams completed the day's schedule, there was a mutual understanding that ongoing conversations were essential in order to find common ground and create workable solutions. Since returning from Sacramento, the Association has been laying the groundwork for collaboration between the many constituencies associated with CalPERS and the facilitation of much needed pension reform.

In creating this architecture ACC-OC Members are embracing a seemingly long forgotten concept spelled out by Senator Daniel Patrick Moynihan to his colleagues during Social Security Reform in 1983. "Everyone is entitled to their own opinions, but not to their own facts."

The numbers tell the story and time is not on the side of municipalities, counties and the state.

To that end, and first and foremost the Association is increasing its presence and influence with the CalPERS Board, which is critical for advocacy purposes. And there will also be a strong and meaningful push to working with the Legislature and Governor's Office on developing comprehensive and meaningful legislative reform now, during the upcoming legislative session.

Concurrently, stakeholders will be engaging with unions and employee associations, their leadership and the members, in a mutually beneficial alliance, crucial to achieving financially stable cities - a key goal for all stakeholders, and a point critical for success. A healthy, and fully funded pension fund benefits everyone-there is no us vs. them in this debate. The bottom line is to preserve the employee pensions while not destroying the financial foundation of our cities.

Finally, cities must begin thinking about how they can control costs internally, creating structures for stabilizing expenses through the collective bargaining process. There will be many channels of opportunity for reform including among others:

- Investment Policy of CalPERS
- Rate stabilization for cities
- Long term financial planning for cities
- Impacts from California Employee's Pension Reform Act (PERPA)
- Flexibility in defined compensation standards

California's pension dilemma is a critical issue and the public needs to know about the funding shortfalls, looming tax increases, spending cuts, benefit reductions and real-world consequences of inaction. The solutions will not be simple and involve tough choices politically. At the core of the ultimate path forward the keys will be courage, consensus, mutual support and shared sacrifice.

The Association of California Cities-Orange County is an organization dedicated to representing the interests of Orange County's 34 cities through education that empowers, policy that is collaborative, and advocacy that is service-oriented. The following group of Electeds is actively engaged and endorses the Association member-based approach to pension reform.

## Successes to Celebrate

### Recuperating and Searching

A woman in her mid-50s who was experiencing homelessness in the City of Anaheim came to the Courtyard Transitional Center in late March. She had a history of health issues that had been aggravated due to homelessness. OC Health Care Agency Behavioral Health Services staff and City Net identified her as a possible candidate for the Whole Person Care (WPC) Initiative and began the referral process. In August, she was connected to Illumination Foundation for their Recuperative Care Program. In September, through the Coordinated Entry System, she was matched to a rapid rehousing opportunity with Mercy House. Having addressed some of her health needs, she is doing well and actively searching for a permanent housing opportunity.

### Helping a Veteran and his Dog

A veteran who had been staying at the Courtyard needed to have surgery at the VA Hospital in Long Beach. The surgery was scheduled for early in the morning and required a few days of hospitalization to ensure a proper recovery. The veteran was hesitant to obtain the needed medical care because he was concerned for his dog.

The veteran had The Midnight Mission staff to look after his dog while he attended brief appointments leading up to his surgery but never for any longer than a few hours at a time. Through the volunteer network, City Net was able to find an individual who was willing to house and care for the dog. With the veteran hesitant to let his best friend and companion out of his sight, the VA Community Resource and Referral Center in Santa Ana coordinated a meeting between the veteran and the volunteer. The veteran had the opportunity to meet the volunteer and arrangements were made for the next few days.

The veteran had a successful surgery and was able to be reunited with his dog shortly after being discharged from the hospital.

### Funding Solutions

City Net staff first began working with an individual in April 2017. The individual had also been working with Orange County Mental Health Association (MHA) and had received a Shelter Plus Care voucher. Determined to be housed permanently, the individual relentlessly searched for apartment units throughout the County. When the client was approved for an apartment unit in Huntington Beach all that was left was paying the rental deposit. The individual did not have enough money to pay the entirety of the deposit and shared their frustrations with City Net and MHA staff. City Net and MHA staff were able to collaborate and provided the needed financial assistance through the Whatever – It – Takes fund. The individual is now permanently and stably housed in the City of Huntington Beach.

### Ensuring Safety for those Seeking Safety

A woman in her mid-40s arrived to the Courtyard one afternoon in early September. When speaking to The Midnight Mission staff she shared that she was fleeing a domestic violence situation and was seeking safety. The Midnight Mission connected the woman to a City Net Case Manager to assist her in creating a safety plan. City Net staff reached out to multiple domestic violence shelters but were unable to locate one with a vacancy. Using the Whatever – It – Takes fund, City Net was able to place the woman in a motel to keep her safe prior to entering a domestic violence shelter the next day.

### Rehousing

An individual who sought shelter and services at the Courtyard Transitional Center since December 2016 was presented with a rapid rehousing opportunity from Mercy House. The individual had stable income and supportive services from the OC Health Care Agency to assist during this process. The individual was able to locate and be approved for an apartment unit in the City of Tustin, but did not have enough money to cover the rental deposit. Through the Whatever – It – Takes Fund, the individual was able to submit the security deposit on time. In early September, the individual had moved into their new apartment in the City of Tustin and was looking forward to decorating it for Halloween.

## Successes to Celebrate

### Securing Employment

After participating in an employment program offered by Jobs for Life and meeting with CareerWise for employment interview coaching and tips, one gentleman has been able to secure employment at a restaurant. By having secured employment, he is now further along in his housing plan and is focusing on the opportunities ahead.

# 23

Individuals have moved into permanent housing since the opening of Bridges at Kraemer Place.

# 18

Participants of Bridges at Kraemer Place have secured employment.

### Determined to be Housed

A woman first entered Bridges at Kraemer Place in late August after having experienced homelessness for two months in the City of Orange. During her stay at Bridges at Kraemer Place, she took full advantage of the on-site supportive services determined to achieve permanent housing by completing the goals set forth in her housing plan. With the help of her Housing Navigator she was able to complete an application for rental assistance with an agency called Off the Streets, and she was ultimately housed in early September with help from her church.

### Improving Health

An individual who had been experiencing street homelessness prior to entering Bridges at Kraemer Place had numerous medical concerns that were not being actively addressed. Since he began his stay at Bridges at Kraemer Place, he has been able to meet with a nurse from VITAS Healthcare on a weekly basis. As a result of those weekly visits, his overall health has improved and he has been more active and engaging in other supportive services at Bridges at Kraemer Place.

### Professional Resuming Career

A woman seeking employment has been meeting with CareerWise to obtain assistance in developing a professional resume. After she worked and finalized her professional resume, she then focused on submitting applications to employment opportunities that aligned with her previous work experience and skill set. Although she has yet to receive a job offer, she is hopeful one of the many interviews she has attended for management positions will be the opportunity she seeks.

### New Service Being Offer

A new group called Castaway began holding Alcoholics Anonymous meetings in mid-September. The first meeting was attended by a handful of individuals who appreciated the supportive services being on site.

The Public Health Nursing Division's Comprehensive Health Assessment Team-Homeless (CHAT-H) public health nurses (PHNs) are available Monday through Friday to assist individuals with health needs and to provide ongoing case management. Individuals are seen in the Civic Center, Courtyard Transitional Center and other locations as needed. The PHNs are also in the Courtyard Transitional Center on Thursday mornings to see individuals on a drop-in basis.

