

City Works

THE CITY OF
Garden Grove
AUGUST/SEPT 2017

City Welcomes
**STEEL
CRAFT**
to Downtown Area

Garden Grove's downtown area will see some big changes in the next year as the Garden Grove City Council unanimously approved a ground lease agreement, at 12900 Euclid Street, with SteelCraft Long Beach, LP.

SteelCraft Garden Grove will be designed as an outdoor, urban eatery built primarily out of recycled metal shipping containers. Businesses will include boutique eateries, a brewery, wine vendor, micro-retail space, incubator space, and communal dining areas.

The SteelCraft concept sets forth values that consist of restoration, the celebration of local craft and artisans, and community engagement. These components reinforce the City's commitment to the Re:Imagine Garden Grove initiative to transform the downtown and Civic Center area.

For more information, visit www.garden-grove.org.

GARDEN GROVE
— IS YOUR —
Market

Garden Grove is your market for incredible food and flavor from every corner of the world! At your next get together, offer your guests a taste they'll never forget from one of our local eateries.

For more details, visit www.garden-grove.org.

BLACK FRIDAY

— goes —

Garden Grove shoppers: gear up for a chance to win BiGG money starting on the biggest shopping day of the year, Black Friday, November 24, 2017, through Friday, December 15, 2017. Every \$50 in total register receipts from any Garden Grove business provides opportunities to win \$500 cash! Learn how you can win BiGG by saving your receipts this upcoming holiday season. Visit www.garden-grove.org or call (714) 741-5280.

Swing into Fall at WILLOWICK GOLF COURSE

Rediscover a classic! Willowick Golf Course, just five-miles west of Disneyland, offers all the amenities for novice to expert golfers.

Book a tee-off time online by visiting www.willowickgolf.com or call (714) 554-0672.

As the summer ends and fall begins, we'd like to remind drivers to stay alert at all times and adhere to traffic rules and regulations.

Watch for pedestrians and bicyclists crossing the street and never drive distracted.

WEST NILE VIRUS PREVENTION

The City and Orange County Mosquito and Vector Control District are working together to prevent the spread of West Nile Virus and Zika Virus. Protecting yourself from mosquito bites by eliminating mosquito breeding sites, such as standing water, and taking personal safeguards can help prevent being bitten by mosquitoes.

For more details, visit www.ocvector.org or www.garden-grove.org.
