## *Citrus Pest & Disease Prevention Program*

A plant disease that kills citrus trees has been found in Orange County. The disease, called Huanglongbing or citrus greening disease, isn't harmful to humans, but it is fatal for citrus trees and has no cure. The disease is spread by a pest called the Asian citrus psyllid as it feeds on citrus tree leaves. Garden Grove homeowners who enjoy growing fresh citrus fruit in their yards are encouraged to find out how to protect their trees by visiting [californiacitrusthreat.org](http://californiacitrusthreat.org)

## 30TH GATHERING FOR GARDEN GROVE'S FALLEN FIVE POLICE OFFICERS

Recently, law enforcement personnel from all counties joined with Garden Grove's finest, along with the community, to pay tribute to Garden Grove's "Fallen Five" police officers.

For three decades, the "Call to Duty" Garden Grove Police Memorial has honored the ultimate sacrifices of Sergeant Myron L. Trapp, Officer Andy Reese, Officer Donald F. Reed, Officer Michael Rainford, and Master Officer Howard Dallies, Jr.

A special, 19-minute documentary film, entitled, "Fathers, Husbands, Brothers, Friends," and produced by the City's award-winning GGTV3 Cable team highlighted this year's 30th Annual Call to Duty Police Memorial, and can be found at [youtube.com/gardengrovetv3](http://youtube.com/gardengrovetv3). For photos and video of the event, check out Garden Grove Police Department on Facebook.