### Civic Center

- Nine brief encounters with referrals or linkages
- 13 intensive encounters with case management
- 22 total monthly client contacts

### Courtyard Transitional Center

- 67 brief encounters with referrals or linkages
- 65 intensive encounters with case management

## Behavioral Health Services

### Civic Center

Behavioral Health Services (BHS) currently provides two outreach staff in the Civic Center Monday through Friday from 9 a.m. to 12 p.m. BHS is working directly with Santa Ana Police Department and the Sheriff's Department to provide support and follow up to any homeless individuals they encounter.

- During the month of September 2017, BHS Outreach & Engagement staff reported 444 outreach contacts resulting in 120 referrals for services being made and an additional 22 confirmed linkages to services.

### Courtyard Transitional Center

Behavioral Health Services (BHS) provides outreach at the Courtyard Transitional Center Monday through Friday from 9 a.m. to 5 p.m. Mental Health Association (MHA) was contracted by the Orange County Health Care Agency to provide outreach during evenings and weekends at the Courtyard Transitional Center.

- BHS Outreach & Engagement staff reported 700 outreach contacts resulting in 62 referrals for services being made and an addition 42 confirmed linkages to services.
- MHA contracted outreach for evening and weekends report 402 outreach contacts resulting in an additional 171 referrals and 29 linkages to services.
- BHS Outpatient clinician reported contacts with 126 clients. Two clients were referred to medical detox, two referred to Substance User Disorder (SUD) programs, and three clients were assessed for outpatient mental health services.
- The BHS Substance Use Disorder clinicians reported contacts with nine clients. Two clients were referred to medical detox and three to an SUD program.

### Bridges at Kraemer Place

Behavioral Health Services (BHS) provides two outreach staff at the Bridges at Kraemer Place on Mondays and Wednesdays from 8:30 to 10:30 a.m.

- BHS Outreach & Engagement staff reported 37 outreach contacts resulting in five referrals for services being made and an additional four confirmed linkages to services.
- BHS Substance Use Disorder clinician reported contacts with 11 clients. One client was referred to medical detox, three were referred to an SUD program, and one was referred to outpatient mental health services.

### Improving Health by Receiving Needed Medical Care

An individual staying at the Courtyard Transitional Center is now receiving needed medical care as a result of the assistance by a Public Health Nurse (PHN). Previously, the client's medical condition was not stable after not taking medication regularly and not following up with the primary care physician. Rather the client sought episodic care from emergency rooms. Behavioral Health Services' Outreach & Engagement linked the client to the Program of Assertive Community Treatment (PACT) team who assisted the client with social, medical, and mental health needs, in coordination with PHN. The client is now attending medical appointments, taking medications as scheduled, and becoming more stable, both physically and mentally. In addition, the client is able to communicate with providers, obtain medication refills, access a medical home and medical specialist, and use transportation services. The PHN has closed the case assuring the client that the nurse is available to assist with any future medical problem or concern.

### BHS Homeless Services Website

The Orange County Health Care Agency – Behavioral Health Services (BHS) operates many mental health and substance use programs available to individuals struggling with homelessness, you can find a list of these services and how to access them in a newly launched website:

# Flood Control Channel

## Increased Law Enforcement Services on the Riverbed

On September 12, 2017, the Board of Supervisors approved a resolution to expand law enforcement services dedicated to the Sana Ana Flood Control Channel.

The resolution will dedicate enhanced law enforcement services to the Orange County Flood Control District's flood control channels and convene local municipal law enforcement agencies to discuss and formulate a shared public safety response protocol for the flood control channels. The Orange County Sheriff's Department will be the lead law enforcement agency, and will work with local public safety agencies to coordinate efforts.

The action taken comes from a directive provided by Supervisor Andrew Do on June 6, 2017 where the Board unanimously approved funds aimed at providing triage operations, intensive case management, wrap around services, workforce training and development, and links to housing for those living on the riverbed.

The County of Orange, through the Orange County Flood Control District (OCFCD), manages more than 380 miles of flood control channels designed to safely convey runoff and provide necessary drainage and flood protection to adjacent communities. Flood control channels were never intended for human habitation and have not required active law enforcement services.

The law enforcement services along the County's flood channels went into effect Thursday, September 14, 2017.

**85** Individuals have exited the Flood Control Channel and have connected with housing resources.

### Reclaiming his Life

A middle aged-man moved to the flood control area in mid-2016 as a result of his ongoing battle with addiction. Nearly a year later, he connected with a City Net outreach staff member and began to develop a trusting relationship. The City Net outreach staff member talked to him on a daily basis and offered him words of hope and encouragement. On one occasion, the man shared that his family had reached out to offer support and guidance to help him overcome his addiction and homelessness. The City Net outreach staff man helped him liaise with his family and was able to encourage him to enroll in a rehabilitation program close to his family, his support network. Most recently, the man completed 30 days of treatment and is currently living with his parents. He is now excited to be reclaiming his life and find employment.

# Board of Supervisors' Actions

## September 12, 2017

### Domestic Violence Shelter-Based Program Agreements

The Board of Supervisors approved the continued provision of domestic violence shelter-based program services to victims and their children by Human Options, Interval House, Laura's House, and Women's Transitional Living Center.

The Domestic Violence Shelter-Based Program provides immediate shelter and other services to victims of domestic violence and their children as defined in Welfare and Institutions Code Sections 18290-18307. Services include 24 hours per day, seven days per week shelter and crisis hotline; temporary housing; meals; counseling; referrals to community resources; a drop-in center for victims who need support services; arrangements for school-aged children to continue their education while residing at the shelter; and emergency transportation.

### Renewal of Agreement with The Midnight Mission for Operations of The Courtyard

The Board of Supervisors authorized to execute the renewal agreement with The Midnight Mission for homeless shelter and coordination services to support the efforts of the County in addressing homelessness in the amount of \$1,650,000 for the period of October 1, 2017 through September 30, 2018 with the option to renew for an additional year.

The proposed renewal of the operator agreement with The Midnight Mission will allow for continued shelter oversight, basic services and shelter operations at The Courtyard. The Courtyard will continue to be a low barrier shelter and service center for those experiencing homelessness, in particular for those currently dwelling around the Civic Center. Services such as health, legal, case management and outreach are provided in coordination with existing County services and provides a pathway out of homelessness. The Courtyard includes a daytime drop-in center with service linkages in addition to providing showers, restrooms, meals, storage and day beds. The nighttime shelter will provide 350 to 425 beds for homeless men and women, including pets. Security is on-site 24 hours a day, 7 days a week.

The \$250,000 increase from the initial total contracted amount of \$1,400,000 includes a cost of living increase of \$50,000 and an increase of \$200,000 for a case management complement which is reflected in the updated scope of work. During the initial year of operation, it was identified that on-site case management was a necessary component in order to properly assist those experiencing homelessness at The Courtyard. Dedicated case managers will seek to utilize new and existing resources throughout the County to assist guests onto a path leading to permanent housing stability and decreased lengths of stay at The Courtyard.

### Increased Law Enforcement Services on Flood Control Channel

The Board of Supervisors approved a resolution requesting that the Orange County Sheriff's Department:

1. Dedicate additional law enforcement resources to the Orange County Flood Control District's flood control channel
2. Convene local municipal law enforcement agencies to discuss and formulate a shared public safety response protocol for the flood control channel.

The approved resolution will increase the safety of the channels for recreational used, property owners, the Orange County Flood Control District, County employees working in the flood control channels and members of the homeless population who are encamped alongside the flood control channels.

## September 26, 2017

### Whole Person Care – recuperative Care funding

The Board of Supervisors approved the Grant Agreement with CalOptima within the Whole Person Care Pilot Program to maximize County resources for the funding of Recuperative Care bed days for Orange County residents who are experiencing homelessness and are medically fragile.

# Cities taking Action

## NORTH

### City of Anaheim

During the Tuesday, September 12, 2017 City Council meeting, the City Council passed a resolution declaring a public health and safety state of emergency related to the homeless, homelessness and homeless encampments and empower the city staff to take immediate action to provide needed shelter and services for the homeless in our community and to address activity within the City and along the Santa Ana River Trail.

The approved Resolution directs immediate work on a number of action items that will aim to resolve the crisis, secure the safety of its residents and property, and provide emergency resources and services to the homeless, referred to as Operation Home Safe.

## NORTH

### City of Orange

The City of Orange City Council held a special meeting to address the issue of Homelessness in the City on September 26, 2017. At the meeting, the Orange City Council took a comprehensive report on the subject from the Orange Police Chief, Tom Kisela and City Manager Rick Otto.

As a result of the information from the report, and after listening to the residents and businesses of Orange during the public hearing, the Council then directed a number of actions including:

The City has also launched a new web page – [cityoforange.org/homelessness](http://cityoforange.org/homelessness) – where the public can go to find current information on the homelessness situation, contact information for local government agencies, non-profits, and assistance organizations in the area, and updates specific to Orange.

## CENTRAL

### City of Santa Ana

On Tuesday, September 19, 2017, the City of Santa Ana City Council approved the Homelessness Prevention, Intervention and Mitigation Plan to address the number of homeless individuals living within the City.

The Plan calls for the creation of a City of Santa Ana Homeless Services Manager Position to:

- Improve internal coordination between City Agencies involved in providing services and enforcement related to the homeless population within Santa Ana.
- Enhance coordination with the County of Orange, neighboring cities and Orange County homeless service providers and faith-based organizations.
- Invest in connecting and increasing non-profit and faith-based services available to assist in responding to the City's homeless crisis.
- Develop and implement a specific legislative package to solicit state and federal assistance to respond to the needs for housing, enforcement and social services for the growing homeless population.

The Public Safety, Code Enforcement and Neighborhood Empowerment Council Committee recommended the approval of the Plan.

## Courtyard Appreciation and Project Update Event

On Saturday, September 16, 2017, City Net hosted a Courtyard Appreciation and Project Update Event. Over 60 volunteers and partnering supportive services agencies attended the event. Together they celebrated the collective impact they have made by serving meals, volunteering their time and providing in-kind donations. With the holiday season fast approaching, they also discussed upcoming volunteer opportunities and service coordination.

## Office of Care Coordination in Action

This month the Office of Care Coordination participated in the following meetings:

- **Service Planning Area Meetings** were hosted in early September. These meetings were well attended by City Council Members, City staff, faith-based and non-profit organizations. The meetings included a presentation by Probolsky Research on the Orange County Survey on Homelessness, a brief presentation on OC Health Care Agency projects and services available, and discussion on regional homeless service coordination including outreach efforts, creating regional service hubs, and housing opportunities. Thank you to the Cities of Anaheim, Newport Beach, and Mission Viejo for hosting.
- **City of Anaheim Homeless Policy Working Group** – Director of Care Coordination participated in a panel with Grace Stepter, Anaheim Housing Authority Manager, and Tony Cardenas, League of California Cities.
- A presentation to **CalOptima's Membership and Provider Advisory Committees (MAC/PAC)** providing an update on the County's effort to build an effective system of care addresses homelessness, highlighting the benefits and successes that the Whole Person Care Program has had in providing appropriate care for the most vulnerable.
- Director of Care Coordination provided a presentation to the **Anaheim Chamber of Commerce – Government Affairs Committee** on September 15, 2017 to provide an overview of the County's efforts to address homelessness to local business and elected official representatives.
- **City of Dana Point Homeless Task Force** invited the County of Orange to participate in their September 27, 2017 meeting. The Office of Care Coordination and representatives from the OC Health Care agency were in attendance. At this meeting Mercy House provided an update on their outreach efforts, the Community Survey Results were reviewed and a Work Plan to address homelessness within the City of Dana Point was discussed.

## Memorandum

**DATE:** October 12, 2017  
**TO:** Member Agencies – MWDOC Divisions Two & Three  
**FROM:** Larry Dick, Director – Division Two  
Wayne S. Osborne, Director – Division Three  
**SUBJECT:** Monthly Water Usage Data, Tier 2 Projection & Water Supply Information

---

The attached figures show the recent trend of water consumption in Orange County (OC), an estimate of Tier 2 volume for MWDOC, and selected water supply information.

- Fig. 1 OC Water Usage, Monthly by Supply MWD imported water was the main supply in August, imported usage has increased due to the In Lieu program.
- Fig. 2 OC Water Usage, Monthly, Comparison to Previous Years Water usage in August 2017 was below average compared to the last 5 years but was higher than in August of 2015 but less than July 2016. We are seeing a slight increase in overall water usage compared to the historical lows of the 2015-16 Fiscal Year. In June 2016, all water conservation became voluntary for MWDOC agencies and the Great California Drought was declared over by the Governor in April 2017.
- Fig. 3 Historical OC Water Consumption The Fiscal Year is very new but OC water consumption is projected to be 550,000 AF in FY 2017-18 (*this includes ~15 TAF of agricultural usage and non-retail water agency usage*). This is about 25,000 AF more than FY 2016-17 and is about 58,000 AF more than FY 2015-16 (During the SWRCB mandatory water restrictions). Water usage per person is projected to be slightly higher than in FY 2017-18 for Orange County at 148 gallons per day (This includes recycled water). Although OC population has increased 20% over the past two decades, water usage has not increased, on average. A long-term decrease in per-capita water usage is attributed mostly to Water Use Efficiency (water conservation) efforts.

MWDOC "Firm" Water Purchases, 2016 "Firm" water above the Tier 1 limit will be charged at the higher Tier 2 rate. Tier 2 purchases are zero in 2017.

Water Supply Information Includes data on Rainfall in OC; the OCWD Basin overdraft; Northern California and Colorado River Basin hydrologic data; the State Water Project (SWP) Allocation, and regional storage volumes. The data have implications for the

magnitude of supplies from the three watersheds that are the principal sources of water for OC. Note that a hydrologic year is Oct. 1<sup>st</sup> through Sept. 30<sup>th</sup>.

- Orange County's accumulated rainfall through October was average for this period. Orange County saw rainfall 8 inches above normal in WY 2017.
- Northern California accumulated precipitation through October was around 0% of normal for this period. Water Year 2017 was the wettest water year on record. The Northern California snowpack was 195% of normal as of May 26<sup>th</sup>. The State of California was in a declared Drought Emergency that started January 2014 and just recently ended in April of 2017. As of early October, only 8% of California is still suffering from moderate or severe drought. The State Water Project Contractors Table A Allocation was set at 85% as of the end of April.
- Colorado River Basin accumulated precipitation through October was 0% average for this period. The Upper Colorado Basin snowpack was 152% of normal as of May 22<sup>nd</sup>. The Colorado River Basin saw above average conditions in WY 2017 but the region has been still trying to rebound from the previous long term drought. Lake Mead and Lake Powell combined have about 68% of their average storage volume for this time of year. If Lake Mead's level falls below a "trigger" limit 1,075 ft. at the end of a calendar year, then a shortage will be declared by the US Bureau of Reclamation (USBR), impacting Colorado River water deliveries to the Lower Basin states. As of late August, Lake Mead levels were 6.5' above the "trigger" limit. The USBR predicts that the end of 2017 or the end of 2018 will not hit the "trigger" level.

**Fig. 1A OC Water Usage, Monthly by Supply  
with projection to end of fiscal year**

[1] Imported water for consumptive use. Includes "In-Lieu" deliveries and CUP water extraction. Excludes "Direct Replenishment" deliveries of spreading water, "Barrier Replenishment" deliveries, and deliveries into Irvine Lake.

[2] GW for consumptive use only. Excludes In-Lieu water deliveries and CUP water extraction that are counted with import. BPP in FY '16-17 is 75%.

[3] MWDOC's estimate of monthly demand is based on the projected FY 15-16 "Retail" water demand and historical monthly demand patterns.

[4] Total water usage includes IRWD groundwater agricultural use and usage by non-retail water agencies.

CALIFORNIA DEPARTMENT OF  
FOOD & AGRICULTURE

Karen Ross, Secretary

Attachment II. D.  
Mgrs. Memo 10/19/17

October 13, 2017

Scott C. Stiles  
City Manager  
11222 Acacia Parkway  
Garden Grove, CA 92840

Dear Mr. Stiles:

Infestations of an exotic insect known as Asian citrus psyllid (ACP) and a bacterial disease called huanglongbing (HLB) have been detected in host plants in the city of Anaheim. Direct injury caused by ACP results from the withdrawal of large amounts of sap from the plant as they feed and produce copious amounts of honeydew. The honeydew coats the leaves of the tree, encouraging sooty mold to grow. However, the most serious damage caused by the ACP is its ability to transmit the huanglongbing disease to citrus trees. The HLB disease is fatal to citrus trees. Establishment of ACP and HLB in California will negatively impact all of California's citrus industry and all backyard citrus trees through death of the diseased trees.

A public meeting will be held on Monday, October 23, 2017, from 5:30 p.m. to 7:00 p.m., at the Anaheim Central Branch Library, Meeting Rooms 1 and 2, located at 500 West Broadway in Anaheim. The CDFA and cooperating agencies will be present to answer any questions regarding the program for interested citizens in the treatment area.

A diluted formulation of Tempo® SC Ultra (cyfluthrin), a contact insecticide, will be applied to the leaves of citrus trees and plants to counter Asian citrus psyllid adults and nymphs. Additionally, a diluted formulation of Merit® 2F, an imidacloprid insecticide, will be applied to soil beneath the drip line of citrus trees and plants to protect against developing nymphs and subsequent adult psyllids. These materials will be applied at least one time at designated residential properties. Residents of affected properties will be notified individually at least 48 hours prior to any application of insecticides.

Information regarding the treatment and meeting is enclosed in this packet. Please contact my office with any questions or concerns.

Sincerely,

David Pegos  
Special Assistant

**OPEN HOUSE MEETING ON THE TREATMENT PLANS AGAINST THE  
ASIAN CITRUS PSYLLID DETECTED IN YOUR NEIGHBORHOOD**

**Meeting – Monday, October 23, 2017**

**5:30 P.M. – 7:00 P.M.**

**Meeting Rooms 1&2**

**500 West Broadway**

**Anaheim, CA 92805**

The Asian citrus psyllid (ACP), a serious insect pest in California, has been detected in your neighborhood. The ACP is a tiny, flying insect that transmits a bacterial disease called Huanglongbing (HLB) to citrus trees. Trees infected with the HLB disease produce bitter and misshapen fruit. The HLB disease is fatal to citrus trees. The ACP is a threat to California's backyard and commercially grown citrus. Emergency treatment and quarantine action is needed to protect California from the negative economic and environmental impacts the establishment of this pest throughout California would cause.

The California Department of Food and Agriculture consulted with scientists who are experts in the biology of this pest. These experts have recommended a treatment plan designed to mitigate the infestation.

Limited ground treatments with a formulation of a pyrethroid will be applied to the foliage of citrus trees on your property. At the same time, an imidacloprid insecticide will be applied to the soil beneath the citrus trees for ongoing protection against the ACP. CDFA will follow all pesticide label directions.

Residents of properties scheduled for treatment will be notified at least 48 hours prior to the application. Included in this packet is a map outlining the project area.

To inform you of planned activities, residents of the affected area are invited to attend an open house meeting on Monday, October 23, 2017, between 5:30 p.m. and 7:00 p.m. –in Meeting Rooms 1 and 2 at the Anaheim Central Branch Library in Anaheim, California. The open house will not feature a formal presentation; rather, it will be staffed by cooperating agency officials familiar with this program who will be able to individually address your concerns and answer any questions. Please feel free to stop by at any time during the scheduled 5:30 p.m. to 7:00 p.m. time frame.

Your cooperation with this program is needed to rid California of this harmful invading pest while it is still possible. If you cannot attend this important meeting and require additional information, please contact our toll-free PEST HOTLINE at **(800) 491-1899** for further assistance.

El psílido asiático de los cítricos, es una plaga seria para California, y ha sido detectado en su barrio. El psílido es un insecto pequeño que vuela y puede transmitir la bacteria que causa la enfermedad de huanglongbing (HLB) exclusivamente a los cítricos. Los síntomas del HLB incluyen brotes amarillos, hojas amarillentas con moteado asimétrico y erectas. Los frutos son irregulares y de sabor amargo. El HLB puede matar a los cítricos. El psílido es una amenaza para los cítricos en los jardines y a los cítricos comercialmente cultivados. Para proteger a California del impacto negativo que esta enfermedad de los cítricos causaría a su economía y medio ambiente, es necesario llevar a cabo tratamientos como medida de emergencia.

El Departamento de Alimentos y Agricultura de California ha consultado con científicos que son expertos en la biología de esta plaga. Estos expertos recomendaron que es necesario un plan de tratamiento para poder ser efectivos en la mitigación de este insecto.

El Departamento de Alimentos y Agricultura de California va a hacer aplicaciones al follaje de los cítricos en su propiedad aplicando una formulación de piretroide. A la misma vez va a haber aplicaciones terrestres bajo de los cítricos con una insecticida de tipo imidacloprid para protegerlos del psílido. El Departamento de Alimentos y Agricultura de California va a seguir todas las instrucciones indicadas en la etiqueta del insecticida.

Los residentes serán notificados 48 horas antes de cada tratamiento. Adjunto a este aviso hay un mapa del área de tratamiento y un panfleto sobre el psílido.

Para informales sobre las acciones que se han programado, los residentes de las áreas afectadas son invitados a atender una reunión informativa el lunes, 23 de octubre, 2017, entre las horas de 5:30 p.m. y 7:00 p.m. en la salas de reuniones 1 y 2 en La Biblioteca de Anaheim – Sucursal Central en Anaheim, California. La reunión será informal. Cooperadores y representantes de las agencias de gobierno estarán en la reunión para proveer información y contestar preguntas acerca del programa. Usted puede asistir a la reunión a cualquier hora entre las 5:30 p.m. y 7:00 p.m.

Se necesita su cooperación con este programa para librar a California de esta dañina e invasiva enfermedad de los cítricos – mientras sea posible. Si usted no puede atender esta reunión importante y si usted requiere información adicional, por favor contacte nuestra línea de teléfono gratis al número (800) 491-1899.

Rầy Chỗng Cánh (Asian citrus psyllid-ACP), một loại côn trùng gây hại nghiêm trọng tại California, đã được phát hiện trong khu xóm của bạn. Con Rầy Chỗng Cánh (ACP) là loại côn trùng biết bay có thể lây truyền một căn bệnh do vi khuẩn gây ra được gọi là bệnh hoàng long (HLB) cho các cây họ cam quýt. Cây bị nhiễm bệnh HLB sinh ra trái có vị đắng và có hình dạng quái dị. Bệnh HLB sẽ làm chết cây họ cam quýt. Rầy Chỗng Cánh (ACP) là mối đe dọa cho các cây họ cam quýt được trồng ở vườn sau các căn nhà ở và vườn cây công nghiệp tại California. Công trình phun diệt và kiểm dịch khẩn cấp cần được thực hiện để phòng tránh tác hại kinh tế và môi trường do sự sinh sôi nảy nở của loại côn trùng gây hại này gây ra cho khắp bang California.

Bộ Thực Phẩm và Canh Nông California đã tư vấn với các khoa học gia chuyên môn về sinh vật học của loại côn trùng này. Các nhà chuyên gia đã đề nghị một kế hoạch phun diệt nhằm giảm bớt sự tàn phá của loại côn trùng này.

Một công trình phun diệt trong vườn với tầm vóc giới hạn đang sử dụng hợp chất pyrethroid để phun lên cành lá của các cây họ cam quýt trồng trong khu nhà đất của bạn. Đồng thời, loại thuốc trừ sâu imidacloprid sẽ được rải xuống đất dưới gốc cây họ cam quýt để tạo năng lực phòng chống Rầy Chỗng Cánh (ACP) lâu dài. Bộ Thực Phẩm và Canh Nông California sẽ tuân thủ tất cả các lời chỉ dẫn in trên nhãn của thuốc trừ sâu.

Những người cư ngụ tại những căn nhà đã được lên lịch phun thuốc diệt sâu sẽ được thông báo tối thiểu 48 giờ trước khi phun thuốc. Tập tài liệu này bao gồm cả một bản đồ đánh dấu rõ khu vực dự án.

Để tiện việc thông báo cho bạn biết về những hoạt động trong kế hoạch, cư dân của khu vực bị lây nhiễm đã được mời đến dự một phiên họp vô cửa tự do vào Thứ Hai ngày 23 tháng 10 năm 2017, từ 5g30 chiều đến 7g00 tối – trong phòng Rooms 1 & 2 tại Anaheim Central Branch Library thành phố Anaheim, tiểu bang California. Sự kiện vô cửa tự do này sẽ không có mục thuyết trình trình trọng; thay vào đó, viên chức của các cơ quan đối tác quen thuộc với chương trình này sẽ có mặt để giải đáp những mối quan tâm và câu hỏi của bạn. Xin vui lòng cứ đến dự vào bất kỳ lúc nào trong khoảng thời gian từ 5g30 chiều đến 7g00 tối như đã được ấn định trước.

Chúng tôi đang cần bạn vì California mà hợp tác với chương trình này để diệt trừ loại côn trùng gây hại trước khi quá trễ. Nếu bạn không thể đến dự phiên họp quan trọng này và cần biết thêm thông tin, xin vui lòng liên lạc ĐƯỜNG DÂY NÓNG CÔN TRÙNG GÂY HẠI ở số (800) 491-1899 để được giúp đỡ thêm.

# Does the Rusty Skeleton finally have hope?

**GARDEN GROVE** » There is renewed hope that the so-called Rusty Skeleton — a long undeveloped, 90-foot-tall steel structure that can be seen from the 22 freeway — could spring to life after nearly a decade of dormancy.

A developer, AMG & Associate, has proposed turning it into a mixed-use development with senior-living units on the top and

retail on the bottom, City Manager Scott Stiles said.

AMG is working on environmental studies and finalizing plans before the proposal can go to the Planning Commission and eventually to the City Council.

"We're optimistic," said Bill Grant, the president of the Hoag Foundation, a nonprofit supporting the Boys & Girls Clubs of Gar-

den Grove and the property's owner. "It's a win for the community."

The structure, which many residents call an eyesore, is on Garden Grove Boulevard and Brookhurst Street, a half-mile from the 22 freeway. Plans for a mixed-use development were first approved by the city in 2005, with the steel shell of a building going up

shortly after.

Plans fell through and it has not been touched since 2009. Over the years, Hoag, financier and lease-holder Cathay Bank and a revolving door of developers have proposed various plans. But differing visions and legal entanglements kept those proposals from happening.

AMG bought the lease from Cathay and now controls the right to develop the land, Grant said. A lawsuit by Cathay against Hoag has been dropped.

"What's different this time," Stiles said, "is Hoag and AMG are on the same page."

The project, though, is still a ways off from a return to construction, he added.

Last month, AMG held a public meeting to receive feedback from nearby residents. AMG officials pitched a plan for an eight-story building with 400 affordable-housing units for seniors and 12,938 square feet of commercial space.

There would also be parking, a rooftop patio and open spaces.

Over the years, the community discussed tearing down the structure — with a demolition order continually put on hold by the City Council. Grant did not know how much the steel is worth, though he said it is "probably worth less than it cost to put it up."

The steel beams, despite being exposed to weather for years, are "structurally sound," Stiles said. AMG would use the structure in its designs, both Stiles and Grant said.

Having residential units would somewhat alleviate the city's housing crunch, Stiles and Grant said.

"Senior housing is desperately needed in Garden Grove," Grant said.

# *Saturday plans: a trio of activities in Garden Grove and Westminster*

Brainiac has always been a big fan of programs that bring life and human activity back to vehicle-dominated city streets, and this Saturday there's a great one taking place in Garden Grove near part of its border with Westminster.

**Peter  
Larsen**

ard Ave., Garden Grove.

The idea behind the event is to demonstrate how street improvements can make walking and biking safer and more fun. There will be a pop-up separated bike

lane on Hazard Avenue, as well as a bike and pedestrian neighborhood greenway. Other activities include a children's bike rodeo, giveaways, and bikes you can borrow. Activity stops along the route will let volunteers offer more information on how future

changes might make the streets more friendly and fun, and also allow participants a chance to provide their feedback on what they'd like their community to look like.

Redefine Hazard Avenue — which is entirely free — is sponsored by the cities of Garden Grove, Westminster and Santa Ana, as well as Orange County Public Works and the Southern California Association of Government's Go Human campaign.

For more information visit [Facebook.com/GoHumanSoCal](https://www.facebook.com/GoHumanSoCal).

Elsewhere in Garden

Grove on Saturday, the Garden Grove Amphitheater — formerly the Strawberry Fields Amphitheater — will continue its transformation into a venue for live original music.

The Monster Mash Halloween Music Festival will host 19 bands from noon until 10 p.m. on two stages renamed for the occasion as the Mausoleum Main Stage and the Spider Forest Side Stage. The event is organized by the Orange County Music League. Bands on the bill include No Swell, the Alienated, Nikki's Nervous Breakdown, Turnette's Syndrome, Dreams

of Vertigo, the North, Sapien, Gus McArthur, Bullets and Octane, Jon Haggerty, the Whining Pussies, Enhance, Mac Luster, Above So Below, Clouseaux, Chad Martini, Opposite Standard, FAKE — the Artist, and Brahms Third Racket. Given that it's a Halloween-themed festival you are, of course, encouraged to come in costume. Tickets are \$15 in advance, \$25 day of show, and all the information as well as ticket sales can be found at [OCML.us/monstermash](http://OCML.us/monstermash).

And, finally, our third pick for something to do on Saturday, a community

clean-up and BBQ at Liberty Park in Westminster.

The event runs from 9:30 a.m. to 1 p.m. at Liberty Park, 13900 Monroe St. You'll get to do some clean-up work — your good deed for the day! — but there will also be a jump house for the kiddos, a SWAT truck, the Westminster Police Department's bike team, and the department's popular police dog, K9 officer Pako.

All are welcome. Any questions? Feel free to contact Corporal Phuong Pham at 714-548-3755 or [ppham@westminster-ca.gov](mailto:ppham@westminster-ca.gov).

## Well-known GG biz owner passes

Tony Lalama was honored  
by city in 2009

Tony Lalama can best be described as a simple man with a formal style.

He was a family man, a businessman, and an everyman who enjoyed conversing with friends and clients.

Lalama was a fixture in the Garden Grove business community. He earned the city's Spotlight Business Award in 2009. The tailor shop he ran for more than 40 years — B&C Tailors in the Pavilion Plaza at Brookhurst and Chapman — was not just a place to make a living. It was a calling. Some of his clients called him an artist when it came to repairing and altering clothes.

On Oct. 10, as Tony got ready for another day of work, he collapsed in his home and died.

He is survived by his wife, four adult children, and four grandchildren.

He also leaves behind a clientele shocked and saddened by the news that the tailor they

considered a friend is gone so suddenly.

Lalama was born in Pacentro, Italy in 1939. He immigrated to the United States in 1955 with his parents and three brothers. His fourth and youngest brother would be born in the U.S.

His family settled in Youngstown, Ohio, where Lalama attended high school before joining the U.S. Army in 1963. Lalama served six years as an enlisted soldier and reservist, stationed mostly in Waco, Texas. During his time in the reserves he relocated to Westminster, where he met his wife Billie Jean Kincheloe.

The two were married on Nov. 12, 1966. By 1977, they had four kids and had moved into a Fountain Valley home they shared until his death.

Lalama loved his work. He loved his family and his friends and clients. He didn't need a lot, as his work and family filled

his life. When his children were young, Lalama took them bowling on weekends at Fountain Bowl near their home. When they lived in Westminster, his kids would get weekend trips for lunch at Pup & Taco.

Even after his kids moved out of the house, Friday night dinners at his home were a regular tradition. Later, his children would bring his grandchildren to the house for Friday night pasta. Lalama was a quiet man, but he could chew the fat with anyone. Many of his clients would stop by the tailor shop just to chat.

He would talk about business, Italy, sports, any number of topics. Having spent some of his teen years in Ohio, Lalama became a long-time and often suffering Cleveland Browns fan.

And Lalama enjoyed telling jokes. Often they were on the corny side, but the enthusiastic way with which he told them usually got a laugh. Lalama had an infectious smile when he talked and joked.

Lalama got his start in tailor-

ing as an apprentice in Italy, at the age of 11. After moving to Youngstown, he got another apprenticeship before joining the Army. After his stint in the Army, he went back into the business, eventually taking over ownership of B&C Tailors.

In recent years, Lalama toyed with retirement, but couldn't bring himself to give up the business he loved. When his children were young, Lalama enjoyed traveling with his family, but prior to the death of his parents, Carl and Anna, his only vacations were back to Ohio to visit them.

Lalama is survived by his wife Billie and children Angela Apodaca (spouse Ted), Marc (spouse Kathy), Renee Rettally (spouse James) and Larry. He also leaves behind four grandchildren, Dylan, 20, Madison, 18, Aidan, 14, and Emily, 4.

Lalama's life will be celebrated on Saturday, Oct. 21, at Heritage Dilday Chapel, at 17911 Beach Blvd. in Huntington Beach, starting at 4 p.m.

## Santa Ana developer unveils bid for Amazon's second headquarters

Developer Mike Harrah's plan, dubbed "Orange County Silicon City," includes a beefed-up proposal for redeveloping the Orange County Register's recently vacated 20-acre site on Grand Avenue, along with his still unbuilt One Broadway Plaza tower a mile away in downtown Santa Ana. It also calls for the redevelopment of the 102-acre Willowick Golf Course on Santa Ana's western edge. A light rail currently under development, the OC Streetcar, eventually would link all three sites, just over 3 miles apart. In all, the project would provide 5.7 million square feet of office space, 2.4 million square feet of retail and restaurants, 400 hotel rooms and nearly 4,500 apartment and condo units. If developer Michael Harrah gets his way, Santa Ana will become home to Amazon's enormous new second headquarters, repurposing three proposed development sites in the city into a 10 million-square-foot, high-tech hub.

The Santa Ana real estate tycoon recently unveiled plans to join Irvine and dozens of other suitors nationwide in wooing the online retail giant and the 50,000 well-paying jobs such a project will bring.

Harrah's plan, dubbed "Orange County Silicon City," includes a beefed-up proposal for redeveloping the Orange County Register's recently vacated 20-acre site on Grand Avenue, along with his still unbuilt One Broadway Plaza tower a mile away in downtown Santa Ana.

It also calls for the redevelopment of the 102-acre Willowick Golf Course on Santa Ana's western edge. A light rail currently under development, the OC Streetcar, eventually would link all three sites, just over 3 miles apart.

In all, the project would provide 5.7 million square feet of office space, 2.4 million square feet of retail and restaurants, 400 hotel rooms and nearly 4,500 apartment and condo units.

"It fits everything they're looking for," Harrah said. "I've answered everything that they need, including 10 million square feet."

Harrah's bid pits Santa Ana against Irvine and perhaps close to 200 other communities vying to lure Amazon to their region.

The competition is tough. Contenders include the likes of New York City, Boston, Chicago, Baltimore, St. Louis, Minneapolis-St. Paul, Dallas-Fort Worth and Los Angeles.

The rush for Amazon gold began Sept. 7 when the company announced a competitive site selection process for a second corporate headquarters that will be "a full equal" to its current home — an 8.1 million-square-foot complex set in 33 buildings in downtown Seattle.

The company opened the competition to all of North America.

Amazon officials said they're looking for a metro area with at least a million people, a business-friendly environment, a large pool of technical talent, access to mass transit and major highways with an international airport no more than 45 minutes away. Amazon's request for proposals also seeks amenities preferred by young professionals, such as recreational and educational opportunities and "an overall high quality of life."

The company also is seeking a generous package of incentives.

In exchange, the business plans to spend \$5 billion or more developing its new "HQ2" over 15 to 17 years. Proposals are due Oct. 19.

Within minutes of announcing the offer, Orange County's biggest land developer, Irvine Co. Chairman Donald Bren, issued a statement saying his firm will work with Irvine officials to identify specific plans and locations for Amazon to consider. The Irvine City Council soon voted to support that effort.

Details of the Irvine plan haven't been divulged, but the Irvine Co. has nearly 600,000 square feet of office space under construction in its "Next Gen" projects near the Irvine Spectrum Center. The bulk of its newest 20-story office tower, the 428,000-square-foot 400 Spectrum Center, also remains available.

The Orange County Business Council and the Irvine Chamber of Commerce launched efforts to unite Orange County behind the Irvine offer, with the OCBC seeking letters of support from all 34 cities in the county.

"Landing the headquarters of a cutting-edge technology behemoth disrupting the global economy is exactly what Orange County needs as the next step in our community's social, cultural and economic evolution," stated an opinion piece co-authored by business council CEO Lucy Dunn, former Chapman University President Jim Doti and Register Opinion Editor Brian Calle.

Harrah's "Silicon City" proposal threatens to divide Orange County, pulling support from the cities of Santa Ana and Garden Grove, which owns the Willowick Golf Course.

But Harrah — the colorful, 6-foot-6 motorcycle-riding former construction worker with a Santa Claus beard — boasts that larger, less affluent Santa Ana trumps Irvine because it's more urban, more cutting-edge and is located slightly closer to Los Angeles International Airport.

"There are things you don't have in Irvine. Irvine is surrounded by suburbia," Harrah said in a phone interview. "Millennials aren't looking for that."

Santa Ana Mayor Miguel Pulido likewise hailed the proposal to bring Amazon to his city.

"It's going to be a strong package," Pulido said. "We're showing the streetcar as a strong link. The other connector that we're making is the Metrolink, which connects to Orange and Anaheim."

Amazon's proposal encourages states and regions to work together on one proposal per metro area. But the business council's Dunn and Irvine Mayor Don Wagner both were diplomatic about Harrah's entry into the competition. Wagner said in an email both proposals "will somewhat reinforce each other."

"The region has significant advantages and, to the extent Santa Ana can harness those advantages, then it, too, can offer a competitive application," Wagner said. "That said, I am also quite confident in the strength of our own application."

Dunn said every city in the county will benefit regardless of which proposal wins. "This is a moment of great pride for all of us," she said.

Dunn noted, however, that Irvine's strengths include 900 high-tech businesses located in a master-planned community that's "designed for growth."

Both Irvine and Santa Ana share one common drawback with others seeking to make pitches in California, said Southern California economist Christopher Thornberg: A lack of geographic diversity.

Noting that Amazon CEO Jeff Bezos owns the Washington Post, Thornberg speculated that he wants to be in or near Washington D.C.

"Why would they come here?" asked. "My thought is (Bezos) would want to be on the East Coast."

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that a Public Hearing will be held by the City of Garden Grove City Council on Tuesday, October 24, 2017, at 6:30 p.m., or as soon thereafter as the matter may be heard at the Community Meeting Center, 11300 Stanford Avenue, Garden Grove, California 92840, for the purposes of considering and taking action on an Agreement Regarding Opening, Operating, and Other Covenants relating to the granting of an Economic Development Subsidy, as that term is defined in Government Code Section 53083(g)(1), to Garden Grove Automotive Inc., a California Corporation, with respect to establishment of a KIA Dealership at 13731 Harbor Boulevard, Garden Grove, California. The information required to be provided by Government Code Section 53083(a) is posted on the City of Garden Grove website at [www.ci.garden-grove.ca.us](http://www.ci.garden-grove.ca.us) and is available for inspection or copying at the City Clerk's Office in City Hall, 11222 Acacia Parkway, Garden Grove, California, 92840, during regular business hours, Monday through Thursday, 7:30 a.m. to 5:30 p.m., and Friday, 7:30 a.m. to 5:00 p.m. (except those Fridays, when City Hall is closed). This information will remain available on the City of Garden Grove website during the entire term of the "Economic Development Subsidy," if approved by City Council.

Pursuant to Government Code Section 53083, the purpose of the Public Hearing is to receive testimony regarding the proposed Economic Development Subsidy and the Agreement Regarding Opening, Operating, and Other Covenants. All interested persons or organizations may attend this Public Hearing at which the City Council will receive oral and written testimony about the Economic Development Subsidy and the Agreement Regarding Opening, Operating, and Other Covenants. Any interested persons or organizations may submit written comments on the proposed Agreement to the City Clerk's Office, City Hall, 11222 Acacia Parkway, P.O. Box 3070, Garden Grove, California, 92842, prior to the Public Hearing. Written correspondence received before 3:00 p.m. on the Wednesday before the Public Hearing will be given to the City Council prior to the meeting.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, contact the City Clerk's Office at (714) 741-5040. Notification by Noon on Thursday, October 19, 2017, will enable reasonable arrangements to assure accessibility to this meeting. Further information regarding the proposed Economic Development Subsidy and the Agreement may be obtained by contacting Greg Blodgett, Sr. Project Manager, at (714) 741-5124.

**GARDEN GROVE TẠM THỜI ĐÓNG CỬA CÔNG VIÊN  
DÀNH CHO CHÓ (DOG PARK) ĐỂ SỬA SANG**

Thành phố Garden Grove sẽ tạm thời đóng công viên dành cho chó (dog park) để sửa chữa, tân trang bắt đầu từ Thứ Hai, 16 tháng 10, 2017 đến dự kiến vào khoảng giữa tháng 11 năm 2017. Công viên dog park nằm tại địa điểm 13601 Deodara Drive, trong khu Garden Grove Park.

Khu vực sẽ được tân trang bằng cách thay các hàng rào mới, lát cỏ mới và thay các thùng rác xử lý chất thải của chó.

Được khai trương vào năm 2009, công viên chó có khu vực riêng biệt cho các loại chó nuôi trong nhà.

Để biết thông tin cập nhật về dự án, hãy truy cập trên Facebook tại Garden Grove City Hall.

Để biết thêm thông tin, xin liên lạc với Patricia Hayes, Giám sát công trình, tại (714) 741-5375.

### **ĐĂNG KÝ GIẤY PHÉP CHO XE DÃ NGOẠI (XE RV) BẮT ĐẦU NGÀY 1 THÁNG 11**

Tại phiên họp Hội đồng Thành phố Garden Grove vào ngày Thứ Ba, 10 tháng 10, 2017, các Thành Viên Hội Đồng Thành Phố đã chấp thuận áp dụng đăng ký giấy phép đối với các xe dã ngoại (xe RV) bắt đầu vào Thứ Tư, ngày 1 tháng 11, 2017. Các giấy phạt cảnh cáo nếu ai vi phạm pháp lệnh sẽ bắt đầu vào Thứ Hai, 16 tháng 10, 2017, cho đến Thứ Ba, 31 tháng 10, 2017.

Ngoài ra, Hội đồng Thành phố Garden Grove thông qua một nghị quyết phạt tiền đối với những ai vi phạm pháp lệnh. Vi phạm đầu tiên sẽ bị phạt tiền \$108; vi phạm lần thứ hai trong vòng một năm kể từ lần vi phạm đầu tiên sẽ là \$208; và vi phạm lần thứ ba trong vòng một năm kể từ lần vi phạm đầu tiên và mỗi lần sau đó là \$508.

Pháp lệnh Quy định đậu xe RV (RV Parking Regulations Ordinance) đã được thông qua vào Thứ Ba, 22 Tháng Tám, 2017. Pháp lệnh yêu cầu các xe RV đậu trên đường phố công cộng và tư nhân phải xin giấy phép miễn phí được cấp từ Thành phố.

Hệ thống đăng ký trực tuyến dành cho các xe dã ngoại (xe RV) trên đường phố công cộng và tư nhân đã sẵn sàng trên trang mạng. Để đăng ký xe của quý vị thông qua hệ thống tự động miễn phí, hãy truy cập trang [www.garden-grove.org/rvpermit](http://www.garden-grove.org/rvpermit).

Các chủ nhân xe dã ngoại (xe RV) cũng có thể tới đăng ký trực tiếp tại Garden Grove City Hall, tọa lạc tại số 11222 Acacia Parkway. Khi đăng ký cần mang theo giấy tờ chứng minh nơi cư ngụ, bằng lái xe, địa chỉ email, và biển số xe.

Theo quy định mới, cư dân có thể yêu cầu 12 giấy phép đậu xe không liên tiếp trong 72 giờ với mục đích duy nhất là chất đồ lên xe và dỡ đồ xuống (loading/unloading) trước và sau chuyến đi. Cư dân có thể xin giấy phép không quá 7 ngày và tối đa chỉ cấp 6 giấy phép không liên tiếp trong một năm dương lịch bất kỳ cho mỗi địa chỉ, và phải cách nhau tối thiểu một ngày.

Giấy phép hợp lệ sẽ chỉ cho phép các xe RV đậu trước địa chỉ của người cư trú nộp đơn xin giấy phép. Quy định sẽ không ảnh hưởng đến những xe RV đậu hoàn toàn trên phần đất/phần driveway của người chủ nhà.

Để biết thêm thông tin, vui lòng truy cập [www.garden-grove.org](http://www.garden-grove.org) hoặc gọi (714) 741-5100.

The League of California Cities® is now accepting session proposals for the 2018 Mayors & Council Members Executive Forum taking place June 27–28 in Monterey. *For more, see Page 4.*

**'Strategic Planning' Continued from Page 1...**

Specifically, the process is designed to yield a plan for the organization that will inform how the League can:

- Continue to build and cultivate a strong and engaged membership;
- Leverage its activities to their fullest potential;
- Grow strategically in terms of reach and impact;
- Increase awareness and coverage of the League's work among priority audiences;
- Position the League to potentially diversify and secure additional funding; and
- Ensure the League is aligned and organized to support the successful implementation of the plan.

"I'm excited to begin this work, which I know will have a lasting impact on the League for years to come," said Garbarino.

The year-long strategic planning process will be guided by a task force, chaired by Garbarino, that will spend the next year surveying, interviewing and listening to League members. The task force will present its final strategic plan recommendations to the League Board of Directors next summer.

Last week, Garbarino appointed the following group of diverse city leaders from throughout the organization to serve on the task force:

- Rich Garbarino, 2017-2018 League president (chair), council member, South San Francisco;
- Mark Kersey, League first vice president, council president pro tem, San Diego;
- Jan Arbuckle, League second vice president, council member, Grass Valley;
- JoAnne Mounce, League immediate past president, council member, Lodi;
- Walt Allen, mayor pro tem, Covina;
- Rachelle Arizmendi, mayor, Sierra Madre;
- Michelle Bagneris, city attorney/city prosecutor, Pasadena;
- Randy Breault, public works director, Brisbane;
- Ross Chun, council member, Aliso Viejo;
- Tony Dahlerbruch, city manager, Palos Verdes Estates;
- Larry Forester, council member, Signal Hill;
- Randi Johl, city clerk, Temecula;
- Kirsten Keith, mayor, Menlo Park;
- Randon Lane, council member, Murrieta;
- Jim Lewis, city manager, Pismo Beach;
- Polly Low, mayor, Rosemead;
- L. Dennis Michael, mayor, Rancho Cucamonga;
- Jorge Morales, council member, South Gate;
- Edward Neal, mayor pro tem, Lemoore;
- Lydia Romero, city manager, Lemon Grove;
- Ana Maria Quintana, vice mayor, Bell;
- David Sander, council member, Rancho Cordova;
- Esmerelda Soria, council vice president, Fresno;
- Barb Stanton, council member, Apple Valley;
- Kurt Wilson, city manager, Stockton;
- Carolyn Coleman, executive director, League of California Cities; and
- Kristine Guerrero, regional public affairs manager, League of California Cities.

"As I approach the end of my first year as the League's executive director, I look forward to this process getting underway," said Carolyn Coleman. "The League has a long history of being a strong and effective advocate for California cities, and this process will afford us a new opportunity to capitalize on our untapped potential and strengthen our effectiveness; the task force will be vital to the success of the process."

The seven standing policy committees are:

- Community Services: This committee is concerned with issues related to childcare, parks and recreation, libraries, cultural arts and community and human services programs.
- Environmental Quality: This committee is concerned with all aspects of air and water quality, solid waste and recycling, hazardous materials, coastal issues, noise pollution, and CEQA. In addition, the committee is concerned with the issues related to energy and utilities.
- Governance, Transparency and Labor Relations: This committee reviews state legislation as it relates to transparency, technology (open data), healthcare, elections and political reform. Additionally the committee oversees pension and workers compensation reform as well as other labor related issues.
- Housing, Community and Economic Development: This committee is concerned with building regulations and code enforcement, community and economic development, urban renewal, housing, planning, zoning, incorporation, annexation and redevelopment.
- Public Safety: This committee is concerned with law enforcement, fire and life safety policies including emergency communications, and emergency services including ambulance and disaster preparedness.
- Revenue and Taxation: This committee is concerned with finance administration, taxation reform, revenue needs and revenue sources at the federal, state and local levels.
- Transportation, Communication and Public Works: This committee is concerned with issues of transportation funding, construction, public works, telecommunications, and other related areas.

Over 400 elected and appointed city officials serve on these committees and directly participate in establishing League policy. They add their collective expertise, wisdom and opinions to the debate that is the foundation of League policy.

Policy committee recommendations are forwarded to the board of directors. The time commitment involves three to four meetings, beginning in January and ending at the League's Annual Conference in the fall. Meeting locations rotate from statewide from northern to southern California locations.

### **How to Join a League Policy Committee**

There are several ways to become a member of a policy committee. All policy committee appointments end at the conclusion of each year's annual conference. Reappointments are not automatic and must be requested annually.

League divisions, departments affiliate presidents make appointments to each of the committees. Each division has two appointments. Each department has one appointment. The deadline to request a department or division appointment is Oct. 20. Please contact your division or department president with your request.

The League president may appointment up to 16 members to each policy committee.

Nov. 17 is the deadline to request a presidential appointment. If you are an elected or appointed city official and have previously determined that your division and department appointments were filled, you may contact the League president in writing to request a presidential appointment.

Submit your request via mail, email or fax to the League. Do not send the request directly to the League president. Email requests are suggested.

Please direct your request to Meg Desmond.

**'Proposals' Continued from Page 1...**

This two-day conference is for California mayors and council members of all tenures and focuses on current issues and timely topics that will assist officials in their daily roles and operations within their city.

Submit proposals through the [online proposal form](#) by Monday, Nov. 27 for consideration by the Executive Forum Program Planning Committee. There is a word limit within the title and description of each proposal. Proposals should be written in a word processing program first and then pasted into the online tool.

Submissions, non-commercial in nature, from any individual, group, business or organization, on any topic are welcome. The committee will consider the educational value of each proposal and the extent to which it presents new or significant information. Sessions may not include sales, commercialism or product promotion of any kind.

If you have any additional questions about this event, please contact [Jennifer Whiting](#).

Visit the [Mayors and Council Members Executive Forum](#) webpage for additional information.

## **Governor's Final Actions Include Veto of Telecom Bill**

*Governor Signs 21 of League's 24 Requested Signatures; Vetoes 2 of 10 Requests*

Gov. Jerry Brown finished his work on Sunday night signing and vetoing legislation sent to him by the Legislature in 2017. In addition to the transportation infrastructure funding package that was approved in April, the outcome of the Governor's final actions was mostly positive for cities, with the Governor agreeing with the League's position 68 percent of the time.

Major positives for the League this year were his signature on housing bills including affordable housing funding in SB 2 (Atkins) and SB 3 (Beall), streamlined planning in League-sponsored SB 540 (Roth) and an incentive-based option in AB 73 (Chiu), and restoring inclusionary zoning options with AB 1505 (Bloom). The League also appreciates his signature on SB 5 (de León), the park and water bond.

While over 300 cities opposed SB 649 (Hueso), the telecom bill, the Governor's decision was uncertain until midnight on Sunday, Oct. 15. City officials were relieved to discover the Governor vetoed the measure stating: *"I believe that the interest which localities have in managing rights of way requires a more balanced solution than the one achieved in this bill."* The League thanks the Governor for recognizing the value of local authority in this important policy area. We also thank the many legislators who abstained or voted against the bill.

Disappointments included the Governor's veto of AB 1408 (Calderon), which sought to improve public safety through better management of ex-offenders subject to post-release community supervision. The Governor additionally signed AB 1069 (Low), which rolls back local authority to properly regulate taxis, and SB 182 (Bradford), limiting local licensing authority for drivers of transportation network companies. Several measures that revise the existing land use planning process in ways that add to its complexity were also signed.

The following is a list of bills sent to the Governor at the end of the legislative session upon which the League requested a signature or veto. Ultimately, the Governor signed 21 of the League's 24 requested signatures and vetoed two of the 10 requests. Given that many of the bills on the Governor's desk relate to housing/land use planning, for ease of tracking they have been identified with an asterisk (\*). Higher priority bills for the League were marked HOT.

For more information on legislative language, the League's position or the Governor's veto letters please enter the bill number in the League's [bill search](#). The League thanks city officials for all of their contributions to legislative advocacy during the 2017 session.
